INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Pacific Legal Foundation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Pacific Legal Foundation (“the Foundation”) 403(b) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Legal Foundation 403(b) Plan

Notes to Financial Statements
December 31, 2023

1. Plan Description

The following description of the Pacific Legal Foundation (“the Foundation”) 403(b) Plan (“the Plan”) provides only general information. Participants should refer to the Plan documents and any amendments thereto for a more complete description of the Plan’s provisions.

General

The Plan is a voluntary, defined contribution plan that is available to all eligible employees of the Foundation who normally work 20 hours or more per week, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Under the Plan, eligible participants may elect to contribute up to 100% of their compensation for the year, not to exceed the Internal Revenue Service (IRS) limitation of \$22,500 for the Plan year ended December 31, 2023. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Foundation might make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant elective deferrals. The Foundation may make discretionary contributions as well, not to exceed the maximum amount that may be contributed under the law. In order to receive the matching contributions, the participant must work at least 501 hours during the plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, including amounts rolled over from other qualified plans, as well as allocations of the Foundation’s nonmatching and matching contributions, if any, and Plan earnings and losses, less any charges, if applicable. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant’s vested account. Participants may direct the investments of their account balances into various mutual funds and annuity contracts offered by Nationwide Group Retirement Series (Nationwide) in accordance with Plan documents.

1. Plan Description (continued)

Vesting

Participants' contributions, including Roth 403(b) deferrals, catch-up contributions, and rollover contributions, are fully vested at all times and are not subject to forfeiture for any reason.

Employer matching and nonelective contributions vest according to the following schedule, with a year of service defined as a one-year period ending December 31 in which the participant has 1,000 or more hours of service:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from the Plan against their account balance. Loans are treated as a directed investment of the borrower's account. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance subject to annuity contract and plan provisions. Loan terms range from one to five years, or a longer term for the purchase of the participant's primary residence. Loans bear interest at market rates. Principal and interest are paid ratably by the participant at least quarterly.

Payment of Benefits

Upon retirement, death, disability, or termination of employment (after attaining age 65), a participant or, in case of death, the beneficiary, may elect to receive a lump sum, partial payments, or in various installment annuities based on the participant's marital status and the terms allowed under each investment fund in which the participant's account is invested. Participants may also request a distribution from their elective deferrals upon reaching age 59½, incurring a disability, or incurring a financial hardship, as defined in the Plan document.

1. Plan Description (continued)

Forfeitures

As of December 31, 2023, there were \$21,958 in forfeited nonvested accounts. These accounts may be used to reduce future employer contributions or to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair market value.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Investments in registered investment companies are carried at fair value based on quoted market prices. The guaranteed fixed income annuities backed by Nationwide claims paying ability whereby the annuities guarantee principal and a minimum interest rate. The non-fully benefit responsive portion of these contracts provides an opportunity for additional amounts in excess of the guaranteed rate and is reported at fair value, classified within Level 3 of the valuation hierarchy. See Note 3 for further details.

Purchases and sales of securities are recognized on a trade date-basis. Interest income is recognized on the accrual basis. Dividends are reported on the ex-dividend date. The net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year, as well as those held at year end.

Payment of Benefits

Benefits and other distributions are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Costs

Administrative expenses of the Plan are generally paid by the Plan sponsor. However, the Plan may require the payment of a pro-rata share of administrative expenses by individual participants under certain circumstances.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Subsequent Events

In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through October 15, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, for its financial assets. This standard establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value measurement standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or other valuation techniques) to determine fair value. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the entity's perceived risk of that instrument. The inputs used in measuring fair value are categorized into three levels:

Level 1: Inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Pacific Legal Foundation 403(b) Plan

Notes to Financial Statements
December 31, 2023

3. Fair Value Measurements (continued)

Level 2: Inputs to this valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following section describes the valuation methodologies the Plan uses to measure its assets at fair value.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within Level 1 of the valuation hierarchy.

Guaranteed Investment Contracts (Non-Fully Benefit Responsive): These investments are guaranteed fixed income annuities backed by Nationwide claims paying ability whereby the annuities guarantee principal and a minimum interest rate. As these are non-fully benefit responsive, these contracts provide an opportunity for additional amounts in excess of the guaranteed rate and is reported at fair value, classified within Level 3 of the valuation hierarchy.

Pacific Legal Foundation 403(b) Plan

Notes to Financial Statements December 31, 2023

3. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023:

	Level 1	Level 2	Level 3	NAV	Total
Mutual funds	\$ 13,852,905	\$ -	\$ -	\$ -	\$ 13,852,905
Guaranteed investment contracts	-	-	25,809	-	25,809
Investments at fair value	<u>\$ 13,852,905</u>	<u>\$ -</u>	<u>\$ 25,809</u>	<u>\$ -</u>	<u>\$ 13,878,714</u>

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	Guarenteed Investment Contracts
Balance, beginning of year	\$ 52,219
Interest	797
Purchases	2,793
Sales	<u>(30,000)</u>
Balance, end of year	<u>\$ 25,809</u>

Pacific Legal Foundation 403(b) Plan

Notes to Financial Statements

3. Fair Value Measurements (continued)

The following table represents the information about the significant unobservable inputs related to the Level 3 investments at December 31, 2023:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Rate
Guaranteed investment contracts	\$ 25,809	Discounted cash flow	Risk-adjusted discount rate	0.72%

Investments in fixed annuity contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, a variety of factors are evaluated including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

4. Guaranteed Investment Contracts with Insurance Companies

The Plan invests in guaranteed interest investments with Nationwide. Each participant's account is credited with the participant's contribution, an allocation of the employer's contribution and Plan earnings, and is charged for Plan withdrawals. As described in Note 3, the guaranteed investment contract with Nationwide is not fully benefit-responsive; accordingly, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The fair value of the investment contracts at December 31, 2023 was \$25,809.

Certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. The contracts may be terminated by the Plan sponsor by providing notice of termination. Employer directed withdrawals, including termination, may be subject to a surrender charge, as outlined in the agreement. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Related Party and Party-in-Interest Transactions

Plan investments are held and managed by the Qualified Institutions and qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Notes receivable from participants also qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2023. Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule held at December 31, 2023, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the year ended December 31, 2023, was obtained or derived from the information supplied to the Plan Administrator and certified as complete and accurate by Nationwide, custodian of certain Plan assets.

Notes to Financial Statements
December 31, 2023

9. Income Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the IRS. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2017. The Plan has not individually sought its own determination letter. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

The Plan's management has evaluated the Plan's tax positions and concluded that there are no significant uncertain tax positions that qualify for either recognition or disclosure in the accompanying financial statements.
