INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
Randstad North America 401(k) Plan
Atlanta, GA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Randstad North America 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied

in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RANDSTAD NORTH AMERICA 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan:

The following description of the Randstad North America 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Randstad North America, Inc. (the Plan Sponsor, Company, or Plan Administrator). The Plan is a defined contribution multiple employer plan which provides retirement benefits for substantially all employees of the Company as well as certain temporary staffing employees of franchisees of the Company. The Plan was established effective August 6, 2018, most recently restated effective November 1, 2022. Upon its creation, substantially all assets and participants of three of the Company's affiliated plans (the Randstad North America Retirement Savings Plan, the Randstad Professionals U.S. 401k Plan, and the Randstad North America Participating Employer Retirement Savings Plan (collectively referred to as the Old Plans)) were merged into the Plan. Transferred employees were immediately eligible to participate in the Plan. Employees other than those transferred in become an active participant on the first day of the month coincident with or next following the date the employee completes 90 days of service beginning with the date the employee completes one hour of service with a participating employer. There is no age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors (Board) is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board.

On October 31, 2022, the Retirement Committee voted to merge the Cella, Inc. 401k Profit Sharing Plan and Trust (Cella Plan) into the Plan, to be administered by the Plan Sponsor.

During 2023, the Retirement Committee voted to merge the Celerity IT, LLC 401(k) Plan (Celerity) into the Plan effective December 31, 2023, to be administered by the Plan Sponsor. Effective January 1, 2024, Celerity employees were eligible to participate in the Plan. The legal title of the assets was transferred on December 29, 2023 and Celerity's assets totaling \$17,875,962 were remitted into the Plan in January 2024.

Contributions

Each year participants may contribute up to 75% of annual compensation, as defined by the Plan, subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 on or before the last day of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other

qualified defined benefit or defined contribution plans (rollover). The Plan allows for discretionary matching contributions to be made to the Plan. Discretionary matching contributions are to be determined by each participating employer for any of the participating employers' eligible employees. During the year ended December 31, 2023, participating employers made discretionary matching contributions totaling \$3,692,594.

The Company may make other supplemental contributions (discretionary non-elective contributions) at the sole discretion of the Board of the Company's Administrative Committee. During the year ended December 31, 2023, no supplemental contributions were made.

Upon enrollment in the Plan, a participant may direct all contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions and Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and supplemental contributions plus actual earnings thereon. Participants hired by a participating employer (as defined in the Plan document) prior to January 1, 2016 are fully vested in Company discretionary matching contributions. Participants who earn an hour of service on or after January 1, 2016, are subject to a three-year cliff vesting schedule wherein the participant becomes fully vested in Company discretionary matching contributions after completing three years of service.

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or to reduce the Company's contribution for the Plan year.

RANDSTAD NORTH AMERICA 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$5,684 and \$57,804, respectively. At December 31, 2023 and 2022, this account balance includes \$0 and \$52,048 related to unclaimed checks of the Plan, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During the year ended December 31, 2023, Company contributions were reduced by \$483,633 from forfeited non-vested accounts.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. Upon attainment of age 55, a participant may request a withdrawal of all or part of his or her vested account attributable to Company contributions. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, in accordance with the Plan document.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than or equal to \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. General Purpose note terms (as defined in the Plan's loan policy) are for a period not to exceed 58 months unless the note is used for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. Notes are secured by the balance in the participant's account and bear interest at 1% plus the prime rate reported by the Wall Street Journal in effect when the loan is requested. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan maintains an ERISA budget account to hold ERISA budget account credits transferred to the Plan by the Plan's service provider in accordance with the ERISA Budget Account Agreement. For each year in which an ERISA Budget Account Agreement is in

effect with a service provider, the Plan Administrator may, in its discretion direct the service provider to either pay reasonable Plan administrative expenses with the ERISA budget account credits or allocate the ERISA budget account credits among the accounts of the participants with a balance in the Plan. Income related to these credits is recorded as "Other income" on the accompanying financial statements.

At December 31, 2023 and 2022 there was no balance in the ERISA budget account. During the year ended December 31, 2023, \$117,934 was allocated from the ERISA budget account to offset participant administrative expenses.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Collective trust funds

Investments in the collective trust funds are required to be reported at fair value. The collective trust funds are composed primarily of fully benefit-responsive investment contracts held by the funds. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The Plan has elected to value the collective trust funds using the net asset value (NAV) of the funds as a practical expedient to determine fair value.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisors and Charles Schwab Trust Bank (Schwab).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of significant accounting policies - continued:

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent legislative developments

In December 2019 and December 2022, Congress passed the SECURE Act and SECURE 2.0 Act, respectively, which included numerous reforms to existing retirement law and allows plan sponsors to make certain immediate plan operational changes without formal amendment of the plan document. If adopted, plan documents are required to be formally amended in accordance with IRS guidelines.

The Plan Sponsor operationally implemented various changes and timely amended the Plan for the changes.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2024, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2023, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Schwab holds the Plan's investment assets and executes investment transactions. Management has determined that Schwab is a qualified institution and the information prepared and certified by Schwab meets the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, non-interest bearing cash, and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Schwab.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: |
| | <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

Note 4 - Fair value measurements - continued:

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no significant changes in the methodologies used at December 31, 2023 or 2022.

- Mutual funds are valued at the NAV of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Units of participation of the collective trust funds are valued at the NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Related-party transactions:

At December 31, 2023, certain Plan investments are shares of mutual funds and a collective trust fund managed by an affiliate of Schwab. Transactions in such investments qualify as party-in-interest transactions under ERISA but are specifically exempt from the prohibited transaction rules.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The IRS has determined and informed the Company by a letter dated May 29, 2019, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
