Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Setex, Inc. Tax Deferred Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of March 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the Setex, Inc. Tax Deferred Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Setex, Inc. (the Company, Employer or Plan Administrator) who are at least 18 years of age and have completed six months of service. The Plan is administered by the Company. The trustee of the Plan is Fidelity Management Trust Company and the record keeper of the Plan is Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute up to 80% of eligible compensation to the Plan on a pre-tax basis, subject to certain limitations imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Further, the Plan includes an auto-escalation feature whereby all participants that have a deferral rate greater than zero will have that deferral increased annually by 1% until a deferral rate of 10% is reached.

The Company has a discretionary match on 50% of participant contributions for the first 6% of withholdings, with a maximum discretionary matching contribution of 3% of eligible compensation. The Company may, at its discretion, make additional discretionary contributions to the Plan, which are allocated to the participants based on the ratio of each participant's eligible compensation to total eligible compensation. Annual discretionary contributions are made to the Plan in the subsequent Plan year. The Company's annual discretionary contributions were \$623,255 and \$635,697 for the Plan years ending March 31, 2024 and 2023, respectively, and are included as an employer contribution receivable on the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, the participant's allocation of Company contributions and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses. The allocation of contributions to one or more of the investment accounts is designated by each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are credited with a year of service for each full year of service performed, without consideration of the hours of service performed.

Employer contributions are vested based on years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options

In accordance with the Plan, there are 12 mutual fund options and 13 common collective trust options available to Plan participants. Investment of the Plan's assets into each of the separate funds is participant-directed. A description of each of the funds is available from the plan administrator.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, payable from the participants' deferrals and rollover balances. Note terms may not exceed five years unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account and bear interest at a rate based on the prime rate, plus 1%. The interest rate is updated on the first business day of the next quarter following a change in the prime rate. The Plan Administrator monitors compliance with the note agreements. Upon failure to repay balances in accordance with the note agreements, the notes will be determined to be in default.

Payment of Benefits

Upon termination of employment by reason of retirement, death, disability or for any other reason, a participant or the beneficiary in the case of death is entitled to receive his or her vested account balance. A participant's contributions, plus earnings thereon, may be distributed in the event of certain financial hardships. A participant's vested account balance may also be distributed upon the attainment of age 59 1/2. The full value of a participant's vested account balance is payable as of the later of normal retirement age or as of the participant's actual retirement date. If a participant continues to work as an employee of the Employer, the participant may defer payment until April 1 following the later of the calendar year in which the participant reaches age 72, or the calendar year in which the participant actually retires. Benefits are paid in the form of lump sum payments or installments.

Plan Description (continued)

Forfeited Accounts

Any employee who terminates his or her employment prior to the five-year vesting period will forfeit a portion of his or her credited Employer contributions, plus earnings thereon.

At March 31, 2024 and 2023, forfeited non-vested accounts totaled \$35,595 and \$46,314, respectively. These accounts will be used to reduce future employer contributions or reduce plan expenses or at the election of the Company may be reallocated to participants. During the year ended March 31, 2024 and 2023, \$46,316 and \$54,550, respectively, were reallocated to active participants.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Plan management has reviewed and determined there is no material impact to the Plan's 2024 or 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of March 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Costs

Certain costs of administering the Plan are paid by the Company. Administrative fees related to participant notes are paid by the participants and are reflected as a reduction of net assets available for benefits.

Payment of Benefits

Benefits are recognized when paid.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan at March 31:

	2024	2023
Mutual funds	\$ 13,512,073	\$ 11,690,838
Common collective trusts	37,082,511	34,899,088
Notes receivable from participants	1,114,091	994,249
Total	\$ 51,708,675	\$ 47,584,175

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended March 31:

	2024	2023
Net appreciation (depreciation) in fair value of investments	\$ 6,813,791	\$ (3,277,744)
Dividend and interest income on Plan assets	315,354	449,297

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2024 and 2023.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with Securities and Exchange Commission. These funds are required to transact at their published net asset value. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at Fair Value as of March 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 13,512,073	\$ -	\$ -	\$ 13,512,073
Investments measured at net asset value*	-	-	-	37,082,511
Total assets at fair value	\$ 13,512,073	\$ -	\$ -	\$ 50,594,584

Investments at Fair Value as of March 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 11,690,838	\$ -	\$ -	\$ 11,690,838
Investments measured at net asset value*	-	-	-	34,899,088
Total assets at fair value	\$ 11,690,838	\$ -	\$ -	\$ 46,589,926

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transactions with Parties-in-Interest

As of March 31, 2024 and 2023, certain Plan investments were managed by Fidelity. Such investments are considered party-in-interest transactions. Purchases and sales of these investments are permitted by the Plan and are therefore exempt from prohibition of party-in-interest transactions by the Plan, IRC and ERISA. Additionally, Everhart Financial Group, Inc. provides investment advice and consulting to the Plan and thus they are considered a party-in-interest as well.

Fees paid by the Plan to the above entities for administrative expenses of the Plan's assets for the years ended March 31, 2024 and 2023 were approximately \$77,000 and \$85,000, respectively.

The Company provides the Plan certain accounting and administrative services for which no fees are charged to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The Plan has adopted a Fidelity volume submitter profit sharing plan with cash or deferral arrangement, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan and related trust as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Company is relying on the plan's IRS opinion letter and does not intend to obtain a separate determination letter for the Plan. The Company believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Setex, Inc. Tax Deferred Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of March 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the Setex, Inc. Tax Deferred Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Setex, Inc. (the Company, Employer or Plan Administrator) who are at least 18 years of age and have completed six months of service. The Plan is administered by the Company. The trustee of the Plan is Fidelity Management Trust Company and the record keeper of the Plan is Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute up to 80% of eligible compensation to the Plan on a pre-tax basis, subject to certain limitations imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Further, the Plan includes an auto-escalation feature whereby all participants that have a deferral rate greater than zero will have that deferral increased annually by 1% until a deferral rate of 10% is reached.

The Company has a discretionary match on 50% of participant contributions for the first 6% of withholdings, with a maximum discretionary matching contribution of 3% of eligible compensation. The Company may, at its discretion, make additional discretionary contributions to the Plan, which are allocated to the participants based on the ratio of each participant's eligible compensation to total eligible compensation. Annual discretionary contributions are made to the Plan in the subsequent Plan year. The Company's annual discretionary contributions were \$623,255 and \$635,697 for the Plan years ending March 31, 2024 and 2023, respectively, and are included as an employer contribution receivable on the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, the participant's allocation of Company contributions and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses. The allocation of contributions to one or more of the investment accounts is designated by each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are credited with a year of service for each full year of service performed, without consideration of the hours of service performed.

Employer contributions are vested based on years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options

In accordance with the Plan, there are 12 mutual fund options and 13 common collective trust options available to Plan participants. Investment of the Plan's assets into each of the separate funds is participant-directed. A description of each of the funds is available from the plan administrator.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, payable from the participants' deferrals and rollover balances. Note terms may not exceed five years unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account and bear interest at a rate based on the prime rate, plus 1%. The interest rate is updated on the first business day of the next quarter following a change in the prime rate. The Plan Administrator monitors compliance with the note agreements. Upon failure to repay balances in accordance with the note agreements, the notes will be determined to be in default.

Payment of Benefits

Upon termination of employment by reason of retirement, death, disability or for any other reason, a participant or the beneficiary in the case of death is entitled to receive his or her vested account balance. A participant's contributions, plus earnings thereon, may be distributed in the event of certain financial hardships. A participant's vested account balance may also be distributed upon the attainment of age 59 1/2. The full value of a participant's vested account balance is payable as of the later of normal retirement age or as of the participant's actual retirement date. If a participant continues to work as an employee of the Employer, the participant may defer payment until April 1 following the later of the calendar year in which the participant reaches age 72, or the calendar year in which the participant actually retires. Benefits are paid in the form of lump sum payments or installments.

Plan Description (continued)

Forfeited Accounts

Any employee who terminates his or her employment prior to the five-year vesting period will forfeit a portion of his or her credited Employer contributions, plus earnings thereon.

At March 31, 2024 and 2023, forfeited non-vested accounts totaled \$35,595 and \$46,314, respectively. These accounts will be used to reduce future employer contributions or reduce plan expenses or at the election of the Company may be reallocated to participants. During the year ended March 31, 2024 and 2023, \$46,316 and \$54,550, respectively, were reallocated to active participants.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Plan management has reviewed and determined there is no material impact to the Plan's 2024 or 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of March 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Costs

Certain costs of administering the Plan are paid by the Company. Administrative fees related to participant notes are paid by the participants and are reflected as a reduction of net assets available for benefits.

Payment of Benefits

Benefits are recognized when paid.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan at March 31:

	2024	2023
Mutual funds	\$ 13,512,073	\$ 11,690,838
Common collective trusts	37,082,511	34,899,088

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2024 and 2023.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with Securities and Exchange Commission. These funds are required to transact at their published net asset value. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at Fair Value as of March 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 13,512,073	\$ -	\$ -	\$ 13,512,073
Investments measured at net asset value*	-	-	-	37,082,511
Total assets at fair value	\$ 13,512,073	\$ -	\$ -	\$ 50,594,584

Investments at Fair Value as of March 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 11,690,838	\$ -	\$ -	\$ 11,690,838
Investments measured at net asset value*	-	-	-	34,899,088
Total assets at fair value	\$ 11,690,838	\$ -	\$ -	\$ 46,589,926

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transactions with Parties-in-Interest

As of March 31, 2024 and 2023, certain Plan investments were managed by Fidelity. Such investments are considered party-in-interest transactions. Purchases and sales of these investments are permitted by the Plan and are therefore exempt from prohibition of party-in-interest transactions by the Plan, IRC and ERISA. Additionally, Everhart Financial Group, Inc. provides investment advice and consulting to the Plan and thus they are considered a party-in-interest as well.

Fees paid by the Plan to the above entities for administrative expenses of the Plan's assets for the years ended March 31, 2024 and 2023 were approximately \$77,000 and \$85,000, respectively.

The Company provides the Plan certain accounting and administrative services for which no fees are charged to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The Plan has adopted a Fidelity volume submitter profit sharing plan with cash or deferral arrangement, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan and related trust as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Company is relying on the plan's IRS opinion letter and does not intend to obtain a separate determination letter for the Plan. The Company believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
