REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator, Participants, and their Beneficiaries
Neon One LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Neon One LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Neon One LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Neon One LLC 401(k) Plan (the “Plan”) provides only general information. The Plan was effective January 1, 2015 and was most recently restated and amended effective January 1, 2021. Participants should refer to the Plan adoption agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Neon One LLC (the “Company” or “Plan Sponsor”). Participants are eligible to participate in the Plan on the first day of the month after attaining 6 consecutive months of service and after reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan’s trustee and asset custodian is Ascensus Trust Company (“Ascensus”).

Contributions

Participant contributions are voluntary. Participants are entitled to make pre-tax contributions and Roth contributions in whole percentages. Participant contributions, whether pre-tax contributions, Roth contributions or a combination thereof, may not in the aggregate exceed 100% of eligible compensation, as defined in the Plan adoption agreement. Employees eligible for the Plan automatically have 3% of eligible compensation contributed to the Plan, unless they affirmatively elect to opt out of the automatic enrollment feature. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts (rollovers).

The Company provides a safe harbor matching contribution equal to a 100% match on the participant’s contributions with an elective deferral percentage less than or equal to 1%, and a 50% match on the participant’s contributions with an elective deferral percentage greater than 1%, but less than or equal to 6% per year. The Company contribution is calculated on an annual basis and remitted quarterly to eligible participant accounts. An additional catch-up contribution was remitted to participant accounts subsequent to December 31, 2023 to ensure the Company contribution was determined on an annual basis. The Company also provides a discretionary profit-sharing contribution to eligible employees. The Company did not elect to make a discretionary profit-sharing contribution for the year ended December 31, 2023.

All contributions are subject to certain Internal Revenue Code (“IRC”) limits.

Investment Options

Each participant has the right to direct the investment of his or her account into the various investment options offered by the Plan in increments of 1% or a flat dollar amount. Participants may change their investments daily.

Participant Accounts

A separate account is maintained for each participant. Each participant’s account is credited with the participant’s contributions and the Company’s contributions, and an allocation of (1) Plan earnings (losses) and (2) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Neon One LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting

Participant contributions and earnings thereon are always fully vested.

A participant's portion of the Company safe harbor matching and profit-sharing contributions, including earnings thereon, becomes 100% vested based on completion of three years of vesting service.

Notes Receivable from Participants

Participants may borrow from the vested portion of the pre-tax portion of their account balance. The maximum loan available is limited to 50% of such participants' vested accounts, but in no event shall the loan be less than \$1,000 or more than \$50,000, reduced by the highest outstanding loan balance during the previous 12 months. Participants can only have one loan outstanding. The loans are secured by the balance of the participant's account. The interest rate of the loan is set by the Company using the prime rate plus 2%. The interest rate is fixed throughout the duration of the loan. Interest income is recorded on the accrual basis. Loans are repaid in equal installments through payroll withholding over a period not to exceed five years.

Payment of Benefits

The Plan offers four types of withdrawals: non-hardship (retirement or termination of service), hardship, age 59½ and age 73. Each withdrawal type has specific requirements for eligibility, as defined in the Plan adoption agreement. Upon termination of employment, if a participant's account balance is \$1,000 or less, the total account balance is paid to the participant in a lump-sum distribution.

Forfeitures

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees in accordance with the Plan adoption agreement and are used to reduce the Company contributions. Forfeitures in the amount of \$80,934 and \$40,467 were available as of December 31, 2023 and 2022, respectively, to reduce future Company contributions. In 2023, there were no forfeitures used to fund Company safe harbor matching contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note C for fair value measurements.

Neon One LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued as earned. Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan adoption agreement.

Administrative Expenses

Administrative expenses relating to processing loans and distributions are paid by the participants. All other administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements.

Investment Expenses

Investment expenses charged by mutual funds at the individual participant level are included in the net appreciation in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options of the Plan, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the Plan's financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. The Vanguard Cash Reserves Federal Money Market Fund (the Fund) was previously reported as cash. Plan management has determined that the Fund should have been reported as a mutual fund within the fair value hierarchy. The investment in the Fund totaling \$41,736 as of December 31, 2022 has been reclassified to Mutual Funds within the fair hierarchy. There have been no other changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds - Valued at the published market price per share or unit.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2023				
	Level 1	Level 2	Level 3	Total

NOTE D - TAX STATUS

The Plan adopted a standardized prototype plan document which received an opinion letter from the IRS on June 30, 2020, which stated that the standardized prototype plan document is designed in accordance with the applicable sections of the IRC. The Plan administrator has determined that the Plan is eligible and has chosen to rely on the current IRS opinion letter. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's Company contribution account balance will become fully vested.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are in investment funds managed by Ascensus, the trustee of the Plan, or its affiliate The Vanguard Group, Inc. These transactions qualify as party-in-interest transactions as defined under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE H - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2023 financial statements for subsequent events through October 15, 2024, the date the financial statements were available to be issued. On January 1, 2024, the Plan retained
