INDEPENDENT AUDITORS' REPORT

To the Participants and Governance of
Ranor, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ranor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ranor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ranor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ranor Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of Ranor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) - December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF PLAN

The following description of the 401(k) Plan (the “Plan”) of Ranor, Inc. is for general information purposes only. Participants should refer to the Plan for a more complete description of the Plan’s provisions.

General

The 401(k) Plan of Ranor, Inc. is a defined contribution plan for all eligible employees of Ranor, Inc. (the “Company”). The Plan trustee, Fidelity National Information Services Inc.’s Reliance Trust Company and Reliance Financial Corporation (“the Trustee”) is appointed by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held, and investment transactions are executed by the Trustee, and Automatic Data Processing, Inc. (“the ADP”) serves the record-keeper.

Eligibility

All regular salaried, sales, and hourly employees of the Company are eligible to participate in the plan. Temporary employees are not eligible to participate in the Plan. Minimum employee eligibility requirements include having the minimum age of 21 years and minimum service period of three months. Plan entry occurs on the first of month following meeting the eligibility requirements. In 2023, a total of 98 persons were participants in or beneficiaries of the plan at the end of the year. The number of eligible employees was 98 and the number of employees deferring their compensation was 86 (87.8%).

Notes Receivable from Participants

Generally, participants may borrow from the plan and the loans are secured by the balances in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the trustee. Principal and interest are paid through payroll deductions. Loans are made on a uniform and non-discriminatory basis. The minimum loan is \$500. Employees can borrow up to 50% of their vested account balance to a maximum of \$50,000. However, the \$50,000 amount is reduced by the highest outstanding loan balance an employee had under the Plan during the previous one-year period.

Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of the employee’s primary residence. Loans used to purchase the employee’s primary residence may be repaid within a period of no more than 30 years. An employee must repay any outstanding loan before a new loan can be made.

The interest rate for a loan is the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in the Wall Street Journal on the 14th of each month, plus two percentage points. Interest is accrued monthly. As of December 31, 2023, the interest rate on notes receivable from participants (participant loans), ranged from 5.25% to 10.5%.

If an employee does not repay the loan, the outstanding loan balance will be included in her or his gross income for federal income tax purposes as if it were distributed to the employee (deemed distributed loans).

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

Contributions

Contributions can be invested in one or more of the investment options provided by the Plan.

Participant Contributions — Contributions to participants' accounts are affected through voluntary withholdings from their compensation (elective deferrals). Compensation and contribution limits are subject to annual cost-of-living adjustments. The annual limits are:

- Salary deferrals - effective contributions are not treated as catch-up contributions until they exceed the limit of \$23,000 in 2024 and \$22,500 in 2023. [Participants age 50 or over at the end of the calendar year can also make catch-up contributions. You may contribute additional elective salary deferrals of:](#) \$7,500 in 2023 and 2024.
- The maximum annual compensation of each employee that can be taken into account under a plan for any year must not exceed \$330,000 for 2023 and \$345,000 for 2024. These limits do not include "catch-up" elective IRC section 415(c)).
- Annual contributions for each participant are subject to participation and discrimination standards of the Internal Revenue Code (the Code) Section 401(k)(3). Any compensation deferral in excess of applicable Code limitations, together with income allocable to that excess, will be returned to a participant.

The Participants also may rollover distributions from other qualified defined benefit or defined contribution plans into the Plan. The other contributions including rollovers were \$21,179 in 2023.

The participants may make a pre-tax contribution of 1% to maximum of 70% of their wages or salaries. The automatic default contribution rate is 3%, deducted pretax from the wages and invested in the plan's default fund for the employee.

Company Contributions — matching contributions are intended to satisfy the requirements of the Code Section 401(k) (11). The Company will make a matching contribution equal to 30.0 % of an employee's elective deferrals, inclusive of catchups. The Company will not match elective deferrals that exceed 5.0% of an employee's eligible earnings. Non-elective contributions are allowed and may be made in the ratio of compensation, at the year-end, to those employed.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions, and investment earnings. Contributions to the Plan are allocated to participants' individual accounts on the date of receipt by the trustee. Participants direct the investment of their and the Company contributions into various investment options offered by the Plan. Certain administrative expenses triggered by a participant's actions, such as loan expenses, are charged to the participant's account. The benefit for which a participant is eligible is the benefit that can be provided from the participant's vested account.

Distributions

Participants or their beneficiaries may receive distributions of their account balances upon the earlier of reaching age 59½, death, or termination of service, as defined in the Plan. Further, a participant who experiences a qualified financial hardship may receive a distribution of all or a portion of the participant's account balance. Such distributions are generally made in a lump sum.

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

Vesting

Employee contributions, any amounts you rolled into the plan, and company contributions, adjusted for gains and losses, are always vested 100%. The Company contribution vests according to the following schedule:

Years of Service	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
Employer Match w/vesting			Vested Immediately			
Employer NEC	0%	20%	40%	60%	80%	100%

Forfeiture

If employees terminate employment before becoming 100% vested in their account balance but do not take a distribution from the Plan, the non-vested portion of their account balance will be forfeited as of the date they have a five-year period of severance. If they terminate employment before becoming 100% vested and receive a distribution of the vested portion of their account, the non-vested portion of their account will be forfeited when they receive the distribution. If they are rehired as an employee and eligible to participate in the Plan, however, the forfeited amount will be restored to their account if they repay the entire amount previously distributed to them within five years of their reemployment or, if earlier, before they incur a five-year period of severance. If they do not repay the distribution - or if they are rehired after they have incurred a five-year period of severance, the forfeited portion of their account balance will remain forfeited and will not be restored. There was no forfeiture in 2023 and 2022.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their total Account Balance.

Administrative expenses

Administrative expenses of the Plan, such as trustee and recordkeeping expenses, are paid directly by the Company, while other administrative expenses, such as loan administration and withdrawal expenses, are paid directly by the affected plan participants. The investment funds offered by the Plan have investment fees and expenses that are indirectly borne by the Plan and charged against the related funds' net asset values.

Investments

Upon enrollment in the Plan, the participants direct the allocation of all of the amounts contributed to their accounts in any of the available investment funds. At any time, the employees can request that changes be made to their elective deferrals, the investment of their future contributions; or to reallocate/transfer their current account balance. The employees receive a quarterly statement that shows the activity in their account for the calendar quarter, including their contributions and investment earnings. All investments are participant directed.

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than United States generally accepted accounting principles. The modified cash basis of accounting is the cash basis of accounting except for investments, which are adjusted to fair value. The Plan's Trust Report is provided on a cash basis and receivables and payables are not applicable. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and additions and deductions during the reporting period. Actual results could differ from those estimates.

Participant Notes Receivable and Interest Income

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income on notes receivable from participants is recorded when it is earned. The notes receivable from participants are secured by the vested account balances of the borrowing participants. No allowance for credit losses was recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a deemed distribution is recorded, which is a taxable event for the participant. A loan offset is recorded to reduce the participant's account balance by the outstanding amount of the loan when the loan has been determined to be in default and the participant account incurs a distributable event as defined in the Plan agreement.

Income Recognition

Purchases and sales of securities are reflected on a trade date basis. Gains or losses on sales of securities are based on average cost. Dividends received in cash are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of (i) realized gains or losses, and (ii) unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are payable to the employee after they leave the Company for any reason (retirement, termination, disability, or death). The employees can elect to receive their vested benefit in a single lump sum, installments, partial withdrawal, direct rollover to an individual retirement account, direct rollover to individual retirement annuity, direct rollover to another employer's tax qualified plan, or defer receiving payments. Beginning in 2023, the SECURE 2.0 Act raised the age that participants must begin taking required minimum distributions (RMDs) to age 73. If participants reach age 72 in 2023, the required beginning date for their first RMD is April 1, 2025, for 2024.

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

Upon an employee's death, the vested account balance is paid in a single lump sum to the beneficiary. The surviving spouse may elect to roll over the lump sum distribution to another qualified plan or IRA. A non-spouse beneficiary may elect a direct rollover of a lump sum distribution to an IRA, in accordance with and to the extent permitted under guidance issued by the Internal Revenue Service.

Benefit payments to participants or beneficiaries are recorded upon distribution. On December 31, 2023 and 2022, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not been paid.

Operating Expenses

All expenses of maintaining the plan are paid by the company. The investments in the Plan do not charge participants commissions or sales loads for purchasing shares or investment units with their Plan account. Many of the investment funds available under the Plan do, however, pay fees and incur expenses that will most likely have an impact on the participant's account balance. These investment fees and other expenses may reduce the returns generated by investment funds in which the participants invest. In addition, some of the investment options pay fees based on the total assets invested in the fund to various service providers, which may include the Plan's record keeper, for other investment and administrative services provided to the investment fund.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Gains and losses are calculated on a moving average and use a current value cost basis.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned. Net appreciation/depreciation in fair value of investments represents realized gains (losses) on investments sold and unrealized appreciation (depreciation) on investments held at year-end.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of limits established by the Code, including related gains or losses are recorded as a liability with a corresponding reduction to contributions.

The Plan used \$5,697 of excess participant contributions to offset contributions and reduced related investment gains by \$895. As of December 31, 2023, the Plan owed \$6,592 in excess contributions. In 2022, excess contributions were \$558, with a related \$94 investment loss. The Plan's statement of net assets shows excess contributions payable of \$6,592 in 2023 and \$464 in 2022.

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the valuation methodologies used for assets measured at fair value is as follows:

Participant loans: Valued at amortized cost, which approximates fair value.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts ("CCT"): The Putnam Stable Value Fund is a collective trust and is comprised of investment contracts including traditional guaranteed investment contracts (GICs) and Synthetic GICs (security-backed investment contracts) issued by insurance companies and other financial institutions. The investment contracts help to stabilize the value and returns of the fund. These contracts are backed by a portfolio of fixed income securities.

The stable value fund generally permits redemptions daily. If the fund experiences periods of insufficient liquidity, then the stable value fund may defer honoring any payment request until liquidity is sufficient. The Plan is permitted to redeem investment units at net asset value (NAV) on the measurement date. The fund's returns will fluctuate with interest rates and market conditions. The fund is not insured or guaranteed by any governmental agency.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE 3. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination. Generally, all investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Participants are exposed to credit loss in the event of non-performance by the trustee or non-performance by the entities in which the investments are placed.

NOTE 4. INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax - exempt status and has no uncertain tax position that require adjustment to the financial statements. Therefore, no provision or liability for income taxes is included in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 5. TRUSTEE CERTIFICATIONS AND SERVICE AUDITORS' CONTROL REPORTS

The plan administrator has received the following audit reports:

1. The certification letter issued on behalf of Reliance Trust Company , on April 25, 2024, by the Senior Vice President of Reliance Trust Company and FIS Company (Reliance). Reliance certifies that the information furnished to the plan administrator pursuant to 29 CFR 2520.103-5(c), including the information provided on the Form 5500 Annual Return/Report, any Schedules thereto, and any other statements, reports or documentation prepared by ADP on behalf of Reliance with respect to assets of the plan held by Reliance in a separate trust or custodial account, is complete and accurate to the best of Reliance's knowledge and belief.
2. Grant Thornton's, independent service auditors, unmodified opinion report (SOC 1 Type II Report) on examining Fidelity Information Services, LLC's (FIS) description of its Reliance Trust Company, Reliance Financial Corporation, and Reliance BPaaS system and controls for processing user entities' transactions throughout the period October 1, 2022 to September 30, 2023 and the

DECEMBER 31, 2023 AND 2022

suitability of the design and operating effectiveness of controls included in the description to achieve the related control objectives stated in the description, based on the criteria identified in Fidelity Information Services, LLC's Assertion. The report was issued on December 15, 2023.

3. January 1, 2024, Reliance Trust's assurance statement (Gap Letter) provides assurance statement in reference to the internal controls described in the Reliance Trust Company, Reliance Financial Corporation and Reliance BPaaS report, dated through the year ended September 30, 2023. Reliance Trust certifies that there were no significant changes which could materially adversely affect such internal controls or conclusion of this report during the period of October 1, 2023 through December 31, 2023. There were no corrective actions taken with regard to significant deficiencies and material weaknesses in such internal controls which have not been disclosed previously.

The letter also certifies that no significant changes have been made to the control environment and to their knowledge, there are no significant changes or modifications that clients would need to execute related to the complementary user entity controls provided in the 2023 report. In addition, to their knowledge, there has been no fraud, whether or not material, which involves FIS management or other employees who have a significant role in FIS internal controls described in the SOC 1 report.

4. Ernest and Young LLP's, independent service auditors, unmodified assurance opinion (SOC 1 Type II Report) on examining Automatic Data Processing, Inc.'s (ADP) description of its Retirement Services (RS) for the 401 (k)/Qualified Plan and Participant Record Keeping Operations Services System (System), for processing user entities' transactions and suitability of the design and operating effectiveness of controls described therein to achieve the related control objectives stated in the Description (Control Objectives) based on the criteria identified in "ADP Management Assertion". The report was issued on April 15, 2024.

NOTE 6. INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520-103-8 of the department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974. Accordingly, Reliance Trust Fund, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the years then ended has certified that the following data included in the accompanying financial supplemental schedule H, Line 4(i)-Schedule of Assets(Held at End of Year) as of December 31, 2023 and related investment activity reported in the Statement of Changes in Net assets Available for Benefits for the year ended December 31, 2023.

RANOR, INC. 401 (K) PLAN

DECEMBER 31, 2023 AND 2022

Fair value of Investments

The lowest level of input that is significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgement and may affect the classification of the fair value assets and liabilities within the fair value hierarchy levels.

The following tables sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022, except for common/collective trusts measured using the net asset value (NAV) practical expedient. The fair value for common/collective trusts is provided below to permit reconciliation of fair value hierarchy to the amounts presented in the Statements of Net Assets Available for benefits.

Investments at Fair Value December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds (a)	\$ 7,108,779	\$ -	\$ -	\$ 7,108,779
Common/Collective Trusts (b)	-	-	-	442,555
Total	\$ 7,108,779	\$ -	\$ -	\$ 7,551,334

Investments at Fair Value December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds (a)	\$ 6,198,964	\$ -	\$ -	\$ 6,198,964
Common/Collective Trusts (b)	-	-	-	411,050
Total	\$ 6,198,964	\$ -	\$ -	\$ 6,610,014

Valuation methodology of investments used in 2023 and 2022 is as follows:

- a. Mutual funds are valued by quoted market prices in active markets. The mutual funds held by the plan are deemed to be active and are valued at the daily closing price as reported by the fund.
- b. The investments in Common Collective Trust are measured at net asset value per share (or its equivalent).
The investments held in common/collective trusts are valued at the NAV per unit of the underlying funds. The NAV is used as the practical expedient to estimate fair value and therefore, investments recorded at NAV are not categorized in the fair value hierarchy. NAV of the collective trust is calculated daily. Participants' redemptions of the common/collective trusts are permitted daily with no other restrictions or notice periods and there are no unfunded commitments. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.
- c. Plan did not have any Level 2 or 3 measurements as of December 31, 2023 and 2022 and there were no transfers in or out of Levels 1, 2 or 3, during the years ended December 31, 2023 and 2022.
- d. There have been no changes in valuation methodologies used at December 31, 2023 and 2022.
- e. The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

RANOR, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2023 AND 2022

methodologies and assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Supplemental Schedules of Assets Held at End of Year and Reportable Transactions

The supplemental schedules of assets held at end of year and reportable transactions based presented with the financial statements are based on the information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 7 —NOTES RECEIVABLE FROM PARTICIPANTS

The following table sets forth a summary of changes in the notes Receivable from participants for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Balance, beginning of year	\$ 168,547	\$ 150,895
Loans and repayments (net)	<u>(1,840)</u>	<u>17,562</u>
Balance, end of year	<u>\$ 166,707</u>	<u>\$ 168,457</u>

As of December 31, 2023, outstanding loans had interest rates ranging from 5.25% to 10.5% with maturity dates from 2023 to 2028. Five of these loans were defaulted, totaling \$50,389 in principal and accumulated interest. These defaulted loans are considered deemed distributions under the Internal Revenue Code. In 2023, the total reduction in defaulted loans was \$11,357, which included offsetting the principal and accumulated interest of four defaulted loans against participant accounts and paying the accumulated interest on a defaulted loan (Note 9).

As of December 31, 2022, outstanding loans had interest rates ranging from 5.25% to 8% with maturity dates from 2022 to 2027. Nine of these loans were defaulted, totaling \$58,310 in principal and accumulated interest.

NOTE 8 —RELATED PARTY AND PARTY-IN-INTEREST

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others.

The Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions. The Plan recordkeeper is the administrator of these transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain professional fees for the administration of the Plan were paid by the Company. Fees paid by the Plan to ADP, the Plan record keeper totaled \$17,654, for 2023.
