INDEPENDENT AUDITOR'S REPORT

To the Administrator of the Concept Plus, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Concept Plus, LLC 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived

from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented, in conformity with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONCEPT PLUS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of plan

The following is a brief description of the Concept Plus, LLC 401(k) Plan and is provided for general purposes only. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

General – Concept Plus, LLC 401(k) Plan (the Plan) was established January 1, 2013 and restated most recently on October 3, 2022 due to the merging of the USIT Salary Savings Plan on that date. The Plan is a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan covers all eligible employees of Concept Plus, LLC (the Company or the Plan Sponsor). Employees are eligible to participate in the Plan on the first day of the month following attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has appointed Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Empower) to act as trustees of the Plan and appointed Empower Retirement, LLC as the recordkeeper of the Plan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses are paid directly by the Company.

Participant contributions – Participants may make salary contributions from 1% up to 90% of their compensation, subject to limitations of the IRC. Employees can choose pre-tax contributions and after-tax Roth contributions or a combination of both, subject to the limitations of the IRC. Participants may, at any time, change their contribution percentage or suspend future deductions from their pay. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution. Participants are immediately fully vested in their salary deferral and rollover contributions.

Company contributions – In 2023, the Company contributed matching contributions equal to one hundred percent of each participant's contribution up to the first four percent of each participant's salary deferred into the Plan. In addition, the Company can elect to make non-elective contributions. There were no non-elective contributions during the year ended December 31, 2023.

Vesting - Vesting in the Company's non-elective contribution portion of their accounts is based upon years of service, as defined in the Plan. A participant is 100% vested after 5 years of credited service. In addition, participants who die or become disabled while employed by the Company become 100% vested.

Investment Options - Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contribution across these options in any proportion they wish, and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time. As of December 31, 2023, participants have the choice of investing their contributions, along with Company contributions, in 26 different investment options.

Forfeitures – Terminating participants forfeit the non-vested portion of the participant's employer contributions. Forfeitures can be used to pay administrative expenses or to reduce the Company's discretionary contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$5,050.

CONCEPT PLUS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Participants' accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution, rollovers (transfers in from other qualified plans), the Company matching contribution and an allocation of the Company non-elective contribution (if any), plan earnings, and realized and unrealized gains and losses on investments. Non-elective Company contributions are allocated in proportion to each participant's share of total eligible compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – Participants are eligible for retirement benefits upon attaining the age of 65. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account or installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect a direct rollover contribution.

Hardship withdrawals – The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw part or all of their account balances while actively employed. These hardships withdrawals are subject to IRC restrictions and penalties.

Notes receivable from participants – The Plan allows participants to borrow against their vested account balances, subject to IRC restrictions. Participant loans require periodic payments, bear interest at rates charged on similar commercial loans under like circumstances, and are due within 5 years. However, loans to purchase a principal residence may be repaid over a period longer than 5 years. Participant loans were \$107,754 and \$128,123 at December 31, 2023 and 2022, respectively. Interest rates as of December 31, 2023 range from 4.25% - 9.5% and loans mature at various dates through February 2029.

Note 2 – Summary of significant accounting policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Investment transactions are recorded on the date of purchase or sale (trade date). Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – This asset is stated at the unpaid principal balance plus any accrued but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payments of benefits – Benefits are expensed when paid.

Risks and uncertainties – The Plan invests in various investment instruments. Such investments, in general, are exposed to various risks, such as interest-rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect

CONCEPT PLUS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events – The Plan has evaluated events through October 22, 2024 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 3 – Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Fair value is determined based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. An asset's or liability's classification is based on the lowest level of input that is significant to the fair value measurement. Assets and liabilities carried at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable market-based inputs or unobservable inputs corroborated by market data.

Level 3 – Unobservable inputs reflecting management's own assumptions.

The following is a description of the valuation methodologies and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the valuation techniques and inputs used. There are no plan assets requiring the use of level 3 inputs at December 31, 2023 or 2022.

Common Collective Trust – The fair value of the investments in this category have been estimated using the Net Asset Value (NAV) per unit provided by the trustee of the fund. The NAV of this account is based on the value of the underlying assets owned by the fund, minus liabilities divided by the number of shares outstanding. The NAV is not a publicly quoted price in an active market since the investments' unit prices are quoted on a private market that is not active; however, the unit price is based on the underlying investments which are traded on an active market.

Mutual funds – The fair value of the investments in this category are valued at the daily closing price as quoted on the active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (or its equivalent) (NAV) have not been classified in the fair value hierarchy. The fair value amounts represented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 – Fully benefit-responsive investment contract

The Plan holds a traditional investment contract, the Empower Investments Fixed Account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

There were no unfunded commitments related to any of these investments.

The traditional investment contract held by the Plan is a group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credited interest rate may change or stay the same each quarter and is credited on a daily basis. The crediting rate is reviewed on a quarterly basis for resetting. The quarterly credited rate applies to all money deposited in the group contract holder's account regardless of when it was deposited. The interest rate was 1.30% and 1.05% at December 31, 2023 and December 31, 2022, respectively.

CONCEPT PLUS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Excessive participant trading (under which participant transfers may be restricted for up to 30 days or after the resolution of closed or disrupted financial exchanges or markets)
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

Note 5 – Tax status

The Plan is an adoption of a Empower Retirement, LLC prototype non-standardized, pre-approved profit sharing plan with CODA designed to be qualified under the IRC as exempt from Federal income taxes, and has received a favorable determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan

CONCEPT PLUS, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

is subject to audit by taxing jurisdictions; however, there are no audits for any tax periods in progress. Plan Management believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6 – Information certified by the Trustees

The Plan administrator has elected the alternative method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustees except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule.

Empower Annuity Insurance Company of America and Empower Trust Company, LLC have supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the Supplemental Schedule of Assets (Held at End of Year) at December 31, 2023.

The following information and related data included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

Investments:	<u>2023</u>	<u>2022</u>
Common collective trust	<u>\$11,046,145</u>	<u>\$10,601,286</u>
Mutual fund investments	<u>\$ 3,309,385</u>	<u>\$ 2,190,633</u>

Net investment gain from common collective trust	<u>\$ 1,394,181</u>	
Interest, net	<u>\$ 17,670</u>	
Dividends	<u>\$ 55,249</u>	

Note 7 – Plan termination

Although it has no present intention of doing so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 8 – Related parties and parties-in-interest

Under ERISA rules related to 401(k) plans, transactions with related parties of the plan such as a plan sponsor, administrator, trustee or participant (parties-in-interest) are considered either exempt or nonexempt from ERISA prohibited transaction provisions. Nonexempt transactions are subject to penalty taxes.

Fees paid during the year for accounting and other services rendered by parties-in-interest are considered exempt and were based on customary and reasonable rates for such services. Notes receivable from participants are considered to be exempt party-in-interest transactions because they are transacted with Plan participants.
