REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Benefit Plans Committee
CF Industries Holdings, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of CF Industries Holdings, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CF Industries Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the CF Industries Holdings, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan that covers substantially all U.S. employees of CF Industries Holdings, Inc. and its subsidiaries (the Company). The Plan is administered by the Company and the Benefit Plans Committee, consisting of certain Company employees appointed by the Board of Directors of the Company (collectively, the Plan Administrator). Separate accounts are maintained for each participant, with account balances adjusted daily for contributions, forfeitures, market value changes, investment income and chargeable Plan expenses.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Regular employees, as defined in the Plan document, are eligible to participate in the Plan after 60 days of service. Non-regular employees, as defined in the Plan document, are eligible to participate in the Plan 60 days after completing one year of continuous service and 1,000 work hours. Subject to Internal Revenue Service (IRS) and Plan limitations, participants may make voluntary contributions. The Plan provides for 3% automatic enrollment for participants who have not elected to make voluntary contributions, and contributions will automatically increase each year on January 1 by 1% until contributions reach 6%. The Plan provides for Company matching contributions wherein the Company matches participant voluntary contributions up to 6% of base compensation and certain bonuses. Participants are vested in Company matching contributions after two years of continuous service. Participant forfeitures of Company matching contributions are used to pay administrative expenses of the Plan or offset future Company matching contributions.

Effective January 1, 2023, the Plan was amended to add certain automatic annual contributions to be made by the Company for those employees who have not actively accrued pension benefits under the CF Industries Holdings, Inc. Pension Plan during the year and were employed on the last day of the year or terminated employment due to death, disability, or after reaching at least age 55 and having completed at least five years of employment. Participants become fully vested in the automatic annual contribution after three years of service. These contributions are a percentage of eligible compensation based on an employee's length of service with CF as follows:

- 4% for less than 5 years
- 5% for less than 10 years but more than 5 years
- 6% for less than 15 years but more than 10 years
- 7% for 15 or more years of service

The implementation of this automatic annual contribution resulted in \$12,049,654 being included within the Company contributions receivable reported on the Statement of Net Assets Available for Benefits as of December 31, 2023.

During 2023, there were no forfeitures used to reduce Company matching contributions or to pay administrative expenses. At December 31, 2023 and 2022, forfeited accounts held by the Plan totaled approximately \$311,000 and \$188,000, respectively.

Each participant's account is credited with the participant's contributions and an allocation of Company contributions and Plan earnings and is charged with his or her withdrawals and certain fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

CF Industries Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Upon termination of service (as defined in the Plan agreement), death, disability or retirement, a participant or their beneficiary may receive payment of the vested interest in their account balance as a lump-sum distribution or as a partial withdrawal.

The Plan offers participants the ability to borrow from their vested account balances. The amount of the loan is limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Interest is set at the prime rate at the inception of the loan, and the loan is repaid through payroll deductions over a maximum period of 15 years for loans related to the purchase of a principal residence and five years for all other loans. Participants in the predecessor Terra Industries, Inc. Employees' Savings and Investment Plan (Terra Plan), which allowed loans up to a maximum period of 30 years for the purchase of a principal residence, were allowed to keep the terms of their loans that were effective in the Terra Plan after they transferred to the Plan.

While the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event of the Plan's termination, all affected participants will become 100% vested in the employer contribution portion of their accounts subject to the provisions of ERISA.

The custodian and trustee of the Plan is Fidelity Management Trust Company (Fidelity).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures and actual results may differ from those estimates.

Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further described in Note D. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balances plus accrued unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

CF Industries Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Contributions

Contributions from participants are recorded bi-weekly from payroll deductions or when loan repayments or rollovers are made by participants. Contributions from the Company are recognized by the Plan in the period to which they relate.

Payment of Benefits

Benefits paid to participants are recorded upon distribution.

Administrative Expenses

Certain professional, administrative and custodial expenses are paid by the Plan and are included in the statement of changes in net assets available for benefits as a reduction of net investment income or as expenses.

NOTE C - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds and collective trust funds managed by Fidelity or an affiliate of Fidelity. Fidelity is the custodian and trustee of the Plan, and therefore, these transactions and payment of administrative and investment management fees to Fidelity qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Company.

NOTE D - FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

CF Industries Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual Funds

The fair values of mutual fund investments with registered investment companies are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Collective Trust Funds

The fair values of participation units in the stable value collective trust funds are based upon the net asset value (NAV) of the fund, as reported by the fund manager as of the Plan's financial statement dates which is supported by recent transaction prices. The collective trust funds provide for daily redemptions by the Plan participants at reported NAV per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in the table below for the investments measured using NAV per share (or its equivalent) as a practical expedient are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item in the statements of net assets available for benefits. As of December 31, 2023 and 2022, the Plan's investments measured at fair value on a recurring basis were as follows:

December 31, 2023

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2023.

NOTE F - INCOME TAX STATUS

The IRS has determined and informed the Company, by letter dated February 2, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) of 1986, as amended. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and being operated in compliance with the currently applicable requirements of the IRC, and the regulations promulgated thereunder. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statements' dates.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. As of December 31, 2023 and 2022, the Plan has not entered into any transactions which it believes would rise to the level of an uncertain tax position. The Plan and the Plan Administrator are subject to routine audits by taxing authorities in taxing jurisdictions in which the Plan Administrator conducts business operations. There are currently no audits for any tax periods in progress with respect to the Plan.

NOTE G - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2023 financial statements for subsequent events through October 10, 2024, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through the date of the report to recognize or disclose in these financial statements.
