Report of Independent Auditors

The Plan Administrator
Wheels LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wheels LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wheels LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following description of the Wheels LLC Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

On October 27, 2021, Athene Holding Co. (Athene) acquired substantially all the stock of Frank Consolidated Enterprises, Inc. the Parent of Wheels, Inc, the Plan Sponsor and Administrator. Effective on the date of acquisition, Frank Consolidated Enterprises, Inc. and Wheels, Inc., converted to Limited Liability Companies. On November 21, 2021, Wheels LLC merged with Donlen LLC, an Athene affiliated company. On December 1, 2022, Athene acquired substantially all the stock of LeasePlan USA, which was combined with Wheels LLC and Donlen LLC (collectively known as Wheels).

The Plan is a defined contribution plan established to provide retirement benefits for the employees of Wheels LLC, Frank Consolidated Enterprises LLC, and Donlen LLC (collectively, the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On January 1, 2023, Donlen LLC Retirement Plan, a 401(k) plan of an affiliated company, was merged into, and net assets of approximately \$36 million were transferred to the Plan. The Plan converted to a safe harbor plan providing for, among other things, 100% vesting of employer contributions when made. Employer matching contributions changed to 100% match of employee deferrals on the first 3% of compensation and then 50% match of employee deferrals on the next 2% of compensation. All other provisions of the Plan remain the same.

Custodial Arrangement

The Plan has designated Fidelity Workplace Services LLC to perform recordkeeping services and Fidelity Trust Management Company (the Trustee) to manage the Plan's assets.

Participation

All employees of the Companies are eligible to participate in the Plan after 30 days of service. New employees are automatically enrolled in the Plan after 30 days of service, unless they affirmatively opt out of the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Employer Contributions

Employer contributions comprise a matching contribution and a discretionary contribution. Matching contributions are allocated to participants employed on the last day of each bi-weekly payroll period. Starting in 2023, employer contributes 100% of the first 3% of the participant's eligible compensation, and 50% of the next 2%. Prior to 2023, employer contributions were in the amount equal to 25% of the participant's contributions for that week, up to 5% of the participant's eligible compensation. Employer discretionary contributions are allocated to participants employed on the last day of the plan year. For the year ended December 31, 2022, the discretionary contribution was equal to 2% of the participants' eligible compensation and totaled \$1,140,630.

Employee Contributions

Employees who are automatically enrolled will have 5% of their eligible compensation contributed to the Plan. Any time after initial enrollment, employees may adjust their contribution to between 0% and 90% of their eligible compensation, as defined by the Plan. Roth elective deferrals are permitted, whereby participants may elect to make after-tax contributions. Employee contributions are deposited with the Trustee weekly. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Investment Options

The Plan offers various investment options selected by the plan administrator. Plan participants direct the investment of their accounts into these options. Employer contributions are deposited based on employees' investment elections.

Forfeitures

Forfeitures not otherwise reinstated are used to pay plan expenses with any excess used to reduce employer contributions.

Forfeitures were \$68,370 and \$84,907 for the years ended December 31, 2023 and 2022, respectively. Forfeitures of \$53,180 and \$68,596 were held in the trust at December 31, 2023 and 2022, respectively.

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of his or her employer's contributions and plan earnings. Each account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their own contributions and earnings thereon. As of January 1, 2023, employees are fully vested in employer matching contributions immediately. For contributions made prior to 2023, a participant becomes fully vested in employer matching contributions after three years of service.

Employer discretionary contributions are subject to the following vesting schedule:

Years of service	Percentage Vested
Less than 2	—%
2	20
3	50
4	75
5	100

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and supported by promissory notes payable to the Plan and bear interest at a fixed rate equal to the prime rate plus 1% at the inception of the loan.

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payments of Benefits

Upon normal retirement, early retirement, death, disability, termination of employment, or termination of the Plan, a participant or his or her beneficiary may elect to receive a lump-sum distribution or annual installments in either term or annuity forms. Alternatively, a participant or his or her beneficiary may elect to defer receipt of benefits until normal retirement age.

2. Summary of Significant Accounting Policies

Administrative Expenses

The Companies pay certain administrative expenses. Asset custodian fees are paid by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest income are recorded on the accrual basis.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated \$20,812,970 and depreciated \$20,923,928, respectively, in fair value for the years ended December 31, 2023 and 2022, respectively.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value:

Mutual funds: Valued at quoted market prices, which represent the net asset value of the shares held by the Plan at year-end.

Money market funds: Valued at quoted market prices representing daily floating net asset values.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 146,966,452	\$ –	\$ –	\$ 146,966,452
Money market funds	5,076,103	–	–	5,076,103
Total assets at fair value	\$ 152,042,555	\$ –	\$ –	\$ 152,042,555

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 87,201,024	\$ —	\$ —	\$ 87,201,024
Money market funds	4,468,126	—	—	4,468,126
Total assets at fair value	<u>\$ 91,669,150</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 91,669,150</u>

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

The Companies have not expressed any intent to terminate the Plan; however, the Companies have the right to do so at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in all of their plan accounts and will be entitled to distributions of their entire accounts according to the Plan and ERISA.

Wheels LLC Retirement Savings Plan

Notes to Financial Statements (continued)

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Related-Party Transactions

The Plan holds shares of mutual funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

On January 2, 2024, LPUSA, LLC 401k Plan, a 401(k) plan of an affiliated company, was merged into, and net assets of approximately \$82 million were transferred to the Plan.

Management evaluated subsequent events for the Plan through October 18, 2024, the date the accompanying financial statements were available to be issued. No events or transactions have occurred or are pending that would have a material effect on the financial statements, other than those disclosed.
