INDEPENDENT AUDITOR'S REPORT

Trustees
Nonin Medical 401(k) Plan
Plymouth, Minnesota

Opinion

We have audited the financial statements of Nonin Medical 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Nonin Medical 401(k) Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nonin Medical 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nonin Medical 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nonin Medical 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nonin Medical 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H Item 4i – Schedule of Assets Held at December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NONIN MEDICAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Summary description of the Plan:

The following description of the Nonin Medical 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 1994, and most recently restated on January 1, 2022 for the Cycle 3 regulatory changes. There were no substantive changes to Plan provisions. The Plan is a defined contribution plan covering all domestic employees of Nonin Medical, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and includes salary deferral contributions permitted under Section 401(k) of the Internal Revenue Code (IRC). The Plan administrators are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings including monitoring investment performance.

Contributions:

The Plan permits eligible employees to voluntarily defer between 1% and 75% of their wages as a pre-tax or Roth 401(k) contribution up to limits determined by the IRC. Employees become eligible the first day of each month following 30 days after the date of hire. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make discretionary profit sharing contributions to the Plan on behalf of all eligible employees. To obtain a share in an allocation of the employer's profit sharing contribution, a participant must complete three months of service. Employees were automatically enrolled with a salary deferral unless the employee elected not to participate in the Plan. The salary deferral percentage was 6% of eligible compensation for 2023 and 2022. Contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, an allocation of the employer's discretionary non-elective contribution and an allocation of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined.

Trust agreement:

The Plan's trustee maintains the employee and employer contributions in various investment accounts as elected by the participants.

Vesting:

The participants will always be 100% vested in their salary deferral accounts and are also 100% vested in their employer matching contributions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of his or her account or partial payments, as defined. For termination of service for other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Summary description of Plan (continued):

Participant loans:

Loans to participants are permitted at the discretion of the Plan Administrator. Participants may borrow from a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%, which were determined at 1% plus the Prime Rate in effect on the first business day of the calendar month in which the loans were granted.

Hardship withdrawals:

Hardship withdrawals by participants are permitted for certain situations.

Forfeitures:

Forfeitures of nonvested employer contributions revert to the Plan and are used to reduce the employer's contributions and/or pay reasonable Plan expenses in the year in which the designated forfeitures occur.

2. Summary of significant accounting policies:

Use of estimates and basis of accounting:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends are automatically reinvested into the mutual fund from which they were distributed. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income on notes receivable from participants is recorded when it is earned. The allowance for doubtful notes receivable is evaluated using current year activity, historical trend information and specific identification. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document. No allowance for doubtful notes has been recorded as of December 31, 2023 and 2022.

NONIN MEDICAL 401(k) PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022**2. Summary of significant accounting policies (continued):****Contributions:**

Both employer and employee contributions are recognized as additions in the period in which employees provide services.

Benefits paid to participants:

Benefits paid to participants are deducted from net assets available for benefits during the year in which the benefits are paid.

Administrative fees:

Fees for the Plan's administration may be charged to the Plan unless paid for by the employer. In 2023 and 2022, the following administrative fees were charges to the Plan:

	<u>2023</u>	<u>2022</u>
Record Keeper	\$ 34,250	\$ 39,423
Investment Advisor	<u>26,975</u>	<u>26,969</u>
Total Administrative Fees	<u>\$ 61,225</u>	<u>\$ 66,392</u>

Concentrations:

The Plan had one investment that made up 11% and 10% of the total investments at December 31, 2023 and 2022, respectively.

Forfeitures:

At December 31, 2023 and 2022, forfeitures of \$17,347 and \$15,741 respectively, were available.

Subsequent events:

Management has evaluated for subsequent events through October 14, 2024, the date the financial statements were available for issuance.

3. Fair value measurements:

Fair value measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value utilizing a hierarchy that prioritizes the valuation inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

YEARS ENDED DECEMBER 31, 2023 AND 2022**3. Fair value measurements (continued):**

Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as measured on a recurring basis at December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Investments measured at fair value, mutual funds	\$ 22,543,007	\$ -	\$ -	\$ 22,543,007

	2021			Total
	Level 1	Level 2	Level 3	
Investments measured at fair value, mutual funds	\$ 20,524,164	\$ -	\$ -	\$ 20,524,164

4. Group fixed deferred annuity contract with insurance company:

The Plan includes an Empower Investment Fixed Account. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

The investment contract is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Key Guaranteed Portfolio Fund and the Empower Investment Fixed Account. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus interest and transfers in, less participant withdrawals, transfers out, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents, including complete or partial plan termination or merger with another plan, (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events, such as divestitures or spin-offs of a subsidiary, that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NONIN MEDICAL 401(k) PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022**4. Group fixed deferred annuity contract with insurance company (continued):**

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for the Empower Investment Fixed Account for 2023 and 2022 was 2.55% and 2.30%, respectively.

	<u>2023</u>	<u>2022</u>
Traditional Investment Contract	<u>\$ 1,500,679</u>	<u>\$ 1,910,711</u>

5. Related party and party-in-interest:

The Plan held an annuity contract with Empower Annuity Insurance Company of America at December 31, 2023 and 2022. Empower Trust Company LLC, a related entity, serve as the Plan's record keeper, custodian, and trustee, and therefore, those transactions qualify as party-in-interest transactions. Below are the Empower investments managed by Empower and therefore deemed party-in-interest:

	<u>2023</u>	<u>2022</u>
Empower T. Rowe Price Mid Cap	<u>\$ 1,440,198</u>	<u>\$ 1,188,305</u>
Empower Investment Fixed Account	<u>1,500,679</u>	<u>1,910,711</u>

6. Plan termination:

Although it has not expressed any intent to do so, the employer has the right to amend or terminate the Plan, or any part of the Plan at any time subject to the provisions of ERISA. If the Plan were to be terminated no further contributions would be made to the Plan. All participant accounts are 100% vested.

7. Tax status:

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

7. Tax status (continued):

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan document was restated for regulatory requirements with an effective date of January 1, 2022.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
