Synovation Holdings LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Synovation Holdings LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Synovation Holdings LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from Reliance Trust Company as of December 31, 2023 and for the period from February 1, 2023 to December 31, 2023, and Charles Schwab Trust Bank as of December 31, 2022 and for the period from January 1, 2023 to January 31, 2023 stating that the certified investment information, as described in Note 1 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

To the Participants and Plan Administrator of
Synovation Holdings LLC Retirement Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Synovation Holdings LLC Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Synovation Holdings LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Synovation Holdings LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Synovation Holdings LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Synovation Holdings LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted as of January 1, 1997, is a defined contribution plan covering substantially all employees of Synovation Holdings, LLC; Algos, Inc., A Medical Corporation; Olios Health LLC; East Valley Pain Center, P.C. and Synovation Medical Group Texas, PLLC (collectively the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Employer is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Synovation Holdings, LLC, East Valley Pain Center, P.C. and Synovation Medical Group Texas, PLLC adopted the Plan as of January 1, 2022. Effective the same time, the name of the Plan was changed from Algos and Olios Health Retirement Savings Plan to Synovation Holdings LLC Retirement Savings Plan. No participant or beneficiary was deprived of any vested rights under the Plan.

Eligibility

Employees who have attained 21 years of age and completed 2 months of service are eligible to participate in the Plan and receive Employer's contributions. Employees can enter the Plan at the beginning of the each month immediately following satisfaction of eligibility requirements.

Contributions

Each year participants may contribute a certain percentage of their pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their default rate set at 6% percent (deferral rate increases by 1 percent annually up to a maximum deferral of 10%) of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts, including a profit-sharing contribution, may also be contributed at the option of the Employer. Contributions are subject to certain IRS limitations. There were no Employer contributions for the years ended December 31, 2023 and 2022.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution and (b) Plan earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in annual increments of 20 percent, vesting at 20 percent after the second year of credited service, and up to 100 percent after the sixth year of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

The portion of an employee's interest that is not vested upon the employee's break in service is forfeited. The non-vested forfeited balance can be reallocated as of the end of the Plan year to participants in the same manner as Employer contributions or can be used to pay for Plan related expenses. As of December 31, 2023 and 2022, there was no balance in the forfeited non-vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum of $50,000. The loans are secured by the vested balance in the participant's account. The Plan provisions require a reasonable interest rate to be charged on the notes, and principal and interest to be paid ratably through regular payroll deductions. Interest charged on the notes ranges from 5.25% to 9.50% and the notes mature between January 2024 and May 2028.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administration

Effective February 1, 2023, the Plan engaged Reliance Trust Company ("Reliance") as the Plan trustee and ADP Retirement Services as the record keeper of the Plan. Prior to this change, Charles Schwab Trust Bank ("Charles Schwab") was the custodian and recordkeeper of the Plan. On January 31, 2023, Charles Schwab, the prior Plan custodian, liquidated all holdings from its various funds and transferred the assets to Reliance. The assets of each fund within the Plan are invested under an arrangement with Reliance, the trustee. Upon enrollment in the Plan, a participant may direct their contributions in the various investment options offered by Reliance. Participants should carefully read the prospectus before investing in the various investment options offered under the Plan.

Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Reliance, the current trustee, and Charles Schwab, the prior custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments, as they are paid under revenue sharing arrangement. The Plan or Plan sponsor may make a payment to the trustee for administrative expenses not covered by revenue sharing.

Certified Investments

Certified information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance for the period February 1, 2023 through December 31, 2023 and Charles Schwab for the period January 1, 2023 through January 31, 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts (Common Collective Trust) held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract and do not reflect the adjustment of the fully benefit-responsive investment contract from fair value to contract value as such amounts are considered insignificant. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See note on fair value below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Common Collective Trust

The Plan entered into a traditional fully benefit-responsive common collective trust with Reliance, Plan trustee. Reliance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The common collective trust issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the common collective trust contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to such investment contract. The common collective trust is presented on the face of the statements of net assets available for benefits at fair value without an adjustment to contract value as such adjustment was considered insignificant. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the aggregate common collective trust at December 31, 2023 and 2022 was $45,254 and $0, respectively. The crediting interest rate is based on a formula established by the contract issuer. The crediting interest rate is reviewed on a quarterly basis for resetting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Common Collective Trust (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, (d) a material amendment to the agreement without the consent of the issuer.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash and cash equivalents: Designated as level 1.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stocks: Designated as level 1. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Schwab Bank savings: Designated as level 1.

U.S. Government Securities: Designated as level 2 and are valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	(Level 1)	(Level 2)	(Level 3)	Total
Cash and cash equivalents	$ 148,782	$ -	$ -	$ 148,782

Common stocks	355,735	-	-	355,735
Registered investment companies	3,535,467	-	-	3,535,467
U.S. government securities	-	103,514	-	103,514
Investments at fair value	$ 4,039,984	$ 148,768	$ -	$ 4,188,752

	Assets at Fair Value as of December 31, 2022			
	(Level 1)	(Level 2)	(Level 3)	Total
Cash and cash equivalents	$ 105,951	$ -	$ -	$ 105,951
Common stocks	251,867	-	-	251,867
Registered investment companies	2,747,666	-	-	2,747,666
Schwab Bank savings	2,162	-	-	2,162

Investments at fair value	$ 3,107,646	$ 155,689	$ -	$ 3,263,335

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contribution income. The excess for the year ended December 31, 2022 aggregated $11,313 and were distributed to participants later than the initial due date of March 15, 2023 but prior to December 31, 2023. The Plan trustee believes that this did not compromise the tax-exempt status of the Plan. There were no excess contributions payable for year ended December 31, 2023.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 - SUBSEQUENT EVENTS

Effective January 1, 2024, another related entity, Superior Pain Management, PC adopted the Plan.

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued. The Plan is not aware of any other significant events that would have a material impact on its financial statements.

NOTE 6 – NON-EXEMPT TRANSACTIONS

During 2023, the Employer erroneously failed to remit participant salary deferrals aggregating $23,653 ($176,868 in 2022), to the Plan in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions which may result in the imposition of excise tax on the amount of the transactions. The Employer intends to compensate participants for lost earnings and to pay all fines imposed including excise tax resulting from these late remittances. See attached supplemental schedule of delinquent participant contributions. The Employer believes that these non-exempt transactions do not affect the tax status determination of the Plan.
