UTAH LABORERS ANNUITY PLAN

FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Utah Laborers Annuity Plan
1123 Park View Drive, Suite 200
Covina, California 91724

Members of the Board:

Opinion

We have audited the accompanying financial statements of Utah Laborers Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Prior Period Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by other auditors whose report dated October 2, 2023 expressed an unmodified opinion on those statements.

The Utah Laborers Annuity Plan (the "Plan") is a defined contribution profit sharing plan established on July 1, 1985 to provide pension benefits to eligible participants covered by a collectively bargained, joint-trusted, labor-management trust. The Plan is sponsored and administered by the Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan documents include detailed rules for each situation. Participants should refer to the Plan agreement and any amendments regarding specific provisions of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Contributions

Contributions as reported are contributions made by employers on behalf of employees for hours worked during the year. Contributions receivable is estimated based on contributions received subsequent to the end of the year. No allowance is provided for uncollectible accounts.

Employer contributions are based on employee hours worked at hourly contribution rates agreed to in the collective bargaining agreements

D. Benefits

Retirement benefits are charged to expense when the benefits are paid. On termination of service due to death, disability or retirement, a participant may receive the value of his or her account.

In the event a participant fails to perform services for a contributing employer for any period of three consecutive calendar years, the entire amount of the participant's accumulated share shall be paid to the participant in accordance with the Plan rules and regulations.

E. Vesting and Unclaimed Accounts

Plan Participants are fully vested in their entire account balance. If a participant becomes eligible for a distribution of their accumulated share fails to take such distribution or make a written election to postpone their distribution, their accumulated share will be forfeited and used as an offset against administrative expenses of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Vesting and Unclaimed Accounts (Continued)

If the participant is subsequently located or makes an application, the participant's historic value of the account will be reinstated and distributed at that time. As of December 31, 2023 and 2022, the Plan had \$10,046,754 and \$10,853,759, respectively, held in "forfeiture" accounts in Plan assets on behalf of participants who are unable to be located.

Any participant whose benefit has become payable, but at no time has exceeded \$150, will forfeit that amount. The forfeited amount will be used to offset the remaining participants' share of administrative expenses.

F. Tax-Exempt Status

The Plan received its latest determination letter of tax-exempt status on April 3, 2015. The Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for federal tax is made.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market fluctuations and credit risk. Some estimated values may differ from values that would have been used had a ready market existed for the investments. Due to the level of risk associated with investments and level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

H. Risks and Uncertainties

Certain amounts reported in the December 31, 2022 financial statements have been reclassified to conform to the current year presentation. The reclassifications had no effect on the previously reported net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value of the Plan's investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

UTAH LABORERS ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023:

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022:

Mutual funds – valued at the closing price reported on the active market on which the securities are traded.

Common/collective trust – valued at the net asset value ("NAV") of shares held by the Plan at year end as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 32,331,623	\$ -	\$ -	\$ 32,331,623

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

	December 31, 2022			Total

Mutual Funds	\$ 39,847,105	\$ -	\$ -	\$ 39,847,105

Investments Measured at Net Asset Value ^A				<u>87,613</u>
				<u>\$ 39,934,718</u>

^A In accordance with ASC 820, investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The unfunded commitments and significant terms of redemption for the Plan's investment valued at net asset value at December 31 are as follows:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023	2022			
Galliard Stable Return Fund (Class C)	\$ 10,251,982	\$ -	None	Daily	1 Day
The Wells Fargo Stable Value Fund	<u>-</u>	<u>87,613</u>	None	Daily	1 Day
	<u>\$ 10,251,982</u>	<u>\$ 87,613</u>			

The investment strategies for investments valued at net asset value are as follows:

Galliard Stable Return Fund (Class C) seeks to provide investors with a moderate level of stable income without principal volatility.

The Wells Fargo Stable Value Fund's primary objective is to protect principal while offering a higher return potential than more conservative investments.

Purchases and sales of securities are recorded on the trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Realized and unrealized gains and losses are computed using the investments' costs for financial statement purposes. For Form 5500 reporting, realized and unrealized gains and losses are computed using the investments' market values as of the beginning of the year.

NOTE 4 - PARTICIPANT ACCOUNTS

An individual account is maintained for each participant. Each participant's account is credited with the participant's share of the employer contributions and the participant's share in the Plan's earnings or losses. The Plan's earnings or losses are allocated based on participant's account balances as of the end of the prior allocation period, which includes the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their accounts and make investment election changes through the recordkeeper.

NOTE 5 - PLAN TERMINATION

Although there has been no expressed intent to do so, the Plan has the right to discontinue its contributions at any time to terminate the Plan subject to any applicable collective bargaining agreement. Upon termination of the Plan the assets then remaining in the Plan, after providing for any administrative expenses, shall be used for the continuance of benefits provided by the Plan as determined by the Board of Trustees and in accordance with applicable law.

NOTE 6 - FUNDING POLICY

The Board of Trustees has established a funding policy and method in order to promote the purpose of the Plan and to ensure compliance with ERISA. Each employer contributes to the Plan such amounts and at such times as are required by the applicable provisions of the collective bargaining agreement or such other agreements as are approved by the Board of Trustees. Employer contributions are based on hourly contribution rates and are made on a monthly basis. The annual contributions for the year satisfied the minimum funding requirements of ERISA.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments may be managed by John Hancock Trust Company LLC, the Plan custodian or an affiliate. Purchases and sales of these investments and payments of direct and indirect administrative fees to Plan service providers by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN AMENDMENT

There were no significant amendments to the Plan during the years ended December 31, 2023 and 2022.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2024, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
