Independent Auditor's Report

The Plan Administrator
Advance 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Advance 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As described in Note 2 of the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Advance 401(k) Plan

Notes to Financial Statements

1. Description of the Plan and Nature of Operations

The following description of the Advance 401(k) Plan (the Plan) of Advance Publications, Inc. (the Company, the Plan Sponsor, or Plan Administrator) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Merger

Effective January 1, 2023, Examsoft Worldwide, Inc. 401(k) Plan, maintained by an affiliate of the Company, merged into the Plan via a plan merger amendment. As a result of the merger, net assets of \$8,627,410 of the Examsoft Worldwide, Inc. 401(k) Plan were transferred to the Plan.

General

The Plan is a 401(k) defined contribution plan for the benefit of employees of the Company and controlled group of companies and its affiliates. The Plan was adopted effective April 15, 2011 and has since been amended from time to time thereafter. Effective September 1, 2018, the Plan changed from a single-employer plan to a multiple-employer plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Investment assets of the Plan are maintained under a trust agreement with Fidelity Management Trust Company (the Trustee), and the Plan's recordkeeping administrative services are provided by Fidelity Workplace Services LLC (collectively, Fidelity). All investment and participant loan transactions are executed by Fidelity at the direction of, and for the exclusive benefit of, participants under the Plan. The Plan uses a pre-approved volume submitter plan document sponsored by Fidelity and was most recently amended and restated effective as of December 1, 2021.

Effective January 1, 2022, the Plan was amended to add Ironman Foundation as a participating employer.

Effective January 10, 2022, the Plan was amended to provide an elective deferral limit of 75% for certain participating employers.

Effective January 1, 2023, the Plan was amended to revise provisions applicable to certain collectively bargained employees.

Effective June 7, 2023, the Plan was amended to remove 1010data Services, LLC as a participating employer.

Participants' Accounts

Each participant's share of the Plan's assets is recorded in an account established for that participant. Each participant's account is credited with the participant's contribution, if any, and the participant's share of the Company's contribution, adjusted to reflect income and expenses, realized gains and losses, and unrealized appreciation or depreciation in the value of the Plan's assets. All contributions are invested based on participant direction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Advance 401(k) Plan

Notes to Financial Statements

Participants may elect to divide their contributions or initiate a transfer among the investment fund options in whole increments of 1% on a daily basis, subject to certain restrictions. A self-directed brokerage account option is also available to allow participants to select mutual fund investment options not specifically offered by the Plan. An eligible participant may elect to suspend or resume his or her contributions, subject to the Plan's notice requirements. Changes requested by participants are implemented as soon as administratively practicable, in accordance with the Plan document.

Contributions

Under the Plan, the applicable contribution rates and matching contribution rates differ by division. Eligible employees, as defined in the Plan document, may, at their option, contribute up to certain percentages, depending upon divisions, each year of their eligible pre-tax compensation, subject to certain Internal Revenue Code (IRC) limitations, into any of the available investment elections. The Plan document provides for the Company to make nondiscretionary matching contributions, and permits a discretionary nonelective contribution and a discretionary matching employer contribution to be determined annually based on division. The Company made nondiscretionary matching contributions ranging from 1.5% to 8.0% of compensation for all eligible participants and discretionary matching employer contributions of 1.0% to 8.0% of compensation for all eligible participants during the Plan year ended December 31, 2023.

All newly hired or rehired full-time employees are automatically enrolled in the Plan. The default pre-tax contribution rate is 3% to 5%, depending on the division, and is implemented following notification to the participant, in accordance with the Plan Sponsor's administrative procedures. These employees can elect to participate at a different rate, or opt out of the Plan, and their future contribution rates will be adjusted as soon as practicable.

Participants may also choose to make contributions on an after-tax basis through a Roth 401(k) option. Roth contributions are made in lieu of all or a portion of the pre-tax contribution the participant is otherwise eligible to make under the Plan. Contributions and earnings for the Roth 401(k) option are not subject to taxation at the time of distribution, as long as the distribution is a qualified distribution due to termination of service, death, disability, or after reaching age 59½.

A participant who has made the maximum amount of permitted deferral contributions for a Plan year, and who has attained or will attain age 50 during such Plan year, may elect to make additional catch-up contributions. Catch-up contributions will be considered elective deferral contributions for all purposes under the Plan, except that catch-up contributions: (a) will not be subject to the percentage contribution limitations, and (b) will not exceed \$7,500 for 2023.

Rollover Contributions and Transfers

The Plan permits active participants to have their interests in other qualified plans rolled over to the Plan, or to make rollover contributions into the Plan from a conduit individual retirement account (IRA), which holds amounts attributable solely to a rollover from another qualified plan. In addition, the Plan permits for direct transfers of participant accounts for employees in businesses that were acquired by the Company. Such transfers or rollovers to the Plan may only be made with the approval of the Plan Administrator and do not affect any other contributions made by or on behalf of a participant.

Advance 401(k) Plan

Notes to Financial Statements

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$1,950,262 and \$2,083,344, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2023, employer contributions were reduced by \$1,829,229 using forfeited nonvested accounts.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon.

Vesting in the Company's contributions and related earnings is based on the vesting schedule for the applicable division, as defined in the Plan document.

Payment of Benefits

Upon retirement at normal retirement age, as defined, death, or termination of service, a participant's vested interest in the Plan becomes payable to the participant (or his or her assigned beneficiary in the case of death). A participant may elect to receive benefit payments in periodic installments, a lump-sum amount, or as a direct rollover contribution to an IRA or an eligible retirement plan of all or part of the payment. Withdrawals prior to attaining retirement age are not permitted except for in-service withdrawals after reaching the age of 59½, or in the event of termination or disability, for a qualified birth or adoption, or as a hardship distribution. Upon proof—to the satisfaction of the Plan Administrator and in compliance with the IRC—of an immediate and heavy financial need, certain amounts contributed may be withdrawn for hardship purposes. Certain income tax penalties may apply to withdrawals or distributions prior to retirement age.

Notes Receivable from Participants

Subject to approval by the Plan Administrator, participants may have two loans outstanding at one time: a general-purpose loan and a home purchase loan, or two general-purpose loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 (reduced by the participant's highest outstanding loan balance during the preceding 12-month period), or (b) 50% of the vested portion in the participant's account. The loans are secured by the balance in the participant's account. Such borrowings generally must be repaid (through payroll deductions) within five years (or ten years when it is for the purchase of a principal residence). All loans have interest at a rate fixed by the Plan Administrator based on the interest rate currently being charged for loans of comparable size, risk, and maturity when the application for the loan was approved. Notes receivable from participants bore interest at rates ranging from 3.25% and 9.00% as of December 31, 2023, and 3.25% and 7.50% as of December 31 2022, with maturity dates through 2034 for December 31, 2023 and 2022. Notes receivable from participants at December 31, 2023 and 2022 amounted to \$10,223,979 and \$9,251,704, respectively, and represent unpaid principal balance.

Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect

Advance 401(k) Plan

Notes to Financial Statements

participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting under which contributions are recorded when received, investment income is recorded when collected, and benefit payments and expenses are recorded when paid. Investments are adjusted to fair value. The modified cash basis of accounting is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements on the modified cash basis requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets, additions to net assets, deductions from net assets, and disclosures of contingent liabilities, if any. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for a discussion of fair value measurements.

The Fidelity Managed Income Portfolio II, a common/collective trust fund, is a Stable Value Fund that is a commingled pool of the Fidelity Trust for Employee Benefit Plans. The fund may invest in fixed interest insurance investment contracts or Guaranteed Investment Contracts (GICs), money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

See Note 4 for further information concerning the Fidelity Managed Income Portfolio II.

The Fidelity Managed Income Portfolio II is presented at fair value, which represents net asset value (NAV) of the fund at contract value, as contract value is the amount that participants will receive under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when collected. The Plan's investment assets are not guaranteed as to principal or interest, and their values vary depending upon the performance of the underlying investments.

Payment of Benefits

Benefits are recorded when paid.

Advance 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Investment management, investment advisory fees, and certain administrative fees of the Plan are paid from the assets of the Plan. Participants are charged for a portion of the cost to administer the Plan, including the recordkeeping, accounting, legal, and Trustee services, and other administrative services, which are deducted automatically from the participant's account. Participants are also charged for certain transactions, such as the processing of a loan. Certain other administrative and advisory fee expenses in 2023 were paid by the Company.

Certain investment fees and transaction-based fees are paid within the funds held by the Plan. These fees are deducted from income earned on a daily basis and are not separately reflected. Consequently, these fees are reflected as a reduction of investment return for such investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

The fair value of an asset or liability is based on the assumptions that market participants would use in pricing the asset or liability. Valuation techniques consistent with the market approach, income approach, and/or cost approach are used to measure fair value. The Plan follows a three-tiered fair value hierarchy when determining the inputs to valuation techniques. The fair value hierarchy prioritizes the inputs to valuation techniques into three broad levels in order to maximize the use of observable inputs and minimize the use of unobservable inputs. The levels of the fair value hierarchy are as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of assets or liabilities whose significant value drivers are unobservable.

The following is a description of the valuation methodologies for the Plan assets measured at fair value:

Registered Investment Company Mutual Funds - These assets are valued at the NAV of shares held by the Plan at year-end. Mutual funds are quoted and redeemable daily, and exchange-traded funds may be traded at any time on the exchange that they primarily trade. There are no restrictions on redemptions; however, a fee may be charged if the Plan only holds the security for a short period of time. Mutual funds are classified as Level 1 investments.

Advance 401(k) Plan

Notes to Financial Statements

Self-Directed Brokerage Account - The Plan offers a brokerage option, BrokerageLink, whereby participants can elect to invest their Plan accounts in numerous publicly traded securities and mutual funds not offered directly by the Trustee. The Plan's investments in cash, mutual funds, and corporate stocks within the BrokerageLink accounts are valued at unadjusted quoted prices in active markets.

Common/Collective Trust Funds - Common/collective trust funds are valued at the NAV as determined by the respective collective trust fund as of the valuation date, which approximates fair value. The NAV is based on the fair value of the underlying investments held by each fund, less its liabilities. A daily NAV is available from the issuer. Common/collective trust funds are classified as Level 1 investments.

Stable Value Funds - Investments in stable value funds are valued at fair value based on the NAV of the shares held by the Plan at year-end, which represents contract value. The stable value funds use independent pricing services approved by the Trustee to value its investments. When current market prices or quotations are not readily available or reliable, valuations may be determined in good faith in accordance with procedures adopted by the Trustee. Factors used in determining value may include market or security specific events, changes in interest rates, and credit quality. The stable value funds are classified as a Level 2 investment.

There were no changes in methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value on a recurring basis:

December 31, 2023

5. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment company mutual funds, a self-directed brokerage account, common/collective trust funds, or stable value funds managed by Fidelity, which is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Tax Status

The Plan has adopted a volume-submitter plan document that received an Internal Revenue Service (IRS) advisory letter, dated June 30, 2020, stating that the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan document has been amended since receiving the determination letter. In the opinion of the Plan Administrator, the Plan and its underlying trust are currently designed and have operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2023, there were no uncertain tax positions that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its participation, subject to the provisions of ERISA. In the event the Company terminates the Plan, participants become fully vested in their accounts, and the assets of the Plan will be distributed to the participants in accordance with the provisions of ERISA.

Notes to Financial Statements

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2023	2022
Net Assets Available for Benefits , per the financial statements	\$ 1,539,812,385	\$ 1,351,678,952
Adjustment from fair value of the stable value funds to contract value of the underlying investments	(3,480,709)	(5,347,528)
Net Assets Available for Benefits , per Form 5500	\$ 1,536,331,676	\$ 1,346,331,424

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2023
Net Increase , per the financial statements	\$ 179,506,023
Net change in adjustment from fair value of the stable value funds to contract value of the underlying investments	1,866,819
Net Increase in Net Assets Available for Benefits , per Form 5500	\$ 181,372,842

The Plan's investment in the stable value funds is recorded at the contract value of the underlying investments of the stable value funds on the Form 5500 and at fair value in the Plan's financial statements.

9. Late Remittances

During 2023, employee withholdings in the amount of \$740 were not remitted within the appropriate time period by the Company. In prior years, employee withholdings in the amount of \$576,058 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The Company has taken the appropriate steps to correct the situation and has further implemented procedures designed to mitigate the risk of untimely remittances.

10. Contingencies

From time to time, lawsuits or claims have been or may be asserted against the Plan. The outcome of any litigation cannot be predicted with certainty by the Plan, the Plan Sponsor, or Plan fiduciaries. However, the Plan Administrator does not believe that the ultimate outcome of any such pending matters is likely to have a material adverse effect on the Plan's net assets available for benefits.

11. Subsequent Events

Effective January 1, 2024, the Plan was amended with respect to the eligible classes of employees at World Triathlon Corporation, and to reflect a change in corporate name and tax ID of a participating employer.

Advance 401(k) Plan

Notes to Financial Statements

For the purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to December 31, 2023 and through October 14, 2024, the date on which the financial statements were available to be issued, and has determined no other such subsequent events have occurred that would require adjustments or disclosures as stated herein.
