INDEPENDENT AUDITORS' REPORT

Plan Administrator

Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or

is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Fairfield Healthcare Services, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. The Plan was established in July 2009 and subsequently amended and restated to comply with Employee Retirement Income Security Act of 1974 (ERISA) requirements. Under this Plan, all eligible participants are automatically enrolled in the Plan as a participant and there is an automatic deferral provision of 3% unless the participant elects out. In addition, each participant has the ability to direct their contributions to a selection of various mutual funds and a common collective trust. The Plan is subject to the provisions of ERISA. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a participant directed defined contribution profit sharing plan established to provide retirement benefits for employees of Fairfield Healthcare Services, Inc. (the Company or Employer). All employees are eligible to participate in the Plan after reaching age 21 and after completing one year of eligible service. Such participation begins on the first day of the month after a 12 consecutive month period in which the employee completes 1,000 hours of service. Plan management and the plan administrator are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

PARTICIPANT CONTRIBUTIONS

Participants may contribute from 1% up to a maximum of 90% of compensation up to the maximum allowed under the Internal Revenue Code ("IRC") (\$22,500 in 2023). Roth elective deferrals are also permitted under the Plan. These contributions are invested in a default investment fund selected by the Company. Participants may change their deferral amounts and investment options at any time. Participants who attain age 50 during the plan year are also eligible to make catch-up contributions (\$7,500 for 2023).

Participants may also make eligible rollover contributions to the Plan in accordance with the Plan's provisions. All eligible rollover contributions can be invested at the direction of the participant.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

COMPANY DISCRETIONARY MATCHING CONTRIBUTIONS

The Plan allows the Company to make discretionary matching contributions equal to a discretionary percentage of the participants' elective deferrals, as determined by the Company. Such deferrals are allocated to participants at the end of the plan year. Eligible participants must be employed by the Company on December 31, and have completed at least 1,000 hours of service to receive the discretionary matching contribution. If employment is terminated prior to December 31 due to death or disability and participants have completed at least 1,000 hours or attained the age of 65, the participant is eligible to receive the discretionary matching contribution.

PARTICIPANT ACCOUNTS

Participants have separate accounts for employee, Employer and rollover contributions. Investment income and administrative fees are allocated to the participants' accounts regularly based on a participant's compensation or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their deferral and rollover contributions, including the earnings on these amounts. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of continuous service. Participants are vested in Employer contributions based on the schedule below. Participants are also fully vested upon reaching their normal retirement date.

Years of Vesting Service	Vesting Percentage
Less than two years	0 %
Two years but less and three years	20 %
Three years but less than four years	40 %
Four years but less than five years	60 %
Five years but less than six years	80 %
Six years or more	100 %

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

FORFEITURES

If a participant terminates employment with the Company at a time when the participant does not have a fully vested interest, the nonvested Company contributions and actual earnings thereon are forfeited. Forfeitures are left in the Plan to pay administrative expenses of the Plan or to reduce Company contributions. There were no forfeited non-vested matching accounts at December 31, 2023 and 2022, respectively. During 2024, \$19,006 of forfeitures were used to reduce the Company's 2023 contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

At the discretion of the Plan, participants may generally borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. No more than two loans may be outstanding at any time and loan terms may be up to five years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time the loan is made, as determined by the plan administrator (5.25% to 10.50% at December 31, 2023 and 5.25% to 9.50% at December 31, 2022). Generally, principal and interest are repaid through payroll deductions.

PAYMENT OF BENEFITS

Benefit payments are payable to participants after leaving the Company for any reason including retirement, disability, death or termination. For account balances less than \$5,000, the account balance will be paid in the form of a lump sum. For account balances greater than \$5,000, participants may receive a lump sum, direct rollover, receive installments, request a partial withdrawal or defer receiving payments until 70½. Upon death, distributions will be payable in a lump sum payment to the participant's beneficiary, or the beneficiary may elect to roll over a lump sum distribution into another qualified plan or IRA if allowed by the Internal Revenue Service ("IRS") guidelines. For participants working for the Company after age 70 ½, distributions must begin to be taken by April 1 following the later of the year you reach age 70 ½ or termination of employment.

HARDSHIP WITHDRAWALS

In the event of a financial hardship, as defined by the Plan Agreement, participants may withdraw their elective deferrals as well as any vested Company discretionary matching contributions. Before taking any hardship withdrawals, participants must take any non-hardship in-service withdrawals that may be available under the Plan. Minimum hardship withdrawals are \$500.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

USE OF ESTIMATES

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan’s valuation policies utilizing information provided by its investment advisors and custodians. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when incurred. Delinquent loans are treated as distributions based on the terms of the Plan Agreement. During the year ended December 31, 2023, there were \$2,188 of loans deemed distributed. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed excess contributions to the applicable participants totaling \$3,311 for the plan year 2023 and \$624 for the plan year 2022, respectively.

PAYMENT OF BENEFITS

Benefits paid to participants are recorded when paid.

ADMINISTRATIVE FEES

Certain fees of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees related to the administration of investments and notes receivable from participants are charged directly to the participant's account and are included in administrative fees.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income and interest on notes receivable for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as compete and accurate by Reliance Trust Company (Reliance), the trustee of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical asset or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of a collective trust that invest in the Invesco Stable Asset Fund. The Invesco Stable Asset Fund seeks to preserve principal and provide interest income under prevailing market conditions while maintaining liquidity. The NAV, as provided by Reliance is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value at December 31:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

- (a) In accordance with Topic 820, the common collective trust that was measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

***INVESTMENTS MEASURED USING NET ASSET VALUE PER SHARE AS A PRACTICAL
EXPEDIENT***

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31:

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2023	\$ 63,238	N/A	Daily	Daily
December 31, 2022	\$ 76,349	N/A	Daily	Daily

There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

NOTE 5 – TAX STATUS

In November 2019, the Plan adopted the provisions of the Automated Data Processing 401(k) and Profit Sharing Plan (which obtained its latest opinion letter on October 6, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 5 – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Generally, taxing authorities may examine the Plan's returns for three years from the date of filing. There are currently no examinations pending or in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2023 there were transactions involving the investment of Plan assets in investments managed by Reliance, a party-in-interest as defined in Section 3(14) of ERISA. The Plan allows participants to take loans against their account balances, which also qualify as exempt party-in-interest transactions. In addition, the Company provides certain accounting administrative services to the Plan for which no fees are charged or included in these financial statements.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
