---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Participants
Portland General Electric Company 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Portland General Electric Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 and Schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Portland General Electric Company 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the Portland General Electric Company 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering substantially all employees of Portland General Electric Company (“PGE,” the “Company”, or the “Plan Sponsor”). The Company’s Board of Directors has established the Benefits Administration Committee (the “BAC”) and the Investment Committee (the “Investment Committee”) for the Plan and assigned them fiduciary responsibility for the Plan. The BAC oversees the administration of the Plan. The Investment Committee is responsible for selecting and monitoring the Plan’s investment fund options. Voya Institutional Trust Company (“VITC”) or (the “Trustee”) served as the trustee of the Plan. Voya Institutional Plan Services (“VIPS”) was the Plan’s record keeper. On February 1, 2023, the Company transitioned the Plan Trustee services from VITC to Fidelity Management Trust Company (“Fidelity”) and record keeper services from VIPS to Fidelity Investments Institutional Operations Company LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility — All regular and temporary employees of the Company are eligible to participate in the Plan.

Automatic Enrollment — After 60 days of employment, all new hire regular employees are automatically enrolled into the Plan with a 6% participant contribution, providing they did not opt out of the Plan. The participant’s contribution percentage is increased each year by 1% until 15% is reached, unless otherwise directed by the participant. In the absence of an investment election by the participant, the contribution and match is invested into the target date retirement fund based on the participant’s age.

Employee Contributions — All employees, either regular or temporary, may contribute up to 80% of their base salary and 100% of their annual bonus to the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain IRC limitations. Employees who contribute on a before tax or Roth basis receive a match on the combined contribution at the time it is made, subject to certain IRC limitations. Employee contributions to the Plan are immediately fully vested.

Company Match and Profit Share Contributions — The Company contributions that employees receive under the Plan depends on which of the following groups they belong to:

Non-Bargaining Retirement Plan A — Employees hired or re-hired as non-bargaining employees before February 1, 2009.

Bargaining Unit 1 (“BU1”) Retirement Plan A — Bargaining unit employees (not including those who work at the Company’s Coyote Springs and Port Westward power plants) hired before January 1, 1999 and born before January 2, 1957.

Bargaining Unit 2 (“BU2”) Retirement Plan A — Bargaining unit employees who work at Coyote Springs, Carty and Port Westward power plants hired before January 1, 2012.

NOTE A – DESCRIPTION OF PLAN, Continued

BU2 Retirement Plan C — Bargaining unit employees who work at Coyote Springs, Carty and Port Westward power plants hired or rehired on or after January 1, 2012. *BU1 Retirement Plan B* — Bargaining unit employees (not including those who work at the Company's Coyote Springs and Port Westward power plants) (i) hired on or after January 1, 1999; or (ii) hired before January 1, 1999 but born after January 1, 1957; or (iii) who were eligible for Retirement Plan A but who elected to participate in Retirement Plan B by February 28, 2009.

Non-Bargaining Retirement Plan C — Non-bargaining employees hired or rehired on or after February 1, 2009.

The table below summarizes Company contributions to the Plan for plan years 2023 and 2022:

	Match	Profit Share
Non-Bargaining Retirement Plan A and BU2 Retirement Plan A (hired before January 1, 2012)	Up to 6% of pay	N/A
BU1 Retirement Plan A	Up to 6% of pay	1% of pay effective March 3, 2010
BU2 Retirement Plan C (hired or rehired on or after January 1, 2012)	Up to 5% of pay	5% of pay
BU1 Retirement Plan B	Up to 5% of pay	6% of pay effective March 3, 2010
Non-Bargaining Retirement Plan C	Up to 5% of pay	5% of pay

In June 2022, the Company and BU1 ratified a new contract that, effective January 1, 2024, updates the Company match and profit share percentages as follows:

	Match	Profit Share
BU1 Retirement Plan A	Up to 7% of pay	A fixed contribution from the Company of 2% of base pay; and An additional fixed contribution from the Company of 4% of all eligible overtime earnings.
BU1 Retirement Plan B	Up to 6% of pay	A fixed contribution from the Company of 7% of base pay; and An additional fixed contribution from the Company of 4% of all eligible overtime earnings.

NOTE A – DESCRIPTION OF PLAN, Continued

In April 2023, the Company and BU2 ratified a new contract that, effective January 1, 2024, updates the Company match and profit share percentages as follows:

	Match	Profit Share
BU2 Retirement Plan A	Up to 7% of pay	A fixed contribution from the Company of 1% of base pay; and An additional fixed contribution from the Company of 4% of all eligible overtime earnings.
BU2 Retirement Plan B	Up to 6% of pay	A fixed contribution from the Company of 6% of base pay; and An additional fixed contribution from the Company of 4% of all eligible overtime earnings.

During the year ended December 31, 2023, the Company contributed \$15,985,211 in Company match, \$14,024,946 in profit sharing contributions, and \$3,840,503 in one-time contribution for participants in the active non-union portion of the nonrepresented HRA plan (“VEBA 6”) within the Company’s Health and Welfare Plan due to the plan closeout as well as other miscellaneous adjustments. This on-time contribution was allocated to the impacted participants based on the number of years in the HRA plan and the age of the participant. During the year ended December 31, 2022, the Company contributed \$16,191,496 in Company match and \$13,228,097 in profit sharing contributions.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching and profit share contributions, investment earnings less charges for administrative expenses, and reduced by any distributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans through a rollover contribution to the Plan.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested in the same funds as the participant contributions. The Plan currently offers mutual funds, premixed portfolios, a stable value fund and a self-directed brokerage account as investment options for participants.

Vesting — Participants are vested immediately in their contributions and actual earnings. A participant is 100% vested in Company contributions after one year of credited service; if a participant terminates from the Company prior to vesting, Company contributions are forfeited to the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN, Continued

Notes Receivable from Participants — Participants may borrow from their fund accounts up to a maximum of \$50,000 minus the largest outstanding balance during the previous 12 months or 50% of their account balance, whichever is less. Participants may only have one outstanding loan. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the *Reuter's* on the last day of the prior month plus 1%. Loans can be repaid over a period of one to five years, or up to fifteen years for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions or can be paid directly to the Trustee.

Payment of Benefits — The vested portion of a participant's account is payable upon termination of employment, retirement, or death. Retirees and former employees may choose to leave all or part of the vested balance in the Plan until age 73. After age 73, if a participant is not actively employed, the account must begin required minimum distributions no later than April 1 of the calendar year following the year the participant turns 73. Certain disabled participants may withdraw Company contributions prior to age 59-1/2.

Forfeited Accounts — As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,017 and \$465,000, respectively. These accounts will be used to reduce future Company contributions or pay future Plan expenses. During the years ended December 31, 2023 and 2022, \$710,269 and \$0, respectively, were used to reduce Company contributions and \$128,561 and \$158,710, respectively, were used to pay Plan expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including common stock, mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — Except for the Stable Value Fund (SVF) discussed in Note E, the Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount participants generally receive when executing transactions under the terms of the contract and plan provisions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

- Common stock is valued at the closing price reported on the active market on which the individual securities are traded on the last business day of the Plan year. Common stock is only available for investment through the self-directed brokerage account. Shares of registered investment companies are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.
- Short-term investment funds are stated at amortized cost, which approximates fair value.
- Investments in common collective trust funds (“CCT”) are valued based upon the fair value of the underlying securities held by the fund, which represents the net asset value of the units held by the Plan as a practical expedient to fair value. Unit values are determined by the financial institution sponsoring such CCT by dividing the funds’ net assets at fair value by its units outstanding at the valuation dates.
- The SVF is stated at contract value which is comprised of principal and accrued interest. The fund invests principally in guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; synthetic investment contracts (“SICs”) issued by banks, insurance companies or other issuers, and other securities supporting such SICs; and other similar instruments, which are intended to maintain a constant net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2023 and 2022.

Administrative Expenses — Certain expenses of maintaining the Plan are paid by the Plan, unless the Plan Sponsor elects to pay the expenses directly. Fees related to the administration of notes receivable from participants are charged directly to the participant’s accounts and are included in administrative expenses.

NOTE C – INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained a certification from VITC as of and for the year ended December 31, 2022 and for the month ended January 31, 2023, and the Plan administrator has obtained a certification from Fidelity as of and for the eleven months ended December 31, 2023, as trustees of the Plan, that the following information included in the Plan’s financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants as of December 31, 2023 and December 31, 2022.
- Plan transactions related to net investment income (loss) and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE D – FAIR VALUE OF INVESTMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

Level 1 - which refers to securities valued using unadjusted quoted prices from active markets for identical assets.

Level 2 - which refers to a valuation based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 - which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Certain investments are valued at the net asset value ("NAV") as provided by the fund administrator. Assets measured at fair value using NAV as a practical expedient are not categorized in the fair value hierarchy.

The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. For the years ended December 31, 2023 and 2022, there were no transfers between Levels 1, 2 or 3.

December 31, 2023 and 2022

NOTE E – STABLE VALUE FUND

The SVF is managed by Invesco Investment Services with the objective of preserving capital, maintaining liquidity and, consistent with these, the highest possible current income. The SVF invests in synthetic GICs issued by major insurance companies and other high-quality investment funds that are wrapped. The SVF is not included in the Fair Value Hierarchy because it is valued at contract value. Contract value represents contributions made to the SVF, plus earnings, less participant withdrawals. The fund is considered fully benefit-responsive as participant directed redemptions may be made as frequently as daily at book value. Trustee-directed redemptions may be subject to other specifics, depending, for example, on the market value of the portfolio at the time of redemption request.

The stable value fund requires 30 days written notice, subject to market value at the time of the redemption request. SVF contract values were \$95,772,727 and \$117,037,484 as of December 31, 2023 and 2022, respectively.

The interest rates are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value, but the rate cannot be less than 0%. Certain events such as Plan termination or a Plan merger initiated by the Company may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrapper contract at less than contract value. The Plan does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

The contract values as of December 31, 2023 and 2022 are as follows:

	2023	2022
Synthetic guaranteed investment contracts:		
Met Tower Life	\$ 15,885,107	\$ 19,566,953
Nationwide Life Insurance	15,278,513	18,816,247
Prudential	15,306,730	18,873,715
RGA Contract	15,305,242	18,849,926
Transamerica	16,061,138	19,768,194
Voya Retirement and Annuity	15,438,033	19,028,295

The SVF also includes investments in the Short-Term Investment Fund of \$2,497,964 at Fidelity Management Trust and \$2,134,154 at State Street Bank at December 31, 2023 and 2022, respectively.

NOTE F – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE G – FEDERAL INCOME TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated September 8, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended subsequent to the period covered by the determination letter, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

NOTE G – FEDERAL INCOME TAX STATUS, Continued

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As of December 31, 2023, operational errors have been noted. The Plan management is in the process of making all necessary corrections for which the total impact is immaterial to the financial statements.

NOTE H – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in short term investment money market funds managed by the Trustee. Fidelity Management Trust Company is the trustee and Fidelity Investments Institutional Operations Company LLC is the record keeper, as defined by the Plan as of and for the years ended December 31, 2023. VIITC is the trustee and VIPS is the record keeper, as defined by the Plan as of and for the years ended December 31, 2022. These transactions qualify as exempt party-in-interest transactions. Fees paid during the year by the Plan Sponsor for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE I – NON-EXEMPT TRANSACTIONS

During 2023, the Plan identified approximately \$1,571,000 of untimely remittances related to the 2023 Plan year. Management is in the process of making all required corrections.

NOTE J – SUBSEQUENT EVENTS

Through October 15, 2024, which is the date the financial statements were available to be issued, other than the match and profit share percentage update, which is listed in Note A above, there were no other identified events that require consideration for adjustments to, or disclosure in the financial statements.
