REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

Trustees

World Resources Institute Pension Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of World Resources Institute Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

As described in Note C to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

World Resources Institute Pension Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the World Resources Institute (the “Employer”) Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established September 1, 1982 and covers substantially all full-time employees of the Employer. Part-time employees or interns of the Employer are covered upon completion of 1,000 service hours during the calendar year. The Plan document was last amended effective January 1, 2018 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Matrix Trust Company, LLC serves as both the trustee and custodian of the Plan.

Contributions

Under the terms of the Plan, participants may elect to make voluntary contributions to the Plan up to 100% of pre-tax and/or after-tax annual compensation, as defined in the Plan and subject to certain Internal Revenue (“IRS”) limitations. Participants may also contribute amounts representing distributions from other qualified plans. Eligible Participants are auto enrolled at 4% unless an election is made otherwise. Participants who are at least 50 years old are eligible to make catch-up contributions as defined in the Plan.

Employees are eligible to receive an employer discretionary contribution. During plan year 2023 and 2022, employees with less than three years of service received an employer discretionary contribution equal to 5% of their eligible plan compensation. Those eligible employees with more than three years of service received an employer discretionary contribution equal to 8% of their eligible plan compensation.

Investment Options

Participants direct the investment of their contributions and plan sponsor contributions into various investment options offered by the Plan and may make changes to their investment direction on a daily basis. The Plan currently offers mutual funds, exchange traded fund, and insurance contract as investment options for participants. From time to time, the Plan may add, remove, or change the investment options available to the participants who are notified of the changes and the investment options available to them.

The matching contribution is invested directly in the participant-directed investment options.

Participant’s Accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contribution and the Employer’s discretionary contribution, if any, and allocations of plan earnings, and is charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Employer’s discretionary contribution is based on years of continuous service. Participants are 100% vested in the Employer’s discretionary contributions after one year of service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum, installments, or ad-hoc distributions. The Plan will make a mandatory distribution up to \$5,000 following the severance from employment. The Plan also allows for limited withdrawals prior to separation of service such as upon attainment of age 59½, qualified reservist distribution, and hardship distribution, as defined by the Plan.

The Plan provides minimum required distributions for participants who have reached age 72, in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act").

Benefits may be paid in cash, rolled over to another qualified retirement plan, or remain in the Plan until the participant chooses to take a distribution.

Forfeited Accounts

Forfeited non-vested accounts are used at the Employer's discretion to offset employer match contributions. Forfeited non-vested accounts amounted to \$0 at December 31, 2023 and 2022. The Employer utilized forfeitures of \$22,500 and \$69,297 to offset employer matching contributions during 2023 and 2022.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms are up to five years but may extend beyond five years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts. Participants are allowed three outstanding loans at any given time. Interest rates are based on the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. The interest rate for loans outstanding at December 31, 2023 range from 3.25% to 8.50%.

Participant loans are considered to be in default if any rescheduled repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employer. Transaction expenses, such as loan administration fees, are charged directly to the participant's account and are included in administrative expenses. Administration fees related to hardship withdrawals, loans and distributions are paid by the Participants.

The administrative expenses that are paid by the Plan are offset by credits received from the third-party recordkeeper as a result of the features and fees of the contract related to the assets held by Matrix Trust Company, LLC, the Plan custodian. The reimbursed fees are credited directly to participants' accounts based on their pro-rata share of the assets for which the fees were reimbursed. These reimbursements are made on a quarterly basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICY

Method of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the CMFG Life Stable Value ("CUNA Stable Value Fund") which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related custodial accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Benefit Payments

Benefits are recorded when paid.

NOTE C - RECORDS MANAGEMENT

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan, established September 1, 1982, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts within which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting records related to the Plan’s 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan’s financial statements cannot be determined.

NOTE D - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, LLC, the custodian of the Plan, has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, excluding notes receivable from participants.

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - FAIR VALUE MEASUREMENTS

Except for the Plan’s CUNA Stable Value Fund, the Plan’s investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Employer groups Plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that

World Resources Institute Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the (Level 2) input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Exchange-traded fund - Valued at the quoted market price as of the reporting period.

Mutual funds - Valued based on the daily quoted net asset value of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 100,253,827	\$ -	\$ -	\$ 100,253,827
Exchange-traded fund	651,776	-	-	651,776
Investments, at fair value	<u>\$ 100,905,603</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 100,905,603</u>
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 77,803,043	\$ -	\$ -	\$ 77,803,043
Exchange-traded fund	587,704	-	-	587,704
Investments, at fair value	<u>\$ 78,390,747</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 78,390,747</u>

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

World Resources Institute Pension Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Level 1, 2 or 3.

NOTE F - INVESTMENT CONTRACT

Participants have the option of investing in the CUNA Stable Value Fund. The CUNA Stable Value Fund is a fixed deferred group annuity contract issued by CMFG Life Insurance Company. It provides guaranteed protection of principal with a quarterly set rate of return. The guarantees in this contract are backed by CMFG Life Insurance Company and supported by its general account. Participants in the contract do not participate in the performance of the general account, but the investment performance of that portfolio supports the contract's guaranteed interest rate, any additional amounts and payout obligation. The contract is subject to a market valuation if the Plan terminates the contract and elects a lump-sum distribution, which may result in a payout of less than 100% principal and earnings. The Plan has no intentions of terminating the contract. The crediting interest rate is based upon an agreed upon rate with the issuer and such interest rates are reviewed on an annual basis for resetting. The CUNA Stable Value Fund is reported at contract value in the statements of net assets available for benefits. The interest credited to participants at December 31, 2023 and 2022 was 2.75% and 1.40%, respectively.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Matrix Trust Company, LLC, the Plan's custodian and, as such, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. The Plan also holds notes receivable from participants. Fees paid during the year for legal, accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. The CUNA Stable Value Fund is managed by Cuna Mutual Retirement Solutions. Cuna Mutual Retirement Solutions provides administration and recordkeeping assistance to the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Employer's discretionary contribution.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - DELINQUENT CONTRIBUTIONS

During 2023, the Plan Sponsor failed to deposit \$1,317,531 of participant contributions within the required time frame specified by the Department of Labor. The DOL considers late deposits to be nonexempt or prohibited transactions. The Plan Sponsor plans to remit lost earnings associated with late remittances. The lost earnings will be paid from the assets of the sponsor and not from the assets of the Plan.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
