Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2023 and 2022, and for the year ended October 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended October 31, 2023, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of October 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 1. Description of Plan:

The following description of the Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Carolina International Trucks, Inc. (the "Company"), except leased employees and non-resident aliens, who have 6 months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Administrative Committee is responsible for oversight of the plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Each year, participants may contribute a percentage of before-tax annual compensation, as defined in the Plan, up to the maximum amount defined in the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants are allowed to designate all or a portion of their contributions as Roth contributions. Roth contributions are allowable in the Plan as a special kind of after-tax contribution that is subject to most of the same rules as before-tax contributions. A participant may change the rate of contributions at any time. The Plan currently offers a guaranteed investment contract plus various pooled separate accounts as investment options for participants.

The Company, at its discretion, may make a matching contribution equal to a percentage of each participant's elective deferrals, the exact percentage to be determined each year by the Company's board of directors. For the year ended October 31, 2023, the Company contributed 25% of the first 4% of compensation that a participant contributed to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. During the year ended October 31, 2023, the Company did not make any profit-sharing contributions to the Plan. Contributions are subject to certain limitations under the Code.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 1. Description of Plan (continued):

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	50%
4	75%
5	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined daily, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions over a period no longer than 10 years.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, monthly installments over a period of years, or an annuity. While employed, participants generally may not receive a distribution from their accounts. However, a participant may request a distribution of all or a portion of their voluntary contributions if they can demonstrate financial hardship. If the Plan administrator approves the request, the participant shall be suspended from making voluntary contributions to the Plan for a certain period after receiving the hardship distribution.

Forfeited Accounts - At October 31, 2023 and 2022, forfeited nonvested accounts totaled \$42,557 and \$32,893, respectively. These accounts will be used to reduce the Plan's administrative expenses or future employer contributions as further defined by the Plan. For the year ended October 31, 2023, administrative expenses were reduced by \$214 from forfeited nonvested accounts.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 2. Summary of Accounting Policies:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, trustee fees, and investment fees are included in administrative expenses.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 3. Qualified Non-Elective Contributions (“QNEC”):

As of October 31, 2022, the Plan recorded a QNEC in the amount of \$51,622 to correct certain participant deferrals identified by plan management. During the year ended October 31, 2023, plan management determined that participant deferrals had been correctly calculated and remitted to the Plan, and thus the QNEC was not needed. As a result, the prior year QNEC was reversed in the current year.

During the year ended October 31, 2023, participant contributions and participant loan repayments totaling \$149,302 were remitted by the Company to the trustee later than required by Department of Labor (“DOL”) Regulation 2510.3-102. The Company has calculated lost earnings totaling \$4,879 through October 31, 2023, and has recorded a QNEC due to the Plan as of that date.

Note 4. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at October 31, 2023 and 2022, and net appreciation in fair value of investments, interest, and dividends for the year ended October 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (“Empower Trust”), the trustee of the Plan.

Note 5. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 5. Fair Value Measurements (continued):

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued based upon the NAV of the funds multiplied by the units held by the Plan at year end. The NAV, as provided by Empower Trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments can be valued on active markets. There are no restrictions on the ability of investors to redeem any of these investments.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 5. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets measured at fair value on a recurring basis as of October 31, 2023 and 2022:

	Fair Value Measurements Using Input Type			<u>Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
<u>October 31, 2023</u>				
Mutual funds	\$ 4,687,582	\$ -	\$ -	\$ 4,687,582
 <u>October 31, 2022</u>				
Mutual funds	\$ 5,041,406	\$ -	\$ -	\$ 5,041,406

In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, the Plan's investments in pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient and a fully benefit-responsive investment contract that is measured at contract value have not been classified in the fair value hierarchy.

Note 6. Group Annuity Contract:

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual"), who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on an interest rate agreed upon with the issuer, but it may not be less than 3.0%. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 6. Group Annuity Contract (continued):

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 7. Related Party and Party-in-Interest Transactions:

Empower Advisory Group, LLC, and Empower Annuity Insurance Company of America (collectively, "Empower"), serve as the Plan's investment manager and recordkeeper, respectively. RPA Financial, LLC ("RPA") serves as the Plan's investment advisor. Thus, transactions within investments qualify as party-in-interest transactions as defined by ERISA. The Plan paid fees to Empower and RPA totaling \$19,950 and \$17,172, respectively, during the current year. The plan sponsor pays directly certain fees related to the Plan's operations.

Certain officers of the Company serve as administrators of the Plan.

Note 8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend any or all provisions of the Plan as well as to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Carolina International Trucks, Inc. Employees' 401(k) Retirement Plan
Notes to Financial Statements

Note 9. Tax Status:

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has determined that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three years for federal income tax examination.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at October 31, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>

Less, contributions receivable at October 31, 2023	<u>(9,430)</u>
Contributions per Form 5500	<u><u>\$ 739,298</u></u>

Note 12. Subsequent Events:

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of October 31, 2023, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 15, 2024, which is the date these financial statements were available to be issued.

Effective May 1, 2014, Automatic Data Processing was appointed as the third party administrator and ADP Retirement Trust Services, LLC as Plan trustee. On May 1, 2024, assets totaling \$6,511,345 were transferred from Empower Trust to ADP Retirement Trust Services, LLC.

There were no other subsequent events that required disclosure in these financial statements.
