Independent Auditors' Report

To the Trustees of
Paradigm Management II LP
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Paradigm Management II LP 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Paradigm Management II LP 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Paradigm Management II LP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Paradigm Management II LP 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Paradigm Management II LP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Paradigm Management II LP 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PARADIGM MANAGEMENT II LP 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Paradigm Management II LP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution and profit sharing plan covering substantially all employees of Paradigm Management II LP and its affiliates, Paradigm Development Company, L.L.C., Paradigm Contractors L.L.C., and Paradigm Holdings, L.L.C., referred to collectively herein as the "Company". The Plan was established January 1, 1995, to provide certain retirement benefits for employees eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility - All employees are eligible to participate in the Plan on the first day of the plan year quarter coinciding with or next following the date after completing three months of service for purposes of all contributions. A year of service for eligibility purposes is a calendar year during which the employee completes at least 1,000 hours of service.

Contributions - The Company makes contributions to the Plan for participants as follows:

Salary Reduction Contributions - In lieu of compensation, a contribution is made to the Plan either on a tax-deferred basis or as Roth contributions each pay period. The Plan includes automatic deferral provisions. Unless a participant makes an affirmative election, the employer will withhold 6 percent of compensation for each payroll period. The Plan will permit participant permissible withdrawals within 90 days of the first automatic deferral. These automatic deferral provisions do not apply to employees who became participants prior to January 1, 2022. Active participants may elect to defer up to the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year.

Discretionary Contributions - Each year, the Company may make a discretionary contribution to the Plan as a percentage match of the participants' salary reduction contributions. The employer matching contribution limit on elective deferrals the employer will match is up to 6 percent of a participant's compensation. Discretionary contributions were 50 percent of the first 6 percent of participant salary reduction contributions for the year ended December 31, 2023.

Profit Sharing Contributions - The Company also may make discretionary profit sharing contributions from company profits. Contributions will be allocated as of the last day of each plan year to each participant's account in the proportion for which that participant's compensation bears in relation to the total compensation of all eligible participants for the plan year. Participants earning above the Social Security wage base for that year will receive a larger allocation, not to exceed the lesser of 5.7 percent or the amount allocated below the Social Security wage base. No profit sharing contributions were made for the year ended December 31, 2023.

Participant Accounts - A separate account is established for each participant. Each participant's account is credited with the participant's contributions, employer discretionary and profit sharing contributions (if any), allocations of earnings (losses) based on the performance of the investment account(s) selected by the participant, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the vested benefit that can be provided from his/her account.

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are fully vested in their salary reduction contributions at all times. For the purpose of determining vesting in the discretionary contributions, participants are credited with one year of service for each plan year in which they are compensated for 1,000 hours of service. Participants become vested in profit sharing and discretionary contributions in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0 percent
2	20 percent
3	40 percent
4	60 percent
5	80 percent
6	100 percent

Forfeitures - The Plan provides that forfeitures may be used to reduce employer contributions or to pay plan administrative expenses. During 2023, forfeitures of \$12,400 were used to pay plan administrative expenses. The balance of forfeited non-vested accounts as of December 31, 2023 and 2022 was \$59,152 and \$44,694, respectively.

Expenses - The Company pays the majority of the Plan's administrative expenses except those expenses that are charged directly to participant accounts. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value investments.

Benefit Payments - Distributions to a participant or his/her beneficiary shall be made after the occurrence of termination of employment, disability, death, attainment of age 65, retirement, or plan termination. On termination of employment, a participant may elect to receive either a lump-sum distribution equal to the fair value of the participant's account, or an annuity calculated based on the participant's account balance. Participants with \$1,000 or less in their account are limited to a lump-sum payment. Employees that have attained the age of 59½ years may elect to receive an in-service distribution up to the amount in which the employee is fully vested. Additionally, the Plan allows for hardship distributions if certain criteria are met.

Notes Receivable from Participants - Participants can borrow up to the lesser of \$50,000 or 50 percent of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest up to 9.50 and 7.25 percent at December 31, 2023 and 2022, respectively, which is commensurate with local prevailing rates. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions (as applicable). Terms range from one to five years, or greater if for the purchase of a primary residence.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions into a variety of pooled separate accounts. The funds are maintained by Voya Institutional Trust Company ("VITC"). Contributions to these accounts are invested in the general funds of Voya Financial, Inc. ("Voya"), the parent company of VITC. Participants may change their investment options daily.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties - Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan invests in pooled separate accounts that determine fair value using the net asset value ("NAV") of the funds. The NAV is determined by each fund's trustee using the fair value of the underlying securities within the fund at year-end (see Note 3 for further detail). The Plan also invests in guaranteed investment contracts at contract value.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments, and certain fees. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value as of the beginning of the period or the cost of the investment if purchased during the year. Fees included in net appreciation of investments represent fees charged by the trustee for services provided in connection with recordkeeping and investment management.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when incurred. Interest income is recorded on the accrual basis.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable and significant inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. Investments in pooled separate accounts are measured at the fair value using the NAV of the funds as a practical expedient and have not been classified in the fair value hierarchy. There are no redemption restrictions or unfunded commitments on these investments.

The plan sponsor is responsible for the determination of fair value. Accordingly, the plan sponsor performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INVESTMENTS

The Plan's investments are held in trust by VITC. VITC has certified that the information related to investments and notes receivable from participants included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table summarizes the information included in the Plan's financial statements, which was prepared by VITC for the years ended December 31, 2023 and 2022, and furnished to the plan administrator. The plan administrator has obtained a certification from VITC that such information is complete and accurate.

	2023	2022
Investments, at fair value	\$ 25,720,633	\$ 20,619,910
Investments, at contract value	2,208,583	2,345,836
Notes receivable from participants	265,839	201,182

For the year ended December 31, 2023, VITC has also certified to the completeness and accuracy of the activity related to the investment income as follows:

Investment income:	
Net appreciation in fair value of investments	\$ 2,693,432
Interest and dividends	1,360,211
Net investment income	\$ 4,053,643
Interest, notes receivable from participants	\$ 12,861

The Plan maintains a guaranteed investment option, the Voya Fixed Account, issued by Voya. The contract underlying this investment option is considered to be fully benefit-responsive. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. As discussed in Note 2, the contract is included in the accompanying statements of net assets available for benefits at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the plan sponsor must provide a minimum of 90 days notice prior to the redemption of the contract.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; and (3) changes in the Plan's prohibition on competing investment options. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

PARADIGM MANAGEMENT II LP 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya. VITC is a subsidiary of Voya and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

NOTE 7 - PLAN TERMINATION

Under the provisions of the plan agreement, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA, whereupon each participant's balance would become fully vested. The Company has expressed no intention to terminate the Plan.

NOTE 8 - TAX STATUS

The IRS has determined and informed Voya by a letter dated June 30, 2020, that the prototype plan upon which the Plan is based is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of this opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Notwithstanding the foregoing, the IRS may nonetheless audit the Plan to ensure it has been operated in accordance with the plan document and applicable laws. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As described in Note 2, the accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. GAAP. In accordance with the IRC, the Plan has elected to prepare Form 5500 utilizing the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 28,195,055	\$ 23,144,975
Excess contributions payable	-	21,953
Net assets available for benefits per Form 5500	\$ 28,195,055	\$ 23,166,928

The following is a reconciliation of the net decrease in net assets available for benefits per the accompanying financial statements to the Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per financial statements	\$ 5,050,080
Prior year excess contributions payable	(21,953)
Net increase in net assets available for benefits per the 5500	\$ 5,028,127

NOTE 10 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2024, the date the accompanying financial statements were available to be issued.
