REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Trustees
Gannett Fleming, Inc. Tax-Deferred 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed an audit of the financial statements of Gannett Fleming, Inc. Tax-Deferred 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023 and assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2022 financial statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investments of the plan that were certified by a qualified institution. Their report dated October 3, 2023, indicated that (a) the amounts and disclosure in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gannett Fleming, Inc.
Tax-Deferred 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the Gannett Fleming, Inc. Tax-Deferred 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Gannett Fleming, Inc. (the Company), its subsidiaries and affiliated companies, who have reached the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, the Plan was amended to change the employer profit sharing and transition contributions to a totally discretionary determination amount using an allocation method with each participant assigned to his or her own allocation group.

On December 31, 2023, the DiGioia Gray 401(k) Plan merged into the Gannett Fleming, Inc. Tax Deferred 401(k) Savings Plan. Assets of \$8,231,549 DiGioia Gray 401(k) Plan were transferred into the Gannett Fleming, Inc. Tax Deferred 401(k) Savings Plan on January 1, 2024.

Contributions

Each year, participants may contribute up to 75% of their compensation not to exceed the annual maximum deferral amount as set forth by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of the calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% effective January 1, 2022, of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic deferrals commence after sixty consecutive days following the participant's enrollment date. The Plan also includes auto-escalation whereby the deferral rate will increase by 1% each year on February 1, unless the participant affirmatively elects otherwise. The increase will continue each year until the participant has reached the maximum deferral rate of 15%.

The Plan allows for four types of annual employer contributions: matching, transition, fixed, and discretionary profit-sharing contributions. Effective January 1, 2022, the fixed contribution was eliminated. Employees who satisfy the eligibility requirements do not have to be contributing to the Plan to receive the transition and profit-sharing contributions each year.

- Effective January 1, 2022, the matching contribution is no longer annual and is paid on a per pay basis. The matching contribution was 50% of 401(k) deferrals, including catch-up contributions, that do not exceed 6% of eligible compensation for the year ended 2022 and there's no change in December 31, 2023.
- Effective January 1, 2023, the employer shall have the right to make a discretionary Non-Safe Harbor Non-Elective Contribution. If made, such contribution for the allocation period shall be determined as totally discretionary on the part of the Employer.

Gannett Fleming, Inc.
Tax-Deferred 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

- Effective July 1, 2023, voluntary employee contributions are permitted by a participant as the minimum permitted voluntary employee contribution is 0% of compensation and the maximum permitted compensation is 75% of compensation if the voluntary employee contributions can be made for each payroll period.
- The annual transition contribution will be based upon a percentage that corresponds to the participant's points multiplied by the participant's eligible compensation. A participant's points are based on age plus years of credited service as of December 31, 2005. To qualify for the transition contribution, participants must have been vested in the Company's defined benefit pension plan as of December 31, 2005, the date the defined benefit plan was frozen.
- The annual discretionary profit-sharing contribution is based on a percentage that takes into account the participant's points and eligible compensation multiplied by a discretionary profitability factor which is determined annually. The points for this contribution are based on age and years of credited service as of December 31st of the preceding year. The Company made profit sharing contributions based on a profitability factor of 1.0 and 1.14 for the years ended December 31, 2023 and 2022, respectively.

Participants are required to obtain 1,000 hours in the plan year and be employed on the last day of the year to receive employer contributions, with the exception of the matching contribution beginning January 1, 2022, due to the change from annual funding to per pay funding.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer contributions, (b) an allocation of investment earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral amounts and rollover contributions and any earnings thereon regardless of the number of years of service. If a participant ceases participation except by retirement, death or permanent disability, the vested interest in employer contributions and earnings thereon is dependent upon the years of credited service. A participant is credited with a year of service for each plan year which 1,000 hours are attained. Each participant is vested in the employers' contributions as follows:

- The matching contributions are fully vested following two years of credited service.
- Transition contributions are immediately 100% vested due to the participants having been vested in the defined benefit Pension Plan.
- The fixed and profit-sharing employer contributions are fully vested following three years of credited service.

Gannett Fleming, Inc.
Tax-Deferred 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Forfeitures shall be used to pay plan expenses or used to reduce employer contributions. For the years ended December 31, 2023 and 2022, forfeitures of approximately \$173,228 and \$138,000 were applied to offset employer contributions, respectively. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$248,035 and \$172,000, respectively.

Payment of Benefits

Payment of benefits from the Plan is permitted upon a participant's attaining age 59½, termination of employment, death or disability or reaching age 73. Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or consent to pay out by the participant.

If the participant's vested account is less than \$5,000, the vested account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution. Hardship withdrawals are also permitted subject to Plan provisions.

Notes Receivable from Participants and Plan Loans

Notes receivable from participants are reported at unpaid balances plus any unpaid accrued interest. Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 under the Plan's loan provisions. The loans may not exceed one-half of the participant's vested account balance and are generally limited to 5 years. Participants are limited to two loans outstanding at a time. Interest rates are determined by the Plan Administrator in accordance with the loan provisions. Loan repayments are made through payroll deductions. There is no credit risk involved with these loans as any defaults are then deemed taxable distributions to the participant. Loans are considered in default when they are not paid with the terms stated on the agreement, typically within 90 days. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. These loans satisfy the statutory exemption from the prohibited transaction rules.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits payments to participants and beneficiaries are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Gannett Fleming, Inc.
Tax-Deferred 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. As of December 31, 2023 and 2022, top three investment funds represented approximately 36% and 37% of the total investments, respectively.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal and accrued interest balance. If a participant loan is in default, including a loan that is deemed distributed, is treated as an outstanding loan for purposes of determining the number of loans outstanding to a Participant until it is repaid or actually offset against the Participant's Account balance.

NOTE C - INVESTMENTS INFORMATION CERTIFIED BY TRUSTEES

The Plan's investments are held in trust and administered by Prudential Trust Company and Charles Schwab Trust Bank, the trustees, as of December 31, 2023 and 2022. The investments, investment income, notes receivable from participants, and interest income on notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee.

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023, and 2022.
- Total investment income and interest income on notes receivable from participants, as reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022.
- Investment information as detailed in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs for identical assets and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value

using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

Total investments in the fair value hierarchy	203,380,128	2,081,195	-	205,461,323
Investments measured at NAV*	-	-	-	230,751,426
Total investments at fair value	\$203,380,128	\$ 2,081,195	\$ -	\$436,212,749

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts (PSA): The NAV of each PSA is based on the market value of its underlying investments which are derived principally from or corroborated by observable market data. The NAV serves as a practical expedient to estimate the fair value. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions.

Common Collective Trust: Stable value fund is valued at the NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Account: Account consists of common stocks, mutual funds, U.S. Treasury bonds, unit investment trusts, corporate obligations and cash. Common stocks, bonds, and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. Unit investment trusts are valued at NAV which is based on the market value of its underlying investments and is derived principally from or corroborated by observable market data. The NAV serves as a practical expedient to estimate the fair value. Cash is stated at cost, which approximates fair value.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice is only applicable to the Plan.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 98,565,697	\$ -	Daily	Intermediate

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, participants would become fully vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on September 21, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The prototype has been amended since receiving the opinion letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. The trustee is a party-in-interest as defined by ERISA as a result of investing plan assets in its funds and accounts and providing investment management services. However, such transactions are exempt under Section 408 (b)(8) and are not prohibited by ERISA.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE H - CONCENTRATION OF CASH AND SECURITIES RISK

The Plan maintains its balances in a brokerage institution, which at times may exceed the Securities Investor Protection Corporation limits up to \$500,000 for balances (with a limit of \$250,000 for cash). The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and securities.

NOTE I - PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, the Plan Sponsor did not timely deposit certain participant contributions within the timeframe required by the United States Department of Labor's Rules and Regulations. Delinquent contributions total the amount of \$896 as displayed in the accompanying schedule of delinquent participant contributions. The Plan corrected the affected participants' accounts in 2023. Lost earnings due to participants, which were also corrected in 2023, are not considered material to the Plan.

NOTE J - SUBSEQUENT EVENTS

The Plan Administrator has performed an evaluation of subsequent events through October 15, 2024, which represents when the financial statements were available to be issued. Effective January 1, 2024, the plan was amended to remove the additional non-safe harbor non-elective contribution (Transition Contribution). Effective March 25, 2024, DE Corp. has been included as an adopting employer under the plan. Effective August 5, 2024, the plan was amended to modify the formula for determining the amount of the Non-Safe Harbor Matching Contribution; modify the minimum age requirement to attain eligibility for all components of the Plan to age 18; and add TranSystems as an Adopting Employer of the Plan. The Plan Administrator is not aware of any subsequent events, except for the above, that would require recognition or disclosure in the financial statements.
