Independent Auditors' Report

To the Plan Administrator and the Audit Committee of the Board of Trustees
Guilford Savings Bank 401(k) Profit Sharing Plan
Guilford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Guilford Savings Bank 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at and of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The Guilford Savings Bank 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a volume submitter plan which was adopted on July 1, 2011. The Plan is a defined contribution plan sponsored by Guilford Savings Bank (the “Bank”). It covers eligible employees of the Bank and the Bank’s subsidiary as defined by the Plan, who have attained 21 years of age for employee deferral contributions and qualified non-elective contributions; and employees who have attained 21 years of age with six months of service for employer matching contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute a percentage of pretax annual compensation, as defined by the Plan, up to a certain dollar limit set by law. After six months of service, the Bank matches 100% of the first 6% of eligible compensation (as defined in the Plan Document) that a participant contributes to the Plan on a payroll basis as an employer safe harbor matching contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, additional “catch-up” contributions as allowed by law, and after-tax contributions.

Participants direct the investment of their contributions into any of the investment options offered by the Plan. Employer contributions are invested directly in the participant’s selected investment options in the same allocating ratios.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, any contributed amounts from other qualified defined benefit or contribution plans, and allocations of the Bank’s matching contributions, plus Plan earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Fees associated with participant loans are charged to the individual participant’s account.

Vesting

Participants are 100% vested in their rollover contributions, pre-tax and after-tax contributions, safe harbor matching employer contributions and any earnings thereon.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account, for a term of up to 5 years (10 years for the purchase of a principal residence only), and bear a reasonable rate of interest as determined by the Plan Administrator based on the Prime Lending Rate. The interest rate remains fixed throughout the duration of the loan. Principal and interest is paid ratably through weekly payroll deductions. Any default in repayment will be considered a taxable distribution from the Plan.

Payment of Benefits

Generally, active employees age 59½ or older can annually elect to receive a non-hardship withdrawal of any portion of their vested interest in their account. Also, an active employee may elect to receive a hardship withdrawal of any portion of their vested interest in their account, provided all hardship withdrawal criteria and Plan restrictions are satisfied.

Upon termination of service, participants with vested balances less than \$1,000 in their account will automatically be paid as a lump-sum payment unless a roll-over distribution or combination non-rollover

NOTES TO FINANCIAL STATEMENTS

and direct rollover distribution is elected. If a vested account balance is over \$1,000, participants may delay the distribution until required by law to receive minimum required distributions. Participants will have a continuing election to request a distribution if they elect to postpone their distribution unless they are re-employed by the Bank or any related employer. Consent is required for any distribution if a participant's vested account balance is greater than \$1,000. Participants have the right to request that the amount be distributed directly to them in the form of a lump sum payment or a rollover to another retirement plan eligible to receive rollover contributions. At December 31, 2023, there were no payments due to participants who withdrew from the Plan.

Upon termination of service due to death, disability or retirement, a participant (surviving spouse, beneficiary or estate, if applicable) may elect to receive the vested interest in their account by a lump-sum distribution or other forms of payments allowable under the Plan.

Forfeitures

Forfeited accounts are non-vested Bank discretionary contributions forfeited by employees who terminate their employment or withdraw from the Plan. These accounts are used to reduce future employer contributions or pay Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$17,082 and \$16,241, respectively. For the year ended December 31, 2023, no forfeitures were used to pay Plan expenses.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events Measurement Date

Management has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 8, 2024, the date upon which the Plan's financial statements were available to be issued. No subsequent events were identified that would have required a change to the financial statements or disclosure in the notes to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bank determines the Plan's valuation policies utilizing information provided by its Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loan defaults are reclassified as taxable distributions under the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses are paid by either the Plan or the Bank as provided by the Plan Document. During 2023, the Bank paid all expenses on behalf of the Plan except for investment management and advisory fees. Certain investment related expenses are included in net appreciation/depreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 — Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interests in Registered Investment Companies (Mutual Funds) and Money Market Mutual Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<i><u>December 31, 2023</u></i>				
Money market mutual fund	\$ 1,364,312	\$ 1,364,312	\$ -	\$ -
Interests in registered investment companies	18,016,459	18,016,459	-	-
Total investments at fair value	<u>\$ 19,380,771</u>	<u>\$ 19,380,771</u>	<u>\$ -</u>	<u>\$ -</u>
<i><u>December 31, 2022</u></i>				
Money market mutual fund	\$ 1,204,666	\$ 1,204,666	\$ -	\$ -
Interests in registered investment companies	14,893,696	14,893,696	-	-
Total investments at fair value	<u>\$ 16,098,362</u>	<u>\$ 16,098,362</u>	<u>\$ -</u>	<u>\$ -</u>

For the years ended December 31, 2023 and 2022, there were no transfers between categories.

4. Risk and Uncertainties

The Plan provides for various investment options which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances, the amounts reported in the statements of net assets available for benefits, and the amounts reported in the statement of changes in net assets available for benefits.

5. Continuance of the Plan

The Bank has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and are entitled to receive their respective shares of the Plan's net assets after payment of all liabilities and expenses. At December 31, 2023, the Plan had not expressed any intention to terminate and expects to continue the Plan indefinitely.

6. Tax Status

The Plan is a volume submitter plan. All volume submitter "specimen" plans are approved by the Internal Revenue Service ("IRS"). The specimen plan has been structured to reflect the provisions of the Plan as adopted by the Plan Sponsor. The most recent volume submitter opinion letter for the Plan was obtained on March 31, 2014, in which the IRS stated that the Plan, as designed, was acceptable under the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

7. Information Certified by the Trustee of the Plan

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2023 and 2022, and net investment income and interest income on notes receivable for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

8. Related Party Transactions and Party-in-Interest Transactions

Certain administrative functions, including plan administration, are performed by officers or employees of the Bank. Certain Plan investments are shares in registered investment companies managed by the Trustee. Therefore, these transactions qualify as party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

Independent Auditors' Report

To the Plan Administrator and the Audit Committee of the Board of Trustees
Guilford Savings Bank 401(k) Profit Sharing Plan
Guilford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Guilford Savings Bank 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at and of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The Guilford Savings Bank 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a volume submitter plan which was adopted on July 1, 2011. The Plan is a defined contribution plan sponsored by Guilford Savings Bank (the “Bank”). It covers eligible employees of the Bank and the Bank’s subsidiary as defined by the Plan, who have attained 21 years of age for employee deferral contributions and qualified non-elective contributions; and employees who have attained 21 years of age with six months of service for employer matching contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute a percentage of pretax annual compensation, as defined by the Plan, up to a certain dollar limit set by law. After six months of service, the Bank matches 100% of the first 6% of eligible compensation (as defined in the Plan Document) that a participant contributes to the Plan on a payroll basis as an employer safe harbor matching contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, additional “catch-up” contributions as allowed by law, and after-tax contributions.

Participants direct the investment of their contributions into any of the investment options offered by the Plan. Employer contributions are invested directly in the participant’s selected investment options in the same allocating ratios.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, any contributed amounts from other qualified defined benefit or contribution plans, and allocations of the Bank’s matching contributions, plus Plan earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Fees associated with participant loans are charged to the individual participant’s account.

Vesting

Participants are 100% vested in their rollover contributions, pre-tax and after-tax contributions, safe harbor matching employer contributions and any earnings thereon.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account, for a term of up to 5 years (10 years for the purchase of a principal residence only), and bear a reasonable rate of interest as determined by the Plan Administrator based on the Prime Lending Rate. The interest rate remains fixed throughout the duration of the loan. Principal and interest is paid ratably through weekly payroll deductions. Any default in repayment will be considered a taxable distribution from the Plan.

Payment of Benefits

Generally, active employees age 59½ or older can annually elect to receive a non-hardship withdrawal of any portion of their vested interest in their account. Also, an active employee may elect to receive a hardship withdrawal of any portion of their vested interest in their account, provided all hardship withdrawal criteria and Plan restrictions are satisfied.

Upon termination of service, participants with vested balances less than \$1,000 in their account will automatically be paid as a lump-sum payment unless a roll-over distribution or combination non-rollover

NOTES TO FINANCIAL STATEMENTS

and direct rollover distribution is elected. If a vested account balance is over \$1,000, participants may delay the distribution until required by law to receive minimum required distributions. Participants will have a continuing election to request a distribution if they elect to postpone their distribution unless they are re-employed by the Bank or any related employer. Consent is required for any distribution if a participant's vested account balance is greater than \$1,000. Participants have the right to request that the amount be distributed directly to them in the form of a lump sum payment or a rollover to another retirement plan eligible to receive rollover contributions. At December 31, 2023, there were no payments due to participants who withdrew from the Plan.

Upon termination of service due to death, disability or retirement, a participant (surviving spouse, beneficiary or estate, if applicable) may elect to receive the vested interest in their account by a lump-sum distribution or other forms of payments allowable under the Plan.

Forfeitures

Forfeited accounts are non-vested Bank discretionary contributions forfeited by employees who terminate their employment or withdraw from the Plan. These accounts are used to reduce future employer contributions or pay Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$17,082 and \$16,241, respectively. For the year ended December 31, 2023, no forfeitures were used to pay Plan expenses.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events Measurement Date

Management has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 8, 2024, the date upon which the Plan's financial statements were available to be issued. No subsequent events were identified that would have required a change to the financial statements or disclosure in the notes to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bank determines the Plan's valuation policies utilizing information provided by its Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loan defaults are reclassified as taxable distributions under the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses are paid by either the Plan or the Bank as provided by the Plan Document. During 2023, the Bank paid all expenses on behalf of the Plan except for investment management and advisory fees. Certain investment related expenses are included in net appreciation/depreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 — Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interests in Registered Investment Companies (Mutual Funds) and Money Market Mutual Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<i><u>December 31, 2023</u></i>				
Money market mutual fund	\$ 1,364,312	\$ 1,364,312	\$ -	\$ -
Interests in registered investment companies	18,016,459	18,016,459	-	-
Total investments at fair value	<u>\$ 19,380,771</u>	<u>\$ 19,380,771</u>	<u>\$ -</u>	<u>\$ -</u>
<i><u>December 31, 2022</u></i>				
Money market mutual fund	\$ 1,204,666	\$ 1,204,666	\$ -	\$ -
Interests in registered investment companies	14,893,696	14,893,696	-	-
Total investments at fair value	<u>\$ 16,098,362</u>	<u>\$ 16,098,362</u>	<u>\$ -</u>	<u>\$ -</u>

For the years ended December 31, 2023 and 2022, there were no transfers between categories.

4. Risk and Uncertainties

The Plan provides for various investment options which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances, the amounts reported in the statements of net assets available for benefits, and the amounts reported in the statement of changes in net assets available for benefits.

5. Continuance of the Plan

The Bank has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and are entitled to receive their respective shares of the Plan's net assets after payment of all liabilities and expenses. At December 31, 2023, the Plan had not expressed any intention to terminate and expects to continue the Plan indefinitely.

6. Tax Status

The Plan is a volume submitter plan. All volume submitter "specimen" plans are approved by the Internal Revenue Service ("IRS"). The specimen plan has been structured to reflect the provisions of the Plan as adopted by the Plan Sponsor. The most recent volume submitter opinion letter for the Plan was obtained on March 31, 2014, in which the IRS stated that the Plan, as designed, was acceptable under the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

7. Information Certified by the Trustee of the Plan

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2023 and 2022, and net investment income and interest income on notes receivable for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

8. Related Party Transactions and Party-in-Interest Transactions

Certain administrative functions, including plan administration, are performed by officers or employees of the Bank. Certain Plan investments are shares in registered investment companies managed by the Trustee. Therefore, these transactions qualify as party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.
