Report of Independent Auditors

Plan Administrator
Diesel Laptops 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Diesel Laptops 401(k) Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Administrator
Diesel Laptops 401(k) Plan

Opinion (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Administrator
Diesel Laptops 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Administrator
Diesel Laptops 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Diesel Laptops 401(k) Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Diesel Laptops 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the Diesel Laptops 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan’s documents for a more complete description of the Plan’s provisions.

The Plan was restated effective September 29, 2023 to formally change the name of the Plan to Diesel Laptops 401(k) Plan from Diesel Laptops Employee Retirement Plan.

General

The Plan was established January 1, 2021, and is a defined contribution plan covering employees of Diesel Laptops, LLC (the “Company”). Employees are eligible to make employee elective deferrals immediately upon hire with the Company. Through September 29, 2023, employees were eligible to receive employer contributions upon completion of one year of service with the Company, defined as at least 1,000 hours of service during a calendar year. Effective September 29, 2023, employees are eligible to receive employer contributions upon completion of three months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows contributions of any portion of a participant’s pre-tax compensation, subject to contribution limitations specified by law. The Plan has an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation, and an annual 1% deferral rate increase thereafter until a deferral rate of 6% is reached. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

The Company is required to make safe harbor matching contributions equal to 100% of the amount of a participant’s elective deferrals that are not in excess of 1% of the participant’s compensation, plus 50% of the amount of a participant’s elective deferrals that exceed 1% but are not in excess of 6% of the participant’s compensation each plan year. The Company also has the option to make discretionary matching and nonelective contributions to participants. No discretionary matching or nonelective contributions were made by the Company during the years ended December 31, 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant’s contributions, employer safe harbor matching contributions, allocations of the Company’s discretionary contributions (if any), Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Participants direct their contributions into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan (continued)

Participant Notes Receivable

Effective September 29, 2023, the Plan allows employees to request loans, subject to certain limitations. Participants may borrow from their accounts to the extent that the participants total loan balance does not exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during a one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or 50% of their vested account balance. Loan terms are not to exceed five years, unless used for the purchase of a primary residence, in which case loan terms are not to exceed ten years. Loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%, which was 9.50% as of December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their salary deferrals. Upon reaching retirement age, as defined in the Plan documents, permanent total disability, or death while employed, participants are immediately vested in all employer matching contributions, plus actual earnings or losses thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants are vested in the Company's safe harbor matching contributions based on a two year cliff vesting schedule (0% vested if participant has less than two years of service, 100% vested after two years of service). Participants are 20% vested in the Company's discretionary matching and nonelective contributions at the end of two years of service, with additional vesting of 20% for each of the next three years, and are 100% vested after six years of service.

Payment of Benefits

Upon retirement, permanent total disability, death, or termination of employment, participants or their beneficiaries may elect to receive their vested portion of Plan assets under several payout options specified in the Plan's documents. Effective September 29, 2023, participants may receive hardship withdrawals from their accounts while employed, subject to certain conditions. Participants who have attained fifty-nine and a half years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Forfeitures

Participants withdrawing from the Plan with non-vested employer contributions in their account forfeit their share of non-vested contributions and earnings thereon. The Plan's provisions allow these amounts to be used for administrative expenses of the Plan or to reduce any employer contributions. During the years ended December 31, 2023 and 2022, approximately \$8,000 and \$2,000, respectively, in forfeited non-vested accounts were used to reduce administrative expenses. Unallocated forfeited non-vested accounts totaled approximately \$400 and \$0 at December 31, 2023 and 2022, respectively.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan (continued)

Administrative Expenses

The Plan pays trustee, custodial, recordkeeping, and certain professional and administration fees. The Company pays for certain other professional and administration fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all employer contributions.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Diesel Laptops 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2023 statement of net assets available for plan benefits.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions.

Payment of Benefits

Benefit payments are recorded when paid.

3. Trustee Certifications

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2023 and 2022 related to the money market fund, investments, notes receivable from participants, net appreciation (depreciation) in fair values of the money market fund and mutual fund investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company ("Principal"), the trustee of the Plan through September 29, 2023, and Fidelity Management Trust Company, the trustee of the Plan effective September 29, 2023.

4. Fair Value Measurements

Financial assets are reported at fair value and are classified and disclosed within a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of valuation methodology that are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's money market fund and mutual fund investments were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan.

4. Fair Value Measurements (continued)

Through September 29, 2023, the Plan invested in a guaranteed interest contract with Principal. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer was contractually obliged to repay the principal and specific interest rate that was guaranteed to the Plan.

As the guaranteed interest contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Principal, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's investments also include the Stable Value Fund R1 and Janus Henderson Enterprise I Fund, which are collective trusts that invest in a variety of fully benefit-responsive investment contracts. The collective trusts are valued at net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the trusts, the account providers reserve the right to temporarily delay withdrawal from the trusts in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair values may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

The Plan is a non-standardized profit sharing plan designed to be in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service determined that the non-standardized plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Income Tax Status

During 2023, management discovered certain errors relating to 2022 and 2023 contributions that resulted in an underpayment of contributions to the Plan. Management has taken the necessary corrective actions to ensure that these errors have no impact on the Plan's tax status and to ensure that the impacted participants were made whole.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified as of December 31, 2023 and 2022. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress.

6. Party-in-Interest Transactions

Certain Plan investments were managed by the Plan's trustees, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for trustee, custodial, recordkeeping, and investment advisory services amounted to approximately \$28,000 (net of forfeitures of approximately \$8,000) and \$14,000 (net of forfeitures of approximately \$2,000) for the years ended December 31, 2023 and 2022, respectively. These transactions are exempt from the prohibited transaction rules of ERISA.

7. Subsequent Events

Management evaluated events and transactions after December 31, 2023 through October 15, 2024, the date the financial statements were available to be issued, for subsequent events.

Effective May 10, 2024, the Plan was formally amended to remove eligibility requirements to receive employer contributions. Accordingly, effective May 10, 2024, all employees of the Company are immediately eligible to receive employer safe harbor matching contributions.

Effective January 1, 2025, the Plan was formally amended so that the Company is required to make safe harbor matching contributions equal to 100% of the amount of a participant's elective deferrals that are not in excess of 4% of the participant's compensation each plan year.

No other subsequent events were noted.
