Board of Directors
Southern Energy Management, Inc. 401k Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Southern Energy Management, Inc. 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHERN ENERGY MANAGEMENT, INC. 401K PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the Southern Energy Management, LLC (the “Company”) 401k Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees who have completed three months of service with the Company, and are age 18 or older are eligible to participate in the Plan. Employees can enter the Plan on the first day of any month in the plan year after satisfying eligibility requirements.

As of December 31, 2023, and for the period from September 1, 2023 to December 31, 2023, Reliance Trust Company served as the Plan’s trustee (the “Trustee”) and ADP, LLC served as the Plan’s recordkeeper. For the period from January 1, 2023 to August 31, 2023, and as of and for the year ended December 31, 2022, John Hancock Life Insurance Company (U.S.A.) served as the Plan’s custodian (the “Custodian”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions

Each year, participants may contribute up to 90% of their total eligible compensation as defined in the Plan on pretax and Roth bases, up to an amount that will not exceed the maximum annual contribution allowed by the Internal Revenue Code (“IRC”). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified plans.

Effective August 1, 2023, the Plan adopted an automatic enrollment feature, whereby newly hired employees will be automatically enrolled in the Plan when the employee first becomes eligible to participate. The automatic elective deferral contribution is 2% of compensation. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions.

SOUTHERN ENERGY MANAGEMENT, INC. 401K PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN (continued)

The Company's employer matching contributions and non-elective employer contributions are discretionary. Effective January 1, 2023, the Company established a discretionary matching contribution equal to 2.5% of eligible compensation. There were no non-elective employer contributions made to the Plan during the 2023 Plan year. Total contributions are subject to Plan and Internal Revenue Service ("IRS") limitations.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, if any, and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The non-elective employer contributions and employer matching contributions vest on a schedule as follows:

Years of Service for Vesting Purposes	Percentage Vested
Less than 1	0%
1	33%
2	66%
3 or more	100%

A year of vesting service is defined as working at least 1,000 hours of service during the plan year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. During 2022 and for the period from January 1, 2023 to July 31, 2023, loan terms ranged from one to five years and up to 10 years for the purchase of a primary residence. The loans were secured by the balance in the participant's account, and bore interest at a rate of Prime plus 2%. Effective August 1, 2023, loan terms range from one to five years and up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and bear interest at a rate of Prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Any participant vested account balances under \$5,000 will be paid out as a lump-sum distribution upon separation. Participants may also take distributions prior to termination of employment if the participant has attained age 59½.

Forfeited Accounts

Forfeitures represent nonvested matching or non-elective employer contributions of participants who have terminated their employment with the Company. Forfeited amounts related to employer matching contributions and non-elective employer contributions can be used to offset future employer matching and non-elective employer contributions to the Plan, or used to pay Plan expenses.

As of December 31, 2023 and 2022, forfeited account balances totaled \$3,215 and \$754, and \$1,003 of forfeitures were used to offset employer contributions during 2023.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Investment Valuation and Income Recognition

Investments are reported at fair value. The Invesco Stable Asset – ADPZ Fund is valued using net asset value (“NAV”) as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Accounts Payable, Return of Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants, as of December 31, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee and Custodian.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - Valued based on the market value of the underlying investments, which are mutual funds with observable level 1 quoted pricing inputs. While the underlying asset values are quoted prices, unit values of a pooled separate account are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. The valuation of fund units is published daily and is the basis for current transactions.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,009,322	\$ -	\$ -	\$ 3,009,322

Pooled separate accounts	\$ -	\$ 2,007,953	\$ -	\$ 2,007,953
Total investments at fair value	\$ -	\$ 2,007,953	\$ -	\$ 2,007,953

Investments Valued Using NAV as a Practical Expedient

As of December 31, 2023, the Invesco Stable Asset – ADPZ Fund held by the Plan is valued using NAV as a practical expedient. As of December 31, 2023, the fair value of the fund was \$13,420. This fund has a daily redemption frequency and a redemption notice period no longer than 12 months. There are no unfunded commitments. Were the Plan to initiate a full redemption of the fund, the Trustee reserves the right to temporarily delay withdrawal from the contract to ensure that liquidation will be carried out in an orderly business manner.

NOTE 5: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in certain funds managed by the Trustee of the Plan; therefore, transactions related to these funds qualify as party in interest transactions, which are allowable under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2023, the Plan made direct payments to the Trustee and former Custodian totaling \$28,143, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 6: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023
Net assets available for benefits per the financial statements	\$ 3,057,210
True-up provision receivable per the financial statements	(8,999)
Net assets available for benefits per Form 5500	<u>\$ 3,048,211</u>

SOUTHERN ENERGY MANAGEMENT, INC. 401K PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 6: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (concluded)

The following is a reconciliation of contributions per the financial statements to Form 5500 for the year ended December 31, 2023:

Employer matching contributions per the financial statements	\$ 161,577
Less current-year true-up provision receivable	<u>(8,999)</u>
Contributions per Form 5500	<u><u>\$ 152,578</u></u>

The difference between the employer matching contributions per the Plan's financial statements and the employer matching contributions per the Form 5500 is due to the addition of a true-up provision receivable that was recorded as of December 31, 2023.

NOTE 7: INCOME TAX STATUS

The Plan Sponsor adopted the ADP, LLC's Prototype Non-Standardized Pre-Approved Profit Sharing/Money Purchase with cash or deferred arrangement (the "Prototype Plan"). The Prototype Plan obtained its latest opinion letter dated October 6, 2020, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 8: SUBSEQUENT EVENTS

The Plan Sponsor has evaluated subsequent events through the report date, the date these financial statements were available for issuance, and determined that no events have occurred that would require adjustment to or disclosure in these financial statements.
