INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Retirement Savings Plan of Flad Affiliated Corp.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Retirement Savings Plan of Flad Affiliated Corp. ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Retirement Savings Plan of Flad Affiliated Corp. ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through October 8, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participating employers - The plan is a multiple-employer profit sharing plan which includes the following participating employers, collectively referred to as "the employer", that are related entities.

FAC Services, LLC ("FAC")

Flad & Associates, Inc. and related employers:

Flad & Associates of Florida, Inc.

Flad & Associates of California, Inc.

Flad Architecture & Engineering, P.C.

Facility Leaders in Architecture/Engineering Design, P.C.

Affiliated Engineers, Inc. and related employers:

Affiliated Engineers SE, Inc.

Affiliated Engineers W, Inc.

Affiliated Engineers NW, Inc.

Affiliated Engineers Metro DC, Inc.

Flad Development & Investment Corp. ("FDIC")

ACS-Affiliated Construction Services, Inc. ("ACS")

Key parties of the plan - FAC is the plan administrator. Matrix Trust Company ("Matrix") is the trustee of the plan that holds custody of the plan's investment assets. OneAmerica Retirement Services LLC ("OneAmerica") is the third party administrator that maintains participant investment records. During 2023, OneAmerica assumed the role of tax counsel that performs various compliance tests. Francis Investment Counsel, LLC provides investment advisory services to the plan.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Notes to Financial Statements

December 31, 2023 and 2022

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trusts - Valued at the NAV based on units of the common/collective trusts. The common/collective trusts held by the plan are all individual direct filing entities. The NAVs are used as practical expedients to estimate fair value. The NAVs are generally based on the fair values of the underlying investments held by the common/collective trusts less their liabilities. The practical expedient would not be used if it would be determined to be probable that the common/collective trusts would sell the investments for amounts different than the reported NAVs.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$127,270,322	\$ -	\$ -	\$127,270,322

Notes to Financial Statements

December 31, 2023 and 2022

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the previous tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan is a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan and receive employer discretionary matching contributions once they have completed three consecutive months of service during which 250 hours of service are completed and have reached aged 20½. If the three-month requirement is not satisfied following the employee's hire date, an employee is eligible to participate in the plan and receive employer discretionary matching contributions upon completing one year of service. An employee can enter the plan at the beginning of the plan year quarter immediately after meeting eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals. New employees are automatically enrolled in the plan after meeting the participation requirements and have 6% of their compensation withheld as deferral contributions. All participants' deferral rates are increased annually on July 1 by 1%, until their deferral percentage reaches 12%. In addition, the plan has a re-enrollment feature, which requires participants who are deferring less than 6% to update their deferral election each July 1. Any participant who is deferring less than 6% that does not annually update or confirm their deferral percentage is re-enrolled on July 1 with a 6% deferral rate. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- Employee rollover contributions are accepted by the plan from other qualified plans.
- Employer matching contributions can be made at the employers' discretion. Each participating employer may make separate employer discretionary matching contributions. During 2023 and 2022, all participating employers elected to contribute employer discretionary matching contributions equal to 50% of the first 6% of participants' deferrals. These contributions are funded coinciding with each payroll.

Retirement Savings Plan of Flad Affiliated Corp.

Notes to Financial Statements

December 31, 2023 and 2022

- d. Each plan year, the employers may make an additional annual pro-rata profit sharing or annual per capita allocation contribution ("discretionary nonelective employer contribution"). There are no service requirements in order to receive the discretionary nonelective employer contribution. To receive discretionary nonelective employer contributions, an employee must be age 20½ and employed on the last day of the year the contribution relates to. Shareholders are excluded from receiving discretionary nonelective employer contributions. Each participating employer may make separate discretionary nonelective employer contribution elections, as further described in the plan document. During 2023, ACS, FAC, and FDIC elected to not make a discretionary nonelective employer contribution and all other participating employers elected to make an additional annual pro-rata profit sharing contribution of \$2,500 per eligible participant. During 2022, ACS elected to not make a discretionary nonelective employer contribution; FAC elected to make an additional annual pro-rata profit sharing contribution of \$2,500 per eligible participant and all other participating employers elected to make an additional annual pro-rata profit sharing contribution of \$4,000 per eligible participant. Total discretionary nonelective employer contributions were \$2,920,000 in 2023 and \$4,635,000 in 2022.

Participant accounts - Contributions are remitted to the trustee who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage or suspend their deferral election at any time.

Vesting - Employee contributions, employer discretionary matching contributions, discretionary nonelective employer contributions and related earnings are immediately 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Participants may receive their distribution in the form of a single lump sum, partial withdrawals or installment payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative fees of the plan are paid by the employers. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for services and administrative fees. The nonparticipant directed charges are allocated to participants on an account value basis.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may only have one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2023, the notes receivable from participants had various repayment schedules through September 2033 with interest rates from 3.25% to 8.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Any transactions between the plan, OneAmerica and Matrix qualify as party-in-interest transactions. Direct fees paid by the plan to OneAmerica were \$213,000 in 2023 and \$284,000 in 2022. In addition, Matrix receives indirect compensation from mutual fund service providers for services Matrix provides to the funds. This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan to Matrix for its administrative services provided to the plan and totaled \$41,000 in 2023 and \$97,000 in 2022. Such indirect compensation is presented as other income in the accompanying statements of changes in net assets available for benefits.

Notes receivable from participant transactions also qualify as party-in-interest transactions.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements

December 31, 2023 and 2022

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan is operating under a OneAmerica Financial Partners, Inc. Non-Standardized Pre-Approved Profit Sharing Plan that received a favorable opinion letter on August 19, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE TRUSTEE

Management has obtained certifications from Matrix, the trustee of the plan, which is a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2023 and 2022;
- b. Dividends from investments and net appreciation (depreciation) in fair value of investments during 2023 and 2022;
- c. Purchases and sales of investments during 2023 and 2022; and
- d. Contributions to, investment income (loss) credited to, benefits paid from, and transfers between investment accounts during 2023 and 2022.
