REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

The Fedcap Group, Inc. Tax Deferred Annuity Retirement Plan for Staff

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of The Fedcap Group, Inc. Tax Deferred Annuity Retirement Plan for Staff (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023 and assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Fedcap Group, Inc. Tax Deferred Annuity Retirement Plan for Staff (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan agreement is the governing document with respect to the operation of the Plan.

General

The Plan is a tax deferred annuity plan covering all employees of The Fedcap Group, Inc. ("Fedcap"), plan sponsor, who do not meet specific exclusions under the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fedcap is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Trust Agreement

The assets of the Plan were held for safekeeping and investment by Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF"), custodians of the Plan, until November 1, 2010, when some of the assets and the trustee relationship were transferred to Mutual of America Life Insurance Company ("MoA") (collectively, "Trustees"). Beginning on that date, all contributions are directed to MoA.

Contributions

Participant Contributions

Beginning on the first day of the month coinciding with or following the date of hire, eligible employees of Fedcap may elect to contribute a discretionary amount of their annual compensation, as defined by the Plan, subject to certain Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 may also make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions

Participants are eligible to receive employer matching contributions starting on the first day of the month coinciding with or following their date of hire. Fedcap makes matching contributions on behalf of participating employees in an amount up to 3% of eligible compensation.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, allocations of Fedcap's contribution and investment earnings thereon and is charged with withdrawals, certain participant-requested service expenses and investments losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

The Fedcap Group, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting

Employee deferrals and earnings thereon are fully and immediately vested. Vesting in the Plan sponsor's contribution portion of the participant's account is based on years of service and date of hire. A participant hired on or after November 1, 2010 is fully vested in Plan sponsor contributions after three years of service. A participant hired prior to November 1, 2010 is fully vested in Plan sponsor contributions at all times.

Forfeited Accounts

Forfeitures are used to reduce employer contributions. Employer contributions were reduced by \$35,255 and \$105,125 during 2023 and 2022, respectively, from forfeited nonvested accounts. As of December 31, 2023 and 2022, the forfeiture balance is \$154 and \$115, respectively.

Plan Loans - TIAA

Loans are available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs. See Note 3 for discussion of the Traditional Annuity.

As of December 31, 2023 and 2022, participants had outstanding loan balances due to TIAA of \$3,001 and \$2,869, respectively. These loans were collateralized by Traditional Annuity account balances of \$3,301 and \$3,156 as of December 31, 2023 and 2022, respectively.

Plan Loans - MoA

Loans are available to participants through MoA, subject to certain limitations. Plan loans are issued directly from the funds owned by MoA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's MoA Interest Accumulation Account balance is reserved, or held in collateral, to cover 120% of the outstanding loan amount for the period of time the loan is outstanding. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

As of December 31, 2023 and 2022, participants had outstanding Plan loan balances due to MoA of approximately \$421,993 and \$305,391, respectively. These loans were collateralized by MoA Interest Accumulation account balances of \$506,392 and \$366,469 as of December 31, 2023 and 2022, respectively.

Payment of Benefits

Upon termination of service, retirement, death, or total permanent disability, a participant may elect to receive a distribution of their entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½. Rollover account balances may be withdrawn at any time, provided the rollover contributions have been properly segregated. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a tax deferred annuity plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a tax deferred annuity plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Group Supplemental Retirement Annuities ("GSRA") and the MoA Interest Accumulation Account, are considered fully benefit-responsive. Other TIAA Traditional Annuity contract types, including the Group Retirement Annuities ("GRA"), which are not considered fully benefit responsive, are also reported at contract value, which approximates fair value. See Note 3 and Note 5 for further discussion of the TIAA Traditional Annuity and MoA Interest Accumulation Account.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for certain fully benefit-responsive investment contracts which are measured at contract value, the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by Fedcap and are excluded from these financial statements. Withdrawal fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - INVESTMENT CONTRACTS

The TIAA Traditional Annuity and the MoA Interest Accumulation Account are guaranteed fixed annuity contracts available as investment options to plan participants. Each contract is fully and unconditionally guaranteed by TIAA and Mutual of America Life Insurance Company. The Traditional Annuity is offered through a variety of contract types, including GRA and GSRA. The type of contract through which a

The Fedcap Group, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating GRA and GSRA contracts, the crediting interest rate was 6.50% and 5.75%, respectively as of December 31, 2023 and 6.60% as of December 31, 2022, respectively.

All GRA contracts allow lump-sum withdrawals within 120 days of termination of employment; however, the withdrawals are subject to a 2.50% surrender charge. At the participant's discretion, transfers between funds are allowable under the Plan, subject to certain limitations. Distributions from GRA contracts are made in substantially equal amounts over a period of 10 years.

The GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits. At the participant's discretion, transfers between funds are allowable under the Plan, subject to limitations set by the custodians. GSRA accumulations may be transferred in a lump sum to TIAA.

The Plan holds investments in the MoA Interest Accumulation Account. The Interest Accumulation Account is part of the general assets of MoA (its general account) and is not subject to U.S. GAAP audited financial statements. The Plan does not own any underlying securities of MoA's general account. The Plan has guaranteed benefits under the terms of the contract. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuers are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

When participants choose to allocate a portion of their retirement savings to the MoA Interest Accumulation Account, their principal, plus a specified minimum rate of interest, is guaranteed by MoA's claims-paying ability. For the Interest Accumulation Account, the crediting interest rate was 1.6% and 0.5% as of December 31, 2023 and 2022, respectively. MoA may change the crediting rate of interest at any time.

NOTE 4 - PLAN CERTIFICATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF and MoA, insurance companies and issuers of the various investment assets of the Plan and the Trustees of the Plan's assets, have certified that the following information in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and fully benefit-responsive investment contracts, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

- Net investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the (Level 2) input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- *TIAA variable annuity accounts*: The fair values of accumulation units held by the Plan in TIAA variable annuity accounts are published daily, representing each account's net asset value ("NAV"). These accounts are not exchange traded; however, data for NAVs are available daily to plan administrators and client investors on TIAA and CREF's website, which provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. As a result, management has considered these units to have a readily determinable fair market value and, accordingly, has classified these units as Level 1.
- *CREF accounts (registered investment companies)*: The fair values of accumulation units held by the Plan in CREF accounts are valued at quoted market prices, representing the NAV of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website and provide sufficient corroborative evidence to ascertain the relationship

between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

- *Mutual fund investments*: The fair values of certain mutual funds held by the Plan are determined by obtaining quoted prices on nationally recognized securities exchanges and are classified as Level 1. The fair values of other mutual funds held by the Plan are also published daily, representing each fund's NAV. These accounts are not exchange traded; however, data for NAVs are available daily to plan administrators and client investors on MoA's website, which provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. As a result, management has considered these mutual funds to have a readily determinable fair market value and, accordingly, has also classified these mutual funds as Level 1.
- *TIAA real estate account (a pooled separate account)*: The fair value of the Plan's interest in the TIAA real estate account is based on the fund's daily NAV. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions. There are no unfunded commitments from participants who invest in this account in the Plan.
- *TIAA traditional annuity contract (non-benefit responsive contract)*: The fair value of the Plan's interest in non-benefit responsive TIAA traditional annuity contracts are reported at contract value, which approximates fair value. As these investments are contract based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See also Note 3 for discussion of the TIAA Traditional Annuity. Contract value is deemed to approximate fair value for these contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts. Plan loan default fund balances are invested in these contracts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	2023			
	Level 1	Level 2	Level 3	Total

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2023 and 2022, and the significant unobservable inputs and the ranges of values for those inputs.

Type	2023 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA traditional annuity contract	\$ 1,091,702	Discounted cash flow Theoretical transfer	Risk-adjusted discount rate	GRA: 4.00% - 6.75%

Type	2022 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA traditional annuity contract	\$ 1,105,146	Discounted cash flow Theoretical transfer	Risk-adjusted discount rate	GRA: 3.70% - 6.25%

NOTE 6 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA, as amended. Prior to the amended regulations, the Plan (established in 1991) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investment contracts, variable annuity accounts, registered investment companies, pooled separate accounts, and shares of mutual funds managed by the TIAA and CREF and MoA, the Trustees of the Plan. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Plan Sponsor (who also may be participants in the Plan) at no cost to the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, Fedcap has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - PROHIBITED TRANSACTIONS AND OPERATIONAL ERRORS

During 2022, there were untimely deposits of participant deferrals into the Plan. Pursuant to Section 406(a) of ERISA, this constitutes a loan between the Plan sponsor and the Plan, which is a prohibited transaction and is disclosed in the supplemental schedule of delinquent participant contributions. During 2023, the Plan sponsor submitted corrections to participant accounts for the 2022 delinquent participant contributions.
