Report of Independent Auditors

To the Administrator of the NARDA-MITEQ 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the NARDA-MITEQ 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

nd timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Narda-MITEQ 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following brief description of the Narda MITEQ 401(k) Plan (the “Plan”) is provided for general information purposes only. Narda Holdings, Inc. (the “Company”) is the Plan’s sponsor. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established on December 1, 2021 to allow the Company’s eligible employees an opportunity to save for retirement on a tax-advantaged basis. Plan contributions are made at specified rates and are credited to an individual account for the benefit of each participant. Investment income of the Plan is allocated daily to individual participant accounts based on participant account balances, as provided in the Plan. The benefit to which a participant is entitled is the amount provided by the participant’s vested account balance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

All employees of the Company’s New York location, excluding union employees and non-US citizens, are eligible to participate in the Plan on their hire date for employee contribution amounts.

Vesting

Participants are immediately vested in employee contributions and allocated share of earnings. Participants vest over a 3 year period for all employer contributions and the earnings thereon. The vesting percentages after years 1-3 are as follows: After 1 year of service – 25% vesting, after 2 years of service - 50% vesting and after 3 years of service - 100% vesting. Also, an employee fully vests in the employer contributions upon reaching the age of 55 years if not fully vested based on their years of service upon their 55th birthday, or death, or disability. Service for the predecessor employer to the Company is included in the vesting period.

Contributions

Eligible participants may elect to have made on their behalf, through salary reductions, a contribution at each payroll period. Participants may contribute up to the maximum allowable amount as prescribed in the Code (\$22,500 per annum for 2023). Contributions for highly compensated employees are reduced if certain nondiscrimination tests are not complied with. Contributions made to the Plan are recorded during the Plan year in which they are withheld. In addition, participants aged 50 and over may contribute a “catch-up” contribution up to \$7,500 in 2023. Participants are permitted to make rollover contributions from certain other qualified plans.

The Company matches 100% of each employee participant’s contributions up to 6% of annual compensation after 90 days of service. The matching contribution is based upon the employee contributions on a weekly basis throughout the calendar year and stops when the employee stops contributing to the plan or when the employee and/or the employer hits the IRS statutory 401K limits.

Narda-MITEQ 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Profit Sharing

The Company has, at its sole discretion, the capability to provide a profit sharing distribution to plan participants after year end based on the Company performance. The contribution is done on a non-elective basis as a ratio of a participant's total eligible compensation compared to total eligible annual compensation. The distribution will be made to all eligible employees regardless of whether they are enrolled as a plan participant. The Company did not provide a profit sharing contribution in 2023.

Forfeitures

Participants who terminate employment, but have not become fully vested in Company contributions, forfeit their unvested balances. In accordance with the Plan, the amount of forfeitures will be applied to reduce Company contributions or pay plan expenses. Forfeitures for the year ended December 31, 2023 were \$4,035. These amounts were used to reduce the Company's contributions for the year ended December 31, 2023.

Administrative Expenses

For the year ended December 31, 2023, expenses related to the administration of the Plan were paid by the Company and the Plan.

Payments of Benefits

A participant's vested interest in Plan assets is distributable generally upon termination, disability, retirement or death. Active participants may receive distributions from the vested amounts in their accounts at any time after attaining the age of 59-1/2 or due to hardships as defined in the Plan. Participants may elect to receive their account balance as a single lump-sum payment (which payment would generally be eligible to be rolled-over to an individual retirement account of the participant's choosing), or as a direct transfer to an individual retirement account.

Notes Receivable From Participants

Under certain conditions, participants may borrow up to 100% of the participant's vested account balance, subject to the provisions of the Plan. However, the amount the Plan may loan is limited to the lesser of \$50,000 reduced as defined in the Plan or one half of the vested interest in the Plan. The repayment term of the loans may vary from one to five years (with the exception of a loan used to purchase a primary residence, in which case the term of the loan may exceed five years) with interest payable at a fixed rate equal to the prime rate (as of the first day of the month following receipt of the loan application), plus 1%.

The loans are evidenced by promissory notes and require repayments of principal and interest to be deducted from the participants' salaries. The loans to a participant are collateralized by the participants' interests in the Plan's assets. If a participant terminates service with the Company prior to repayment of the loan, the outstanding balance of the loan becomes due immediately and the amount of the participant's distribution from the Plan is reduced accordingly.

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, at the time when the participant becomes eligible for a distribution under the terms of the Plan, the participant's account is reduced by the unpaid loan amount, plus any applicable interest, and the reduction is treated as a distribution.

Narda-MITEQ 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Amendment and Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and to discontinue contributions at any time, subject to the provisions of ERISA. Upon termination or complete discontinuance of contributions to the Plan, all earned benefits credited to each participant's account shall be distributed at the time and in the manner provided for in the Plan. However, neither through amendment, nor by termination, may any part of the Plan's assets be used for purposes other than the exclusive benefit of the participants.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments and Investment Income

The Plan's investments consist of (1) mutual funds (both registered investment companies and institutional), valued at net asset value ("NAV") of shares held by the Plan at year end, as quoted by such funds at year end and (2) money market funds, stated at NAV.

The Plan presents the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation or depreciation of those investments, in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of investments are recorded as of the trade date. Interest income is accrued when earned, and dividend income is recorded as of the ex-dividend date. Capital gain distributions are included in dividend income. Investment earnings are automatically reinvested into the fund from which they were derived.

Contributions Receivable

Employer and participant contributions receivables are recorded for amounts due to the Plan related to the current fiscal year at year-end and received by the Plan within the following fiscal year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan provides for investments in various investment securities that are, in general, exposed to various risks, such as interest rate, credit and overall market volatility risks. Given the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Notes to Financial Statements

December 31, 2023 and 2022

Reclassifications

Certain amounts reporting in the prior year have been reclassified to conform to the current year's presentation. There was no change to net assets available for benefits as a result of these reclassifications.

3. Information Certified by the Trustee

In accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Reliance Trust Company, as the Trustee, has certified that the below investment information included in the financial statements as of December 31, 2023 and 2022 are complete and accurate. In addition, the information in the supplemental schedules of assets (held at the end of the year) as of December 31, 2023 has been certified by the Reliance Trust Company as complete and accurate.

	2023	2022
Assets		
Investments, at fair value	\$ 9,204,684	\$ 4,880,918
Notes receivable from participants	333,314	204,986
Net assets available for benefits	<u>\$ 9,537,998</u>	<u>\$ 5,085,904</u>
Investment income		
Net appreciation in fair value of investments	\$ 866,668	
Interest and dividend income	195,414	
Interest on notes receivable from participants	25,687	
Total investment income	<u>\$ 1,087,769</u>	

4. Fair Value of Financial Instruments

Accounting principles generally accepted in the United States provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Narda-MITEQ 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

Assets at Fair Value as of December 31, 2023					
	Level 1	Level 2	Level 3	NAV	Total
Money market funds	\$ 507,027	\$ -	\$ -	\$ -	\$ 507,027
Mutual funds	8,697,657	-	-	-	8,697,657
Total investments at fair value	\$ 9,204,684	\$ -	\$ -	\$ -	\$ 9,204,684

Assets at Fair Value as of December 31, 2022					
	Level 1	Level 2	Level 3	NAV	Total
Money market funds	\$ 336,306	\$ -	\$ -	\$ -	\$ 336,306
Mutual funds	4,544,612	-	-	-	4,544,612
Total investments at fair value	\$ 4,880,918	\$ -	\$ -	\$ -	\$ 4,880,918

The valuation techniques used by the Plan to measure fair value as of December 31, 2023 and 2022 were as follows:

Mutual Funds and Money Market Funds

Valued at the NAV of shares held by the Plan at year end. The NAV of the mutual funds and money markets is based on prices in active markets. Participants can redeem shares on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

5. Related Parties and Parties-In-Interest

The Plan Administrators are the employee members of the 401k Plan Committee of the Company. The 401K Plan Committee acts as fiduciaries having responsibility to exercise discretionary control over the Plan's management and administration. Recordkeeping fees, investment advisory fees and financial statement audit fees are paid by the Company. Reliance Trust Company is the Trustee of the 401K plan for the company and holds the assets of the plan. In addition, certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

Narda-MITEQ 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

6. Income Tax Status

The Plan has adopted a plan document template provided by the record keeper (ADP) that was pre-approved by the Internal Revenue Service, who issued an opinion letter dated October 6, 2020 indicating that the plan document template met the applicable sections of the Internal Revenue Code. This plan document template was used to create the Plan document adopted by the Plan. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

7. Subsequent Events

The Plan's Administrator has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
