Independent Auditors' Report

Plan Administrator
Federal International, Inc. 401(k) Retirement Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Federal International, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 And 2022

1. Description Of The Plan

The following description of the Federal International, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by Federal International, Inc. (the Company), is a defined contribution 401(k) retirement savings plan. Federal Foam Technologies, Inc. and Federal International Recycling and Waste Solutions, LLC are wholly owned subsidiaries of the Company and are participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees who have reached the age of 19 and completed 83 hours of service within the first consecutive month of employment are eligible to participate in the salary deferrals and Company matching portion of the plan. Effective January 1, 2023, the Plan was amended to modify the eligibility age to 18. Eligible participants can enter the Plan one month from the date of employment. To be eligible for the discretionary profit sharing contribution employees must be employed at the end of the year and have one year of service completed.

Contributions

Participants may defer salary up to the maximum dollar limitation allowed under the Internal Revenue Code (IRC). Participants who do not affirmatively elect not to participate or have a specified amount contributed to the Plan, will be automatically enrolled and will have 4% of eligible compensation contributed to the Plan upon meeting the eligible requirements. The Plan allows participants to make Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for discretionary Company matching and discretionary profit sharing contributions, as determined annually by the Board of Directors. For 2023 and 2022, the Company matched salary deferral contributions at the rate of 50% of the first 8% of eligible compensation. No discretionary profit sharing contributions were made in 2023 or 2022.

Notes To Financial Statements (*Continued*)

Payment Of Benefits

Upon termination of service, death, total disability, or attainment of normal retirement age, a participant (or beneficiary) may take a distribution as a lump-sum or partial withdrawal. The normal retirement age is defined as age 59-1/2.

Vesting

Participants are 100% vested in their salary deferral contributions plus actual earnings thereon. Vesting of discretionary Company contribution accounts is based on years of service with partial vesting after one year of service. Participants are fully vested after five years of service.

In any event, participants become fully vested upon death, disability, or reaching normal retirement age.

Forfeitures

At the time a participant terminates employment, the nonvested portion of the Company matching or discretionary profit sharing contribution account is forfeited. Forfeitures available to pay administrative expenses or reduce future Company contributions amounted to \$77,080 and \$29,201 at December 31, 2023 and 2022, respectively. Forfeitures used to pay administrative expenses amounted to \$3,970 and \$3,895 during 2023 and 2022, respectively. There were no forfeitures used to reduce Company matching contributions in 2023. Forfeitures used to reduce Company matching contributions in 2022 were \$17,004.

Participant Accounts

Participants' accounts are credited with participant salary deferral contributions, discretionary matching contributions, discretionary profit sharing contributions and earnings (losses) thereon. Participant accounts are charged with an allocation of administrative expenses, unless such expenses are paid from forfeitures. The earning (losses) of the individual pooled separate accounts are allocated to participants based on the number of pooled account units held in each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

A participant may borrow from the Plan with the minimum amount of any loan of \$1,000. In no event can the participant borrow more than \$50,000 or 50% of the participant's vested balance. Loans are for a period not exceeding five years or 30 years for purchase of a principal residence and bear interest at rates commensurate with local prevailing rates and practices. Participants are limited to having only two loans outstanding at any time. The loans are repaid through ACH payments directly from the participants' accounts, including principal and interest.

Investment Options

Participants may direct contributions in various investments under a contract with Minnesota Life Insurance Company (the Custodian). Participants may change their investment options at any time.

Administrative Expenses

Administrative expenses under the contract with the Custodian are paid by the Plan. The Company pays all other administrative expenses.

2. Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Investment Valuation And Income Recognition

The Plan's investments other than the fully benefit responsive investment contract are stated at fair value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis.

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Minnesota Life Insurance Guaranteed Account is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

The net change in the fair value of investments in the accompanying statement of changes in net assets available for benefits includes realized and unrealized gains and losses.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Beginning April 1, 2024, the Plan's custodian is Fidelity Management Trust Company. Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information certified by the Custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Pooled separate accounts	\$ 34,738,141	\$ 28,160,418
Fully benefit-responsive investment		
contract at contract value	598,653	1,157,814
Notes receivable from participants	425,243	390,853

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

The Custodian also certified to the completeness and accuracy related to the following investment income (loss) and interest income on notes receivable from participants for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Net change in fair value of investments	\$ 5,997,383	\$ (7,236,121)
Interest income	16,145	16,103
Interest income on notes receivable from participants	28,416	18,007

The Plan invests in a fully benefit-responsive investment contract (the Contract) with the Custodian, which maintains the contributions in a guaranteed return account, at contract value.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus investment activity, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) the decision by the Plan Sponsor to withdraw all assets from the fund and reinvest in another investment vehicle, (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (4) the delivery of any communication to Plan participants designed to influence the participant not to invest in the fund, (5) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement applicable to the Plan. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies and, consequently, the fair value of the Plan's investments. All of the pooled separate accounts held by the Plan file an annual report on Form 5500 as a direct filing entity. There are no redemption notice requirements or unfunded capital commitments as of December 31, 2023 or 2022.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy as of December 31, 2023 or 2022.

There have been no changes in the methodology used at December 31, 2023 or 2022.

FEDERAL INTERNATIONAL, INC.

Notes To Financial Statements (*Continued*)

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Party In Interest Transactions

Plan investments are units of pooled separate accounts and an investment contract managed by the Custodian. In addition, certain participants have outstanding notes receivable as of December 31, 2023 and 2022. These transactions qualify as party in interest transactions allowable under ERISA regulations.

7. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 35,815,941	\$ 29,752,067
Contributions receivable	(53,904)	(42,982)
Net assets available for benefits per Form 5500	<u>\$ 35,762,037</u>	<u>\$ 29,709,085</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2023:

Net increase per the financial statements	\$ 6,063,874
Change in contributions receivable	<u>(10,922)</u>
Net income per Form 5500	<u>\$ 6,052,952</u>

FEDERAL INTERNATIONAL, INC.
401(k) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

8. Plan Termination

Although the Company has not expressed any intention to do so, it may terminate the Plan at any time. In the event the Plan is terminated, the amounts credited to participants' accounts at such time shall be nonforfeitable regardless of the vesting schedule which would otherwise be in effect. Upon termination, assets of the Plan will be distributed to the participants in accordance with the Plan Document.

9. Income Tax Status

The Plan uses a non-standardized pre-approved plan. The pre-approved plan sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the pre-approved document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, which provides that, if certain conditions are met, an employer may rely on a favorable opinion letter issued to a pre-approved plan sponsor as if the employer had received a favorable determination letter. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
