INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
GD Copper Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GD Copper Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GD Copper Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GD Copper Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Disclaimer of Opinion on the 2022 Financial Statement

We do not express an opinion on the accompanying 2022 financial statement of GD Copper Retirement Savings Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2022 Financial Statement section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statement.

Basis for Disclaimer of Opinion on the 2022 Financial Statement

As of the date of our report on the 2022 financial statements, required nondiscrimination testing for the plan year 2022 related to Code Section 401(k) and 401(m) arrangements, particularly ADP-401k/ACP-401m test, had not been completed for the Plan, and therefore it was unknown whether the Plan passes the test and if there are any excess deferrals or contributions that need to be disposed of in accordance with regulations. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statement may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

WWW.CMCDLLC.COM

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GD Copper Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available for issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GD Copper Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

WWW.CMCDLLC.COM

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GD Copper Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2023 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a -Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GD COPPER RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A — DESCRIPTION OF PLAN

The following description of GD Copper Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions. In January 2023, the Plan changed its plan custodian, trustee company and record keeper. Automatic Data Processing Inc. (ADP) is plan record keeper and Reliance Trust Company is plan trustee. Investment funds conversion completed on January 18th, 2023.

I. General

The Plan is a defined contribution plan covering all full-time employees of GD Copper USA Inc (the “Company”) who complete three consecutive months of service, to become eligible to participate in the Plan, as defined in the plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

II. Participant Contributions

Each year, each participant’s annual contribution may not exceed the maximum amount allowed by Code Sections 401(k), 402(g), 404, and 415, as defined in the plan. The limit contribution in 2023 was \$22,500.

Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitation of, Section 414(v) of the Code. The catch-up contribution limit in 2023 was \$7,500.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and collective trust funds as participants’ investment options. Those investment accounts are managed by the Trustee of the Plan.

III. Employer Contribution

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, in its sole discretion, from year to year. The amount, the allocation formula, and the percentage or dollar amount limit applicable to such match, if any, is at the complete and sole discretion of the Company and may vary from year to year. Prior to October 15, 2016, no matching contributions were made by the Company. For the plan year 2023 and 2022, the matching contribution was three (3) percent for participants who served the Company three (3) years and more; two (2) percent for participants who worked for the Company less than three (3) years.

In addition to the matching contribution, the Company may make a discretionary profit sharing contribution. The additional profit sharing amounts may be contributed at the option of the Company’s board of directors and if any, are allocated equally to all eligible participants.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

IV. Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

V. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and profit sharing plus actual earnings thereon is based on the participants' years of continuous service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant is 100% vested after six years of credited service.

VI. Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions and are credited to the Participants' accounts.

VII. Payment of Benefits

For termination of service due to any reasons other than death, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a partial distribution payable in cash only, net of applicable tax. For termination of service due to death, distribution upon the death of a Participant prior to receiving any benefits shall be made pursuant to the election of the Participant or beneficiary.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

VIII. Forfeited Accounts

Forfeitures of non-vested Company contribution may be used to reduce future employer contributions to the Plan and pay the Plan's administrative expenses.

IX. Administrative Expenses

All reasonable Plan administrative expenses may be paid from the assets of the Plan. These expenses are allocated among all participants or, for expenses directly related to a participant, paid from the participant's account balance.

X. Investments Options

The assets of the Plan, sourced from both participants and employer matching contributions, are allocated to the various funds at the direction of the participants. At December 31, 2023, the Plan invested in 20 collective trust funds and 5 mutual funds.

XI. Rollover and Transfer Contribution

The Plan permits participants to have their interests in other qualified plans rolled over to the Plan or to make a rollover contribution into the Plan from a conduit individual retirement account, which holds amounts attributable solely to a rollover from another qualified plan. Such transfers or rollovers to the Plan may only be made with the approval of the Plan Administrator and do not affect any other contributions made by or on behalf of a participant.

XII. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions and to terminate the Plan, in each case, at any time for any reason subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE B — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

II. Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis, except for the payment of benefits, which is recorded when paid.

GD COPPER RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

III. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note D for discussion of fair value measurements.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation/(depreciation) in the fair value of its investments, which consist of both realized and unrealized gains or losses on those investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recognized when earned.

IV. Payment of Benefits

Benefits are recorded when paid.

V. Excess Contributions and Allocated Income

Contributions in excess of amounts allowed by the IRS and any income allocated to them are recorded as a liability with a corresponding reduction to contributions and investment income, respectively. For the plan year ended December 31, 2023, there were no excess contributions from participants.

NOTE C — INVESTMENTS INFORMATION PREPARED AND CERTIFIED BY QUALIFIED INSTITUTION (UNAUDITED)

The trustee of the Plan was changed from Principal Trust Company to Reliance Trust Company. At December 31, 2023, all investments of the Plan were participant-directed and held by Reliance Trust Company. All 2022 investment funds were held by Principal Trust Company. Information related to investments disclosed in the accompanying financial statements and supplementary schedules, including investments held at December 31, 2023 and 2022, net appreciation/(depreciation) in fair value of investments, dividend and interest income, and participant loans for the years ended December 31, 2023 and 2022, was obtained or derived from information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under The Employee Retirement Income Security Act of 1974.

For the year ended December 31, 2023, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in fair value by \$165,362 and the dividend and interest income amounted to \$7,681.

NOTE D — FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: valued at quoted market prices, which represent the net asset value (“NAV”) of shares held by the Plan at year-end.

Common/collective trusts: valued at the NAV established by the fund’s sponsor on the last business day of the plan year, based on the fair value of the assets underlying the funds. There are no redemption restrictions or future commitment on these investments.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Plan's investments at December 31, 2023 and 2022:

GD COPPER RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

	<i>Fair value at December 31</i>		
	<i>Level</i>	<i>2023</i>	<i>2022</i>
Common collective trusts	1	\$ 1,467,040	\$ 461,341
Mutual funds	1	765	445,771
Total		<u>\$ 1,467,805</u>	<u>\$ 907,112</u>

NOTE E — GROUP ANNUITY CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY (“PLI”)

The Plan had a group annuity contract – custodial guaranteed fund contract with PLI with value of \$419,827 as of December 31, 2022 which was terminated in October 2023. PLI maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. For 2023, the credit rate was 1.75%. The crediting rate is reset every 6 months based on the changing weighted average of the underlying guarantees and applies prospectively. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PLI, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

GD COPPER RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE F — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

While recordkeeping and investment advisory/management fees paid to the trustees qualify as party-in-interest transactions, they are covered by an exemption from the prohibited transaction provisions of ERISA. Fees paid by the Plan for the years ended December 31, 2023 was \$10,361.

NOTE G — TAX STATUS

The Plan has obtained the determination letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that, changes in values of investment securities will occur in the near term and that some changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE I — SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30th, 2024, the date the financial statements were available for issuance.

GD COPPER RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE J — PROHIBITED TRANSACTIONS

During the plan year 2023, certain employee deferral and employer matching contributions were missed in couple months due to matching rate error happened while data transfer between predecessor and successor plan service provider. The Plan has taken corrective qualified nonelective contribution (QNEC) to resolve the issue. Under IRS's correction method, the corrective contribution equal to 25% of missed participant deferral and 100% of missed employer match. Total QNEC contribution of \$18,701.20 and missed employer match amount of \$83,883.58 has been deposited to impacted participants account. Estimated loss of earning to be approximately \$5,211.56.

During the plan year 2023, certain participant contributions were not remitted to the Plan within the timeframe required by the Department of Labor. As of the date of the financial statements, the Company is in the process of taking corrective actions with Department of Labor, filing required returns with IRS and paying excise tax with respect to the delinquent contributions.
