INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
SEEC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of SEEC Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
SEEC Retirement Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Participants of
SEEC Retirement Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
SEEC Retirement Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SEEC Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan of SEEC, Inc. (Organization) and was established on July 1, 2001. The Plan is subject to the provisions of ERISA.

Eligibility - The Plan covers substantially all employees of the Organization. Employees excluded are nonresident aliens (as defined), employees who normally work less than 20 hours per week, student employees and employees under a collective bargaining agreement. Employees may enter the Plan on their first day of employment.

Contributions - Each year, participants may contribute from 1% to 100% of their eligible compensation (as defined), up to the maximum allowable contribution amount under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Participants who have worked at least fifteen years for a qualified organization as defined in IRC section 402(g)(7), may make special 401(b) catch-up contributions, as defined. Participants additionally may contribute amounts representing distributions from other qualified plans permitted by the IRC (as defined).

The Organization may contribute a discretionary matching contribution, as determined by the Organization, to participants deferring into the Plan based on their years of service. For 2023, the Organization provided the following matching contribution formula based on participants' pre-tax and Roth deferral contribution elections (including catch up contributions) and years of service. The matching contribution for 2023 totaled \$220,691.

<u>Matching Percentages</u>	
<u>Years of Service</u>	<u>Matching Percentage</u>
Less than 1	0%
1 - 3	2%
4 - 5	3%
6 - 9	4%
10 or more	5%

The Organization may make a discretionary non-elective contribution. The Organization elected to make a fixed amount per participant utilizing the grouping method allocation formula based on the Organization's eligibility criteria. The discretionary non-elective contribution for 2023 totaled \$201,000.

The Organization may also make Qualified Nonelective Contributions (QNECs), as defined in the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Organization's contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Investment Options - Participants may direct the investment of their contributions and the Organization's contributions into a group annuity contract with Principal Life Insurance Company (PLIC). The group annuity contract offered by the Plan contains various registered investment companies (mutual funds) and the Principal Fixed Income Guaranteed Option (PFIGO) (see Note 5). For those participants who do not make an investment selection, their contributions and the related Organization contributions are automatically invested in the Plan's default investment account.

Previously the Plan offered, and assets remain in, the Voya Fixed Plus Account II and separate accounts (Variable Annuity Account C) held under the Voya Group Combination Deferred Annuity Contract.

Vesting - Participants are immediately vested in their contributions, the Organization's matching contributions and QNECs plus earnings thereon. Vesting in the Organization's discretionary non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after one year of credited service. Regardless of the vesting schedule, participants will become fully vested upon reaching the normal retirement age of 65 while an active employee.

Notes Receivable from Participants - Participants may borrow from their fund accounts. Notes receivable from participants on the accompanying Statements of Net Assets Available for Benefits include only those notes issued under the Principal Group Annuity Contract. The minimum note amount is \$1,000; however, no note to any participant shall be made in an amount which exceeds \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at a rate of Prime plus 1% and only exceed a repayment period of five years for the purchase of a principal residence. Notes receivable for the purchase of a principal residence may not exceed a repayment period of 15 years. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums, partial distributions or an annuity contract. Distributions of all participant and Organization contributions are payable upon termination of employment, death, upon incurring a disability, attainment of normal retirement age or age 59 1/2. Account balances that are less than \$5,000 at the time of a participant's termination from the Organization will be automatically distributed in the form of a lump sum payment. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions defined in the plan document. The Principal Group Annuity Contract contains additional limits as described in Note 5.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Accounting - continued - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive (FBR) investment contracts, which should be reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBR investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the PFIGO which is considered to be FBR. The Statements of Net Assets Available for Benefits present the contract value of the FBR investment contracts.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for FBR contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, Principal and Voya. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - The separate accounts in the Voya Variable Annuity Account C are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do hold "units of participation" in the separate accounts. Generally, each account maintains a separate "accumulation unit value" (AUV). The AUV is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. Additions to and deductions from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based on the terms of the plan agreement or contract.

Contributions - Contributions from plan participants and the Organization's discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation or in which participant compensation is earned. The Organization's discretionary non-elective contribution is recorded in the year in which the eligibility requirements were satisfied.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment.

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Expenses - continued - PLIC charges asset-based recordkeeping and ERISA budget fees and fees related to the administration of notes receivable from participants and participant distributions. Voya assesses an annual maintenance fee to participants. PLIC and Voya fees are charged directly to the participant's account and are included in administrative fees.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Voya Variable Annuity Account C - Separate Accounts: The separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The AUV is the value of each unit in the separate account. The AUV is determined daily based on the NAV of shares of the underlying fund, the fund's dividends and the Contract's separate account charges.

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at net asset value				61,861
Investments at fair value				<u>\$ 5,262,566</u>

Generally, the separate accounts are not subject to withdrawal limitations, can be redeemed on a daily basis and do not have unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTIONS

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividend and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Voya Retirement Insurance and Annuity Company (Voya), the qualified institutions.

NOTE 5 - PRINCIPAL GROUP ANNUITY CONTRACT

The Plan has entered into a Group Annuity Contract (Contract) with PLIC offering the PFIGO. The PFIGO is a single group annuity contract with a fixed rate of interest. PLIC maintains the assets in a general account of PLIC and is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The contract value represents contributions made under the Contract, plus earnings, less any participant-directed withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

**SEEC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 5 - PRINCIPAL GROUP ANNUITY CONTRACT - CONTINUED

An amendment to the Contract was executed in July 2022 and relevant changes made to the provisions of the Contract include new vintage schedules effective June 1, 2022, composite crediting rate changes and a change to the excess transfer percentage in the surrender charge calculation.

In general, payments and transfers are made in full within 3 business days after the date the payment or transfer has been requested. In the event market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payments or transfers. Additionally, a surrender charge of 5% will be assessed on all transfers by a plan sponsor in excess of cumulative transfer percentages (as defined) as of the date of the transfer. Should the plan sponsor terminate the Contract, a twelve-month notice is required and depending on the cumulative transfer percentages, a surrender charge of 5% may apply.

The crediting interest rate is based on a formula agreed upon with the issuer, and under the terms of the existing contract, the composite crediting rate (as defined) is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate (as defined). As amended for 2023, the guaranteed minimum interest rate will not be less than 0.15% or greater than 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. There are no reserves against the investment contracts for credit risk of the contract issuers or otherwise.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of various registered investment companies offered by Principal Funds, Inc. and the PFIGO managed by PLIC. Plan investments also consist of various separate accounts managed by Voya, a custodian of the Plan. PLIC, Principal Funds, Inc. and Principal Trust Company, a custodian of the Plan, are members of Principal Financial Group. These transactions qualify as party in interest transactions.

PLIC provides certain administrative services to the Plan pursuant to the Service and Expense Agreement (Agreement) between the Organization and PLIC. Pursuant to the Agreement, the Plan pays asset-based recordkeeping and ERISA budget fees. ERISA budget fees are used to pay the Plan's investment advisor and other administrative costs of the Plan. The asset-based fees are charged directly to participants' accounts on a pro-rated basis. PLIC may also earn compensation in the form of short-term interest ("float") on certain items in connection with the Plan. Participants pay transactional fees relative to the administration of notes receivable from participants and participant distributions. Fees paid by the Plan to PLIC, and included in administrative expenses, amounted to \$51,529 for 2023. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed CCH Incorporated, DBA ftwilliam.com, by a letter dated March 31, 2017, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Organization's discretionary non-elective contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2023 and 2022, 83% and 81%, respectively, of net assets available for benefits is invested in the American Funds Target Date Retirement Funds; however, by their nature, the American Funds Target Date Retirement Funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

Effective April 1, 2024, the Plan was amended to include an eligible automatic contribution arrangement. Under the provision, a pre-tax contribution of 5% of compensation will automatically be elected for new employees hired after the effective date, unless otherwise directed by the employee.
