Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Anixter Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 (in liquidation), the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan and a qualified institution, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of reportable transactions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Plan Termination

As further discussed in Notes 2 and 9 to the financial statements, the employer, Anixter Inc., elected to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis to the liquidation basis used in presenting the financial statements as of December 31, 2023 and 2022 and for the years then ended. Our opinion is not modified with respect to this matter.

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

Note 1. Description of Plan

General

The Anixter Inc. Pension Plan (the “Plan”) is a defined-benefit plan providing retirement benefits to substantially all non-union domestic employees of Anixter Inc., Anixter International Inc. and participating subsidiaries (collectively, the “Employer”). WESCO Distribution, Inc. (“WESCO”) is the parent company of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participants should refer to the Summary Plan Description and Plan agreement for a complete description of the Plan’s provisions.

During 2015, the Employer took two actions relating to the Plan. First, the plan was frozen to new hires, rehires, and employees of related companies of the Employer that have not yet adopted the Plan on or before July 1, 2015. The Employer will make an annual contribution to the Employee Savings Plan on behalf of each active participant who is first hired or rehired on or after July 1, 2015, or is not participating in the Pension Plan. The amount of the Employer annual contribution to each active participant's account will be an amount determined by multiplying the participant's salary for the Plan year by either: (1) 2% if such participant's years of service as of August 1 of the Plan year is fewer than five, or (2) 2.5% if such participant's years of service as of August 1 of the Plan year is five or greater. This contribution is in lieu of being eligible for the Plan.

Second, the Plan was amended to allow for terminated employees of the Employer's former Fastener business to become immediately vested, if they were hired before February 12, 2015 and are not already fully vested.

Contributions

The Plan's funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Contributions to the Plan by the Employer for the funding of current and past service cost of benefits are determined by the Plan’s actuary.

In 2023 and 2022, the Employer made no cash contributions due to its overfunded status.

The Plan has met the minimum funding requirements of ERISA during 2023 and 2022.

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

Pension Benefits

Pension benefits under the Plan are as follows:

- Employees hired before June 1, 2004 will receive the grandfathered pension benefit. The amount of the benefit is based on a formula that uses their final average salary, social security covered compensation and continuous service through December 31, 2013 (or if earlier, their date of termination).
- For employees first hired on or after June 1, 2004 but prior to July 1, 2015, benefits are based on a personal retirement account that is credited annually with a contribution based on years of continuous service and salary.
- For employers hired before June 1, 2004 who work through January 1, 2014 or who are terminated and rehired on or after June 1, 2004 but prior to July 1, 2015, benefits are based on a combination of the grandfathered pension benefit and the personal retirement account.
- Employees hired on or after July 1, 2015 accrue no benefits under the Plan. Employees rehired on or after July 1, 2015 only participate with respect to benefits accrued prior to such date.

Vesting

Participants who were hired prior to June 1, 2004 vested after five years of service and participants hired thereafter vest after three years of service only if they terminated after January 1, 2011. Previously, employees hired after June 1, 2004 needed to have five years of service.

Plan Administrator

The Plan Administrator is the Benefits Administrative Committee of WESCO Distribution, Inc. (the “BAC”), the members of which are appointed by the Employee Retirement and Benefits Oversight Committee (“ERBOC”). The Plan Administrator has the full power, authority and responsibility as Plan Administrator with respect to the general administration of the plan, except for the power, authority or responsibility assigned to the Finance Retirement Committee.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). As discussed in Note 9, the Employer terminated the Plan, with an effective termination date of December 31, 2021. As a result, the Plan’s financial statements as of December 31, 2023 and 2022 and for the years then ended have been prepared on the liquidation basis, in accordance

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2023 and 2022 would be fair value. There were no material changes to these financial statements as a result of the change under the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the valuation policies utilizing information provided by the trustee and investment adviser. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Fees and Expenses

Management and trustee fees, actuarial fees, certain legal and consulting fees related to the administration of the Plan and PBGC premiums are paid by the Plan.

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

Actuarial Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. For those employees hired before June 1, 2004, benefits for active, retired, or terminated employees or their beneficiaries are generally based on employees' highest average annual compensation from any 60 consecutive months out of the 120 months before termination of employment. For employees hired on or after June 1, 2004 and before July 1, 2015, a benefit is earned under a cash balance account. Each year, a participant's account receives a credit equal to 2.0% of the participant's salary (2.5% if the participant's years of service as of August 1 of the Plan year is five or greater).

Interest earned on the credited amount is not credited to the cash balance account, but is contributed to the participant's account in the Anixter Inc. Employee Savings Plan. Benefits payable in circumstances such as retirement, death, and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date. Effective December 31, 2013, all employees hired before June 1, 2004 will also accrue future pension benefits the same as those employees hired after June 1, 2004. This benefit was modified for entrants hired or rehired on or after July 1, 2015 as described above.

Note 3. Fair Value Measurements

The Plan follows the guidance issued under the Fair Value Measurements and Disclosures topic of the FASB ASC, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described as follows:

- Level 1 - inputs to the valuation are unadjusted quoted prices in active markets for identical assets or liabilities for which the Plan has the ability to access as of the reporting date.

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

- Level 2 - valuation inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - valuation inputs are unobservable inputs, such as internally-developed pricing models for the asset due to little or no market activity for the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash equivalents include certain assets held in short-term investment funds held in a commingled fund. These assets are valued at cost which approximates market price in active markets. They have been categorized as Level 1.

Common/commingled funds (private equity fund and other equity funds except real asset fund) are valued at their NAV as determined by the fund manager based on inputs that are directly observable, or derived from quoted prices in active markets of the underlying securities. They have been categorized as Level 2. There are no unfunded commitments at December 31, 2023, and no fund restrictions except as noted below with respect to the fund redemption.

Subject to Redemption Deferrals, as defined in the Confidential Offering Memorandum, redemptions from the funds generally may be made as of a time immediately after the close of business on each business day that is the last business day of a calendar week or calendar month, pursuant to notice or direction from the Group Trust Sponsor to the Trustee at least 3 or 7 business days in advance, as applicable (or such other shorter period determined by Group Trust Sponsor and agreed to by the Trustee).

Common/commingled funds (real asset fund and fixed income fund) are reported at the net asset value of Units in the Fund, determined on each valuation date as of the close of regular trading on the N.Y. Stock Exchange. In computing net asset value, portfolio holdings of the Real Asset Fund (Fund) are valued at their current market values determined on the basis of market quotations, to the extent readily available. If current market quotations are

Anixter Inc. Pension Plan

Notes to the Financial Statements

not readily available, securities are generally valued at last reported value by the issuer (adjusted for any subsequent capital calls/distributions). They have been categorized as Level 3. The Plan sponsor does not utilize quantitative unobservable inputs for measuring fair value for these assets.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

Assets held in Real Asset Fund and SSGA Bond Index Fund is classified as level 3. Redemptions in this fund are generally permitted quarterly on each quarter-end valuation date upon at least 180 days' written notice. Requests will be accommodated based on available liquidity as determined by the Fund manager. If insufficient cash is available to effect all requested redemptions, then the Fund may, pursuant to its authority as described in "Limitations on Redemptions and the Payment of Redemption Proceeds" in the Confidential Offering Memorandum, reduce all redemption requests pro rata so that the total amount redeemed equals only a specified percentage, as determined by the Fund, of the aggregate net asset value of all Units of the Fund at such time. There are no unfunded commitments at December 31, 2023.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2023 and 2022.

Notes to the Financial Statements

Realized and unrealized gains and losses included in changes in net assets for the period above are reported in net appreciation/(depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Note 4. Information Certified by the Trustee

The Plan administrator has elected the method of reporting permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the trustee that the following data included in the accompanying financial statements and schedules is complete and accurate:

- Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2023 and 2022.
- Investment income/(loss), as shown in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2023 and 2022.
- The schedule of assets (held at end of year) as of December 31, 2023, schedule of assets (acquired and disposed of within year) - year ended December 31, 2023, and schedule of reportable transactions for the year ended December 31, 2023.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedules.

Note 5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was calculated by the Plan's actuary as of December 31, 2022. The present value of accumulated plan benefits results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. As indicated in Note 9, in November 2022, an amendment was adopted to terminate the Plan effective December 31, 2022. As a result, the benefit obligation as of December 31, 2022 is valued reflecting the plan termination cost to settle obligations, expected to occur in Q4 2023 and Q1 2024.

(a) Annuitant: a participant who is receiving benefits under the Plan.

These actuarial assumptions are based on the presumption that the Plan will continue until its effective termination date. See Note 9.

Note 6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 31, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and, therefore, the related trust is exempt from taxation. An amendment to the plan was implemented subsequent to the date of the determination letter based on the recommendation of the IRS. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

Note 7. Personal Retirement Accounts

All non-union domestic employees hired after June 1, 2004 and before July 1, 2015, earn a benefit under a personal retirement account (hypothetical account balance). Each year, a participant's account receives a credit equal to 2.0% of the participant's salary (2.5% if the participant's years of service at August 1 of the plan year are 5 years or more). Active participants become fully vested in their hypothetical personal retirement account after 3 years of service. Interest earned on the credited amount is not credited to the personal retirement account but is contributed to the participant's account in the Anixter Inc. Employee Savings Plan. The interest contribution equals the interest earned on the personal retirement account balance as of January 1st in the Domestic Plan and is based on the 10 year Treasury Securities rate as of the last business day of the year preceding the prior year, multiplied by the value of the personal retirement account on January 1 of that prior year. The contribution is invested consistent with the participants' deferral elections in the Anixter Inc. Employee Savings Plan.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9. Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth under ERISA. In the event the Plan terminates, the assets of the Plan will be liquidated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

Anixter Inc. Pension Plan

Notes to the Financial Statements

December 31, 2023 and 2022 (in liquidation)

- (a) To continue benefits which began to be paid three (3) years before the termination date under the provision of the Plan in effect during the five (5) years prior to termination which would provide the smallest benefit. Benefits which would be in this category if the participant eligible for benefits had elected to begin receipt of such benefit payments at least three (3) years prior to the termination shall also be provided.
- (b) To provide all other insured benefits guaranteed by the Pension Benefit Guaranty Corporation, including benefits for a substantial owner who owns directly or indirectly more than ten percent (10%) of the Employer's voting stock.
- (c) To provide all other nonforfeitable benefits.
- (d) To provide all other benefits under the Plan.
- (e) To provide a return balance due to actuarial error to the Employer if any assets remain after all liabilities with respect to Participants and retired participants, spouses and beneficiaries have been satisfied.

In the event of liquidation, each affected participant shall have a fully vested and nonforfeitable right to their benefits then accrued under the Plan. Participants should refer to the Plan agreement for details regarding Plan termination.

On November 5, 2022, the BAC authorized (i) the termination of the Plan; and (ii) the BAC and its designee to have the full authority and discretion to make all other determinations necessary or appropriate to implement the elections provided for by the termination of the Plan.

During 2023, in connection with the termination, the Plan paid approximately \$111 million in lump-sum payments to participants. Additionally, in February 2024, the remaining benefit obligation of the Plan was settled through the purchase of single premium annuity contracts for total cash of approximately \$139 million. The purchase was funded entirely by assets of the Plan. The disposition of the remaining amounts, whether due to the Plan sponsor or participants, is expected to be determined and settled before the end of 2024.

Note 10. Subsequent Events

The Employer has evaluated these annual financial statements for disclosure of subsequent events through October 15, 2024 the date on which the financial statements were available to be issued, and has identified no material subsequent events.
