Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM US LLP**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒

Independent Auditor's Report

RSM US LLP

Plan Administrator
North Central Behavioral Health Systems, Inc. Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North Central Behavioral Health Systems, Inc. Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, part IV, line 4i—schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Plan Description

The following description of North Central Behavioral Health Systems, Inc. Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) discretionary profit-sharing plan covering all employees of North Central Behavioral Health Systems, Inc. (the Employer) who have at least one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to reduce their salary and have the amount contributed to the Plan. The elective deferral amount may not be more than the lesser of (a) 30% of pre-tax annual compensation, (b) maximum dollar limit allowed under the requirements of the Internal Revenue Code or (c) such lesser amount as determined by the discrimination tests for the Plan. Participants who will be age 50 or older during the plan year and are contributing the maximum amount permitted by the Plan can make additional special catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Employer has the option of making discretionary contributions as determined by the Employer, which can be up to a 100% match of each participant's contribution up to 4%, for employees that work at least 1,000 hours during the year. There is also a safe harbor contribution required by the Plan which equals 3% of employee eligible compensation (as defined by the Plan), regardless of employee participation in the Plan. For the plan year ended December 31, 2023, the Employer made discretionary and safe harbor contributions of \$281,966. Participants direct the investment of their contributions and company contributions to investment options offered by the Plan. Participants are permitted to change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of (a) the Employer's contributions, (b) plan earnings or losses, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions plus actual earnings thereon. Participants are immediately vested in safe harbor Employer contributions. Vesting in the Employer's discretionary contributions is based on years of continuous service. A participant is 100% vested in the employer's discretionary contributions after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive: (1) a lump-sum amount equal to the value of the participant's vested interest in his or her account, (2) annual or more frequent periodic payments of substantially equal amounts over a period of time as defined in the Plan until the entire vested account balance has been fully distributed, (3) partial withdrawals of vested interest in his or her account or (4) an annuity. The Plan is allowed to distribute balances of a terminated participant under \$5,000 without receiving consent from the participant. Additionally, a participant may also elect to have a portion or all of his or her distributions paid in the form of a direct trustee-to-trustee transfer to another eligible retirement plan designated by the participant. The Plan also allows for in-service distributions once a participant reaches age 59½ and is still in the employment of the Employer. A participant may also receive a distribution of his or her elective deferral contributions if a participant has a financial hardship as defined in the Plan.

Employee Retirement Plan**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,033 and \$3,770, respectively. These accounts will be used to reduce future employer discretionary contributions or for payment of certain Plan administrative expenses. During the plan year ended December 31, 2023, forfeited nonvested accounts totaling \$10,479 were used to pay the Plan's administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's accounts are maintained on a modified cash basis; therefore, the statements of net assets available for benefits and the statement of changes in net assets available for benefits reflect only cash received and disbursed. However, the Plan's investments have been adjusted to their applicable fair value or contract value as of December 31, 2023 and 2022. Receivables and payables and accrued contributions, investment income and expenses, which would be recognized under accounting principles generally accepted in the United States of America and which may be material in amount, are not recognized in the accompanying financial statements.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are also paid directly by the Employer.

Note 3. Information Certified by Massachusetts Mutual Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by Empower Annuity Insurance Company of America (Empower). Empower furnished to the Plan Administrator a certification on behalf of Massachusetts Mutual Life Insurance Company (Mass Mutual) under a power of attorney granted by Mass Mutual to Empower.

The Plan Administrator has obtained certifications from Empower on behalf of Mass Mutual that information provided to the Plan Administrator by Empower related to the following assets is complete and accurate. Accordingly, as permitted 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the ERISA-required supplemental schedule of assets (held at end of year) related to the following assets:

	2023	2022
Investments in pooled separate accounts with insurance company, at fair value	<u>\$ 5,922,350</u>	<u>\$ 5,458,335</u>
Guaranteed investment contract, at contract value	<u>\$ 2,303,897</u>	<u>\$ 2,418,331</u>

The certification provided by Empower also certified to the completeness and accuracy of \$950,908 of net appreciation in fair value of pooled separate accounts and \$68,875 of interest from the guaranteed investment contract for the contract year ended December 31, 2023.

Note 4. Fair Value Measurements

Accounting standards provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2023 and 2022.

Insurance company pooled separate accounts: The fair value of the participation units owned by the Plan in the pooled separate accounts is based on the fair value of the net assets of the underlying pool of securities on the last business day of the plan year as determined by Mass Mutual. The net asset value (NAV) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the pooled separate accounts will sell the investment for an amount different from the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. The fair value of each of these investments has been estimated using the net asset value per share of the underlying investments:

Investments	2023 Fair Value	2022 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:					
Fixed Income (a)	\$ 131,467	\$ 144,813	\$ -	Immediate	None
Large Blend (b)	517,475	602,575	-	Immediate	None
Large Growth (c)	1,096,786	973,013	-	Immediate	None
Large Value (d)	422,573	465,803	-	Immediate	None
Mid Blend (e)	68,607	68,868	-	Immediate	None
Mid Growth (f)	28,468	43,115	-	Immediate	None
Small Blend (g)	230,682	245,607	-	Immediate	None
Small Growth (h)	121,897	129,939	-	Immediate	None
Small Value (i)	32,250	48,356	-	Immediate	None

Investments, at fair value	<u>\$ 5,922,350</u>	<u>\$ 5,458,335</u>			

- (a) These pooled separate accounts seek to achieve a high total rate of return consistent with prudent investment risk and the preservation of capital by investing primarily in a diversified portfolio of bonds and debt securities.
- (b) These pooled separate accounts seek conservation of capital, current income and long-term growth of capital and income. The separate accounts invest primarily in U.S. equity and fixed-income securities.
- (c) These pooled separate accounts seek long-term capital appreciation. The separate accounts invest primarily in common stocks companies in the U.S. and foreign countries that are expected to have an above average earnings growth potential compared to other companies.
- (d) These pooled separate accounts seek to achieve long-term growth of capital and income by investing primarily in a diversified portfolio of equity securities of larger, well-established companies.
- (e) These pooled separate accounts seek capital appreciation. The fund primarily invests in the common stocks of midsized companies whose stock prices are believed to be undervalued by the portfolio managers.
- (f) These pooled separate accounts seek long-term growth of capital. The separate accounts invest primarily in U.S. and foreign equity securities that are expected to have an above average earnings growth potential.
- (g) These pooled separate accounts seek capital appreciation. The separate accounts invest primarily in common stocks of small capitalization U.S. companies that the fund's subadvisor believes have favorable business trends or prospects based on fundamental analysis.
- (h) These pooled separate accounts seek capital appreciation. The separate accounts mainly invest in common stocks of U.S. companies that the portfolio managers believe have favorable growth prospects. They invest in stocks of small capitalization companies.

Note 4. Fair Value Measurements (Continued)

- (i) These pooled separate accounts seek long-term capital appreciation. The separate accounts invest in undervalued companies that show strong potential for growth.
- (j) These pooled separate accounts seek a rate of return through investing primarily in equities of foreign companies, including countries with developed or emerging markets.
- (k) These pooled separate accounts seek to provide the highest total return over time consistent with an emphasis on both capital growth and income. The separate accounts are designed to adjust over time to meet the changing risk and return objectives of the investors based on the retirement date. The separate accounts invest in common stocks, bonds and cash.

Note 5. Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Mass Mutual, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 3% for the year ended December 31, 2023. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Mass Mutual. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan's participants is not probable.

The guaranteed investment contract does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

Note 6. Related-Party and Party-In-Interest Transactions

The Plan's investments are shares of pooled separate accounts and an investment contract managed by Mass Mutual. Empower acquired the retirement business of Mass Mutual and became the sole administrator of the retirement business in 2021. Empower is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$12,650 for the year ended December 31, 2023.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

The Plan adopted a non-standardized form of a preapproved profit sharing plan sponsored by Empower Retirement, LLC. The preapproved plan has received an opinion letter from the Internal Revenue Service dated November 14, 2022, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to December 31, 2023, as to their potential impact to the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.
