Independent Auditor's Report

To the Plan Administrator and Management of
Systems Depot 401(k) Plan
Hickory, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Systems Depot 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Systems Depot 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Systems Depot 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Systems Depot 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Systems Depot 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Systems Depot 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYSTEMS DEPOT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

1. Description of the Plan

The following description of Systems Depot 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution 401(k) plan covering all benefited employees of the Company who have reached age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective February 1, 2020, the employees of SpartaCraft merged their retirement accounts into Systems Depot 401(k) Plan. In doing so, all of the accounts of SpartaCraft employees were transferred into the Plan.

Contributions. Effective July 31, 2018, the Plan was amended to contain an automatic enrollment feature where an eligible participant will automatically defer 3% of compensation, as defined, unless the participant makes a contrary salary reduction agreement election. Participants may defer a maximum deferral of 50% unless the participant affirmatively elects otherwise. A participant may enter into a special salary reduction agreement to make additional deferral contributions in an amount up to 100% of the participant eligible compensation. For the period of January 1, 2020 to January 31, 2020, the Plan had an employer discretionary match, matching 50 percent of the first two percent contributed to the Plan. Effective February 1, 2020 the plan was amended and the Plan has an employer discretionary match, matching 50 percent of the first four percent contributed to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market account as investment options for participants. Contributions are subject to certain IRS limitations.

The Company may make a discretionary profit-sharing contribution to the Plan as determined by its Board of Directors. Profit-sharing contributions are allocated to a participant’s account based on the proportion of his or her compensation to compensation for all participants.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s discretionary contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled, is the benefit that can be provided from the participant’s vested account.

Investment Options. Upon enrollment in the Plan, a participant may direct contributions into several investment options. The investment options range from mutual funds to an investment in a common collective trust.

Vesting. Participants are immediately vested in their voluntary, employer discretionary matching, and discretionary non-elective contributions plus actual earnings thereon.

SYSTEMS DEPOT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum permissible by law. The loans are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions with maximum loan duration of five years.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant (or participant's beneficiary) may receive an amount equal to the vested value of his or her account. A participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Provisions of the Plan also allow for benefit payments to be delayed and distributed in accordance with the Internal Revenue Code. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. Participants are 100% vested immediately in employee deferral contributions, non-elective employer contributions, and matching employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America ("GAAP"), requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses had been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits. Benefits are recorded when paid.

SYSTEMS DEPOT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events. The Plan has evaluated subsequent events through August 9, 2024, the date the financial statements were available to be issued.

3. Information Prepared and Certified by Trustee (Unaudited)

At December 31, 2023 and 2022, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the Plan's financial statements and supplementary schedule based on information certified by Fidelity Management Trust Company, the Trustee, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2023 and 2022, as reported by Fidelity Management Trust Company, is summarized as follows:

	<u>2023</u>	<u>2022</u>
Statements of Net Assets Available for Benefits:		
Investments:		
Mutual funds	\$ 3,605,626	\$ 2,834,564
Common collective trust	213,030	220,888
Investments at fair value	<u>\$ 3,818,656</u>	<u>\$ 3,055,452</u>
Statements of Changes in Net Assets Available for Benefits:		
Dividend income	\$ 82,821	\$ 74,819
Net appreciation (depreciation) in fair value of investments:		
Mutual funds	524,647	(757,954)
Common collective trust	5,721	3,344
Interest on participant loans	5,074	2,791

Except for the participant loan balance, all investment balances and information included in the supplementary schedule were furnished by the Trustee and are unaudited.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund – Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

SYSTEMS DEPOT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Fair Value of Investments in Entities that Use NAV per Share Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Fair Value Estimated Using NAV per Share December 31, 2023				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund - Morley Stable Value Fund	\$ 213,030	n/a	Daily	30 days

Fair Value Estimated Using NAV per Share December 31, 2022				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund - Morley Stable Value Fund	\$ 220,888	n/a	Daily	30 days

5. Related-Party Transactions and Party-in-Interest Transactions

Personnel and facilities of The Systems Depot, Inc. have been used to perform administrative functions for the Plan at no charge. Systems Depot, Inc. pays Martin Starnes and Associates, CPAs, P.A. for the audit of Systems Depot 401(k) Plan. All of these related-party and party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan sponsor to Fidelity Management Trust Company for investment management services amount to \$3,166 and \$5,993 for the years ended December 31, 2023 and 2022, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer contributions.

SYSTEMS DEPOT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31 2023, AND 2022

7. Federal Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's Tax Counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net appreciation in fair value of investments per the financial statements for the year ended December 31, 2023 to Form 5500:

Net appreciation in fair value of investments	\$ 530,368
Net investment gain from common collective trusts	<u>5,721</u>
Total appreciation in fair value of investments per the Form 5500	<u><u>\$ 524,647</u></u>

Reason for Late Filing of Form 5500 for The Systems Depot

To whom it may concern:

The System Depot completed its filing of form 5500 on 10/21/24. There were two reasons for not filing by the 10/15/24 deadline, laid out below:

1. Hurricane Helene posed significant logistical challenges due to the loss of internet and power at the corporation's headquarters for several days.
2. The recent, abrupt, and unexpected departure of the company's CFO, Jeff Smyre, who had previously been responsible for filing the form with the IRS. Because Jeff was the plan administrator for the company's 401K, the internal knowledge of the need to file this form and the deadline for doing so were lost. All reminder emails about the deadline from Fidelity were going directly to his email address. This was discovered upon a review of his emails on the sever.
 - a. Once the replacement CFO was hired and setup within the company, he discovered the need to file the 5500 form and did so.
