INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Tilson Built Company 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tilson Built Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tilson Built Company 401(k) Profit Sharing Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The Tilson Built Company 401(k) Profit Sharing Plan (the Plan) was adopted effective January 1, 1967 and restated November 2, 2010 to establish a savings and investment plan for the exclusive benefit of the employees of Tilson Built Company (the Company and Plan Administrator). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared under a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States (GAAP). Contributions, interest and dividend income are recognized when received. Benefit payments are recorded when paid.

Estimates - The preparation of financial statements in conformity with GAAP and in accordance with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits – modified cash basis and the statement of changes in net assets available for plan benefits – modified cash basis.

Notes Receivable From Participants - Loans to participants are reported as receivables from participants at the unpaid principal balance.

Valuation of Investments - Registered investment companies and common/collective trust investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating these investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits – modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits – modified cash basis.

Federal Income Tax - The Company adopted a non-standardized pre-approved profit sharing plan with CODA (the Non-Standardized Pre-Approved Plan). The prototype Non-Standardized Pre-Approved Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Non-Standardized Pre-Approved Plan constitutes a qualified plan under Section 401(a) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes.

The Plan has been amended since receiving the favorable opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2023 and 2022.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2023, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2020 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits – modified cash basis.

Subsequent Events - The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2023.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - Substantially all employees over the age of 21 can participate in the Plan, excluding residents of Puerto Rico, leased employees, and certain temporary employees. Plan entry coincides with the first day of the month after reaching three months of service.

Contributions - Participants may elect to make contributions to the Plan in an annual amount up to 60% of their compensation. Contributions are made through authorized payroll reductions. These contributions by individual employees are limited to \$22,500 in 2023. This limitation is adjusted periodically to reflect cost-of-living increases. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 for 2023). The Plan provides for automatic salary deferrals of 4% starting on the first entry date after an employee becomes eligible to enter the plan. The Plan includes a provision to automatically increase a participant's contribution percentage by 1% each June 1st until the percentage deferred reaches a maximum of 6%. The automatic increase applies to participants who were automatically enrolled and have not made an affirmative election. The automatic increase will be skipped if within the first 6 months of a participant's automatic enrollment.

During 2023, the Company elected to contribute to a discretionary matching contribution equal to a match of up to 50% of the elective deferral for the first 2% of compensation, and 100% of the elective deferral for the next 2% of compensation; total of 3%.

Vesting - A participant is immediately fully vested with respect to the portion of their account attributable to participant contributions and related earnings. A participant becomes fully vested in Company matching contributions and related earnings upon the earlier of: (1) six years of service, (2) attainment of age 65, or (3) in the event the participant becomes disabled. Vesting of 20% of Company contributions occurs upon two years of service, 40% upon three years of service, 60% upon four years of service, 80% upon five years of service and 100% upon six years of service.

NOTE B PLAN DESCRIPTION (CONTINUED)

Forfeitures - Forfeited employer discretionary profit sharing contributions and the related earnings will be used to reduce administrative expenses and then reallocated to the accounts of active participants. Forfeited non-vested balances totaled \$60,815 and \$29,281 as of December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, forfeitures totaling \$13,075 was used to pay Plan administrative expenses.

Forms of Benefits - A participant whose employment is terminated may withdraw any portion of their vested interest in the Plan at any time. Upon termination, if the amount payable is \$1,000 or less, the participant will receive a lump sum distribution as soon as feasible following the date of termination. If the amount payable is over \$1,000 and less than \$5,000, the participant's vested account balance, after notice to the participant, will be directly rolled over as soon as practical into an individual retirement account maintained by an entity selected by the Company. If the amount payable is greater than \$5,000, the participant must give written consent before the distribution can be made. A participant may be eligible for in-service distributions if the participant is 100% vested and has reached the age of 59 ½.

Participant Loans Receivable - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between investment funds and participant loans receivable. Loan terms range from one to five years, and up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on loans outstanding at December 31, 2023 range from 6.25% to 9.25%. Principal and interest is typically paid ratably through payroll deductions. Participants are allowed no more than one outstanding loan at a time.

If a participant fails to make required payments in accordance to the terms of the loan agreement, the loan will be in default and the unpaid balance becomes a deemed distribution. There were no deemed distributions during the year ended December 31, 2023.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan.

Participant Accounts - Each participant account is credited with the participant's contribution, the Company's contributions, allocation of forfeitures of terminated participants' nonvested accounts, and a pro rata share of the earnings and expenses of each fund in which the participant has invested.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become fully vested in their employer contributions and related earnings.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

The following table details the investments of the Plan, as certified by Fidelity Management Trust Company, as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Investments, at Fair Value		
Registered investment companies	\$ 22,928,582	\$ 17,650,192
Common collective trust	<u>1,322,856</u>	<u>1,391,663</u>
	<u>\$ 24,251,438</u>	<u>\$ 19,041,855</u>

Income as certified by Fidelity Management Trust Company for the year ended December 31, 2023 is as follows:

Net investment gain in registered investment companies	\$ 3,616,170
Net investment gain in common/collective trust	\$ 43,726
Dividend income from registered investment companies	\$ 481,265
Interest income - participant loans	\$ 13,949

Fidelity Management Trust Company also certified participant loans receivable at December 31, 2023 and 2022 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. All registered investment companies are valued using level 1 inputs.

TILSON BUILT COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used during fiscal 2023 and 2022.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain common trusts that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The Plan uses the Net Asset Value (NAV) to determine the fair value of all the underlying investments which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

The tables below set forth by level within the fair value hierarchy the fair value of the investments held at December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 22,928,582	\$ -	\$ -	\$ 22,928,582

There were no significant transfers in and/or out of the fair value categories during fiscal 2023 and 2022.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds managed by Fidelity Management & Research. These investments are considered party-in-interest transactions because Fidelity Management & Research is related to Fidelity Management Trust Company, which serves as trustee of the Plan. The Plan Administrator has approved of these investment options.
