Independent Auditors' Report

To the Plan Administrator and Participants of the The Kamson Corporation 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of The Kamson Corporation 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Kamson Corporation 401(k) Profit Sharing Plan & Trust Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

1. the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
2. the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit.
2. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

1. the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
2. the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

The 2022 financial statements of The Kamson Corporation 401(k) Profit Sharing Plan & Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2023, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 Description of Plan

The following description of The Kamson Corporation 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Kamson Corporation (the "Company"). The Company serves as the plan sponsor and plan administrator of the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company ("Reliance") serves as the trustee of the Plan. ADP Retirement Services ("ADP") serves as the Plan's recordkeeper. The Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

In 2015, the Company adopted the ADP Prototype 401(k) and Profit Sharing Plan, which brought the Plan into compliance with the Pension Protection Act restatement requirements.

Eligibility

All employees of the Company, except excluded employees as defined in the Plan document, become eligible to participate in the Plan upon attaining the age 21 and completing at least one year of service. Employees covered by a collective bargaining agreement are excluded from the Plan. Part-time and temporary employees who complete at least 1,000 hours of service in the year will be eligible to participate in the Plan following the completion of at least 1,000 hours of service, provided that the employee meets all other eligibility requirements. Employees who have attained that age and service time are admitted to the Plan on the following payroll cycle.

Contributions

Each year, participants may make pretax and after-tax contributions up to 75% of annual compensation, as defined in the Plan, not to exceed the maximum amount allowed by the Internal Revenue Code (the "Code"). In addition, participants aged fifty or older by the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective January 1, 2019, the Plan was amended to include a Company matching contribution of an additional 50% on the next 2% of the participant's compensation in addition to the established matching contribution of 25% on the first 4% of the participant's compensation.

The Company may, at its option, make additional discretionary contributions pursuant to the Plan. At the time of eligibility, participants who have not completed a salary deferral agreement will automatically be enrolled in the Plan and contribute 2% of their compensation to the Plan until they elect an alternative amount to contribute or elect not to defer any compensation under the Plan.

The Plan permits Roth contributions and accepts Roth rollover contributions.

Note 1 Description of Plan (Continued)

Investments

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers common collective trust funds, a money market fund, Exchange-Traded Funds ("ETFs") and mutual funds as investment options for participants.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA"), which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the American Funds target date series based on the participant's age as the QDIA.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and Plan earnings. Each participant's account is charged with withdrawals and Plan losses, and an allocation of administrative expenses as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant's vested interest is as follows:

<u>Years of Credited Service</u>	<u>Vesting %</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

Participants who terminate employment prior to being fully vested in the Company's matching contributions forfeit the nonvested contributions and related earnings. At December 31, 2023 and 2022, forfeited nonvested accounts held by the Plan amounted to \$1,559 and \$825, respectively. Forfeitures of amounts not vested for terminated participants may first be used to pay for Plan expenses. Any forfeitures left after paying Plan expenses are used to offset the Company's contributions. For the year ended December 31, 2023, \$2,133 was used to offset Company contributions. During the Plan year ended December 31, 2023, forfeitures totaled \$2,868, including earnings.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 and a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to a maximum of five years or up to 30 years for the purchase of a primary residence. All loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.50%, which are commensurate with the prime rate plus two percentage points at the loan issuance date. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive a distribution of the vested benefit as a single lump-sum payment or elect a direct rollover of their account balance. Early withdrawals are permitted at the participant's request after the age of 59-1/2. If a participant has a minimum balance of \$5,000, he or she may also choose to receive monthly installments or defer payment, whereby payment must begin by age 72.

Hardship Withdrawals

The Plan provides for hardship withdrawals not to exceed an amount required to meet the immediate need created by the hardship and only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, education expenses, costs directly related to the purchase of, or to prevent eviction from, or to stop foreclosure of, the participant's personal residence and such other circumstances as the plan administrator may determine based on rules set forth in the Code. Salary deferral contributions are suspended for six months after withdrawal.

Effective January 1, 2019, pursuant to The Bipartisan Budget Act of 2018, the Plan no longer requires a participant to exhaust available Plan loan opportunities prior to requesting a hardship withdrawal and no longer requires a suspension of employee contributions after receipt of a hardship withdrawal.

Excess Revenue Credits

At times, payments are received by the Plan from the collective investment trust fund that exceed the amounts owed ("revenue sharing"), which are used to pay administrative expenses. For the year ended December 31, 2023, total other income including the excess revenue sharing payments amounts to \$10,194 and is presented in the statement of changes in net assets available for benefits.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

Plan management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, reported changes in net assets available for benefits, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect management's own assumptions.

Fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds

Shares of mutual funds are valued at quoted market prices, which represent the Net Asset Value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are actively traded and are classified as Level 1 assets.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 2 Summary of Significant Accounting Policies (Continued)

Investment Valuation (Continued)

Exchange-Traded Funds

Exchange-traded funds are marketable securities that track an index, a commodity, bonds or a basket of assets like an index fund. Unlike mutual funds, an ETF trades like a common stock on a stock exchange. ETFs experience price changes throughout the day as they are bought and sold. Investments in ETFs are classified as Level 1 assets.

Common Collective Trust Fund

The common collective trust fund consists of various growth and index funds managed and held by Putnam Fiduciary Trust Company. NAV, as provided by the trustee of the common collective trust fund, is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. For 2023, the common collective trust fund has one investment in Putnam Stable Value Fund. The fund is traded daily and redemptions are allowed daily.

Notes Receivable from Participants

Loans to participants are reported at their principal balances plus any accrued but unpaid interest. At termination of service, the participant's outstanding loan balance becomes due. Any loans that remain unpaid at termination of service are considered defaulted and are recorded as a deemed distribution, which is a taxable event for the participant. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Income Recognition

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold, as well as held during the year, based on the value of assets at the beginning of the year or at the time of purchase during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest on notes receivable from participants is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. There were no benefit payments outstanding to participants as of December 31, 2023 or 2022.

Administrative Expenses

The Company pays all administrative expenses of the Plan. Plan expenses not paid by the Company may be paid out of the Plan assets provided that such payment is consistent with ERISA.

Note 2 Summary of Significant Accounting Policies (Continued)

Management Fees and Operating Expenses

Management fees and operating expenses charged to the Plan for specific investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in net appreciation in the fair value of such investments.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition or disclosure through the date of the auditors' report, which is the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustees (Unaudited)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following investments and income, gains, and losses.

Fair Value of Investments in Entities That Use NAV

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31,:

Investment Type	Fair Value 12/31/2023	Fair Value 12/31/2022	Unfunded Commitment 12/31/2023	Unfunded Commitment 12/31/2022	Redemption Frequency	Redemption Notice Period
Common/Collective Trust	\$1,440,371	\$1,533,125	\$ -	\$ -	Daily	Daily

The common/collective investment trust's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Trust invests in instruments which are not expected to experience significant price fluctuations in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The Kamson Corporation 401(k) Profit Sharing Plan & Trust
Notes to the Financial Statements
December 31, 2023 and 2022

Note 4 Investments and Fair Value Measurements (Continued)

The common/collective trust seeks to preserve principal and provide book value liquidity on a daily basis for plan permitted, participant directed withdrawals while maintaining a competitive interest rate.

Note 5 Risks, Uncertainties and Concentrations

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Participants may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

At December 31, 2023, three investment options accounted for more than 10% of the Plan's total net assets:

iShares S&P 500 Index I	\$2,120,276	15%
MFS Conservative Allocation Fund A	\$1,566,251	11%
Putnam Stable Value Fund	\$1,440,371	10%

Note 6 Party-in-Interest Transactions

Plan investments in ETFs are managed by State Street, the custodian and former trustee of the Plan. Plan investments in the common collective trust fund are managed by Merrill Lynch, the advisory group on the Plan, managing Putnam Investments. Accordingly, these transactions qualify as party-in-interest transactions (ADP, Inc. and ADP Broker-Dealer). At December 31, 2023 and 2022, the Plan had investments held by State Street totaling \$3,848,151 and \$3,450,795, respectively. At December 31, 2023 and 2022, the Plan had investments held by Merrill Lynch totaling \$1,440,371 and \$1,533,125, respectively.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays these individuals' salaries and also pays other administrative expenses. Fees paid by the Plan for the administrative services amounted to approximately \$5,600 for the year ended December 31, 2023. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the Code and ERISA rules on prohibited transactions.

The Kamson Corporation 401(k) Profit Sharing Plan & Trust
Notes to the Financial Statements
December 31, 2023 and 2022

Note 7 Tax Status

The Company adopted a pre-approved prototype plan ("Prototype Plan") offered by ADP. The Internal Revenue Service (the "IRS") has determined and notified the Prototype Plan provider, by letter dated October 6, 2020, that the Volume Submitter Profit Sharing Plan with cash or deferred arrangement qualifies under Section 401(a) of the Code for use by employers for the benefit of their employees. Although the Plan was amended and restated since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 9 Reconciliation of Financial Statements to Form 5500
