In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOMPKINS SOLUTIONS, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan

The following description of the Tompkins Solutions, Inc. 401(k) Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established January 1, 1994, covering substantially all members and full-time employees of Tompkins Solutions, Inc.; SensorThink, Inc.; Monarch FX Management Company; and Tompkins Robotics, Inc. (collectively, the “Employer” or “Company”) who are eligible to participate on the day following their first day of employment and who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective February 18, 2021, the name of participating employer Tompkins Robotics, LLC was changed to Tompkins Robotics, Inc. as a result of the entity’s conversion from a North Carolina limited liability company to a North Carolina corporation.

Effective April 6, 2021, the name of the Plan sponsor, Tompkins Associates, Inc. was changed to Tompkins Solutions, Inc. The Plan name was also changed from Tompkins Associates, Inc. 401(k) Plan to Tompkins Solutions, Inc. 401(k) Plan effective April 6, 2021.

The Administrative Committee, appointed by the Company, has responsibility for administration of the Plan. The assets of the Plan are held by Reliance Trust Company (the “Trustee”).

Contributions – Participants may elect to contribute up to 90% of eligible compensation, as defined in the Plan, up to the maximum statutory limits under the Internal Revenue Code (“IRC”). Participants may elect to make pre-tax or after-tax Roth contributions. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to match a certain percentage of participant contributions during the year. Employer matching contributions and profit sharing contributions are discretionary at the option of the Board of Directors. The Board of Directors implemented an Employer match equal to 50% of the first 6% of an employee’s contributions with a maximum Company contribution of \$9,150 per employee, for the year ended December 31, 2023.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s matching or profit sharing contribution and Plan earnings (losses). There were no profit sharing contributions provided for in 2023. Accounts are charged with distributions and an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

TOMPKINS SOLUTIONS, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan (continued)

Vesting – Participants are vested immediately in their contributions and employer match contributions, plus earnings or losses thereon. Vesting in the Company's profit sharing contributions, plus related earnings, is based on years of continuing service according to the following schedule:

<u>Years</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants – Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000 with a minimum loan amount of \$1,000. The loans are secured by the participant's vested balance in their account and bear interest at prime rate plus 1%. Loans must be repaid within five years. At December 31, 2023 and 2022, interest rates on outstanding loans ranged from 5% to 9.50% with varying maturities through September 2028. Principal and interest are paid ratably through payroll deductions and allocated to the appropriate funds according to the participant's investment election at the time of the payment.

Payment of Benefits – Upon the event of separation of service, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account. Payments may be made in cash only, except for insurance and annuity contract distributions. The Plan sponsor may cash out any participant account balances less than \$5,000. The Plan requires consent from the participant for any distributions over \$5,000. Hardship distributions are permitted from all account contribution types upon the participant demonstrating a financial burden. The minimum distribution is \$500. In-service distributions are permitted to participants who have not separated and attained age 59½.

Forfeitures – Forfeited balances of terminated participants' nonvested accounts are first used to reduce administrative expenses and any remaining forfeiture is used to reduce Employer contributions. Forfeitures of \$-0- were used for the year ended December 31, 2023 to offset employer contributions. The nonvested forfeiture accounts totaled \$21 and \$-0- as of December 31, 2023 and 2022, respectively.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TOMPKINS SOLUTIONS, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2023 and 2022, there were no benefit payments requested but not yet paid.

Administrative Expenses – In accordance with the provisions of the Plan, certain administrative expenses such as recordkeeping, investment management, and investment advisory fees are paid by the Plan and included in the accompanying financial statements. Any administrative expenses not meeting the Plan provisions are paid by the Company and excluded from the accompanying financial statements. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

TOMPKINS SOLUTIONS, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective Trust Fund – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund invests principally in equity securities of large U.S. companies in a wide range of sectors and industries. NAV is not classified within fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and qualified institution of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2023.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

* In accordance with U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

TOMPKINS SOLUTIONS, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 5—Collective trust fund

The Plan invests in a common collective trust investment offering, the Galliard Stable Value Return Fund (“Stable Value Fund”). The Stable Value Fund is a common collective trust fund with investments in contracts at fair value of the underlying investments, and then adjusted by the issuer to NAV. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. NAV represents contributions made to the fund, plus earnings, less participant withdrawals. The risk of the common collective trust and its net realizable value are dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contract. For the Stable Value Fund, there were no reserves established against NAV for credit risk at December 31, 2023 or 2022.

Current events, such as the premature termination of this investment choice by the Plan or the termination of the Plan, would limit the Plan’s ability to transact at NAV with the Stable Value Fund. The Plan administrator believes the occurrence of an event that would limit the Plan’s ability to conduct transactions at NAV would be remote.

Note 6—Party-in-interest transactions

Certain administrative expenses are paid to the investment advisor and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to \$95,494 for the year ended December 31, 2023.

Notes receivable from participants qualify as party-in-interest transactions.

Note 7—Plan termination

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the participants’ accounts would be distributed to the participants or their beneficiaries under the terms of the Plan document.

Note 8—Tax status

On October 6, 2020, the Internal Revenue Service (“IRS”) stated the prototype plan adopted by the Plan, as then designed, qualifies under IRC Section 401. The prototype plan has been amended since receiving the opinion letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
