Independent Auditor's Report

To the Administrative Committee of
Foam Fabricators, Inc. Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Foam Fabricators, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Foam Fabricators, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foam Fabricators, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foam Fabricators, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foam Fabricators, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foam Fabricators, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of the Foam Fabricators, Inc. Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan originally effective January 1, 1992. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective January 1, 2022. The Plan excludes leased employees, non-resident aliens, residents of Puerto Rico, and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees.

Current year plan amendments:

Effective January 1, 2022, the Plan was amended and restated in full to amend certain plan provisions as follows: a) residents of Puerto Rico are now an excluded class of employees; b) add a fixed employer matching contribution equal to 25% of the first 6% of participant deferrals, subject to a six-year graded vesting schedule starting January 15, 2022; and c) add Plymouth Foam, LLC as a participating employer. Effective April 1, 2022, a special eligibility and entry provision was approved to allow all employees who were employed or re-employed by Plymouth Foam, LLC between October 2, 2021 and December 31, 2021 and are at least age 21 to be considered eligible and enter the Plan as of April 1, 2022. In addition, in-service disability distributions are now permitted.

Plan merger:

Effective January 1, 2022, the Plan approved an incoming plan asset merger from the Plymouth Foam 401(k) Retirement Savings Plan & Trust. The incoming asset merger was substantially completed on April 22, 2022 for an aggregate asset merger of \$9,396,965. This incoming asset merger amount consists of \$9,263,559 of participant investments, \$29,581 of plan forfeitures, and \$103,825 of notes receivable from participants. Employees of Plymouth Foam, LLC began contributing to the Plan as of April 22, 2022.

Eligibility:

The Plan is a defined contribution plan covering all qualified employees of Foam Fabricators, Inc. (the Plan Sponsor) and Polyfoam, LLC. Effective April 1, 2022, Plymouth Foam, LLC was added as a participating employer. These companies are related entities and are collectively referred to as "the Company." Employees are eligible to participate in the employee deferral components of the Plan upon completion of one year of service and reaching 21 years of age. Effective January 15, 2022, the Plan adopted a fixed employer matching contribution subject to the same eligibility requirements defined above. Participants are eligible for a discretionary employer contribution if they meet the eligibility requirements above, have worked at least 1,000 hours during the calendar year, and are employed on the last day of the Plan year. Plan entry dates are January 1st and July 1st.

Contributions:

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan, up to the maximum allowed by the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Effective January 15, 2022, the Company contributed a fixed matching contribution of 25% of the first 6% of a participant's contribution, which is calculated per pay period. The Company may, at its discretion, elect to make a discretionary employer contribution to the Plan. For the year ended December 31, 2022, no discretionary employer contribution was made.

Note 1 – Plan Description (Continued)

Contributions (continued):

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, employer matching contributions, and an allocation of the Company's discretionary employer contribution, if any, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in the employer matching and employer discretionary contribution portions of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 20% vested after two years of credited service with an additional 20% vesting per year until the participant is 100% vested after six years of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear an interest rate equal to the Prime Rate (7.50% at December 31, 2022) plus 1.0%. Notes must be repaid over a period not to exceed five years; an extended repayment period of up to 15 years is permitted if the note is for the purchase of the participant's principal residence. Participants may have a maximum of one note outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

Upon termination of service due to death, disability, or retirement, a participant receives the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½, becomes disabled, is a qualified reservist, and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Corrective contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to participant contributions. Amounts owed as of December 31, 2022 and 2021 were refunded to participants in December 2023 and March 2022, respectively.

Forfeited accounts:

Forfeitures of non-vested accounts may be used to reduce Company contributions, restore previously forfeited balances, or pay plan expenses. During the year ended December 31, 2022, forfeitures used to reduce employer discretionary contributions totaled \$8,210. During the year ended December 31, 2022, no forfeitures were used to pay plan expenses. At December 31, 2022 and 2021, there was \$37,076 and \$2,520 of unallocated forfeitures, respectively.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit payments:

Benefits are recorded when paid.

Administrative expenses:

Administrative expenses of the Plan may be paid directly by the Company or from the assets of the Plan. The expenses that are paid from Plan assets will either be shared by all participants or charged directly to the account of the participant on whose sole behalf the expense is incurred. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Administrative expenses for the year ended December 31, 2022 consisted of investment advisor, recordkeeper, asset-based charges, and custodial fees.

Subsequent events:

Plan management has evaluated subsequent events through July 30, 2024, which is the date the financial statements were available to be issued.

Foam Fabricators, Inc. Profit Sharing & 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 – Information Certified and Provided by the Custodian

Voya Retirement Insurance and Annuity Company (VRIAC), the custodian of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. There are no unfunded commitments or redemption restrictions associated with these investments.

Foam Fabricators, Inc. Profit Sharing & 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 4 – Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$19,742,622

	2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$16,416,785

*In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

The Plan has investments in various pooled separate accounts that invest in equity, fixed income, and target date funds. The objective of investments in equity funds is to approximate the risk and return characterized by various indices; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of investments in fixed income funds is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investments in target date funds is to provide various levels of asset allocations which become more conservative over time so participants can stay with the same fund before and after selected retirement dates.

Note 5 – Group Annuity Contract

The Plan participates in the Voya Fixed Account. The contract is an insurance company issued general account backed group annuity contract. There are no specific securities in the general account that back the investment in this account.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants generally may withdrawal assets from the Voya Fixed Account subject to certain equity wash and percentage limitation provisions. Currently, the Plan does not offer any competing investments options (as defined by VRIAC), so the equity wash provisions do not apply. VRIAC currently permits participants to transfer up to 100% of their account balance invested in the Voya Fixed Account to another investment option. VRIAC may also impose a market value adjustment at the contract level in the event of a full contract discontinuance or a partial contract discontinuance.

Foam Fabricators, Inc. Profit Sharing & 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 5 – Group Annuity Contract (Continued)

The contract is a group annuity insurance product issued by VRIAC and is backed by the full faith and creditworthiness of the issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Deposits made to the contract are deposited in VRIAC's general account. Payment obligations under the contract represent an insurance claim supported by all general account assets. The contract does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Expenses related to the contract are calculated by VRIAC and incorporated into the contract's crediting rate. Past interest rates are not indicative of future interest rates.

The Voya Fixed Account has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The investment has a contractual minimum guaranteed interest rate for the life of the contract of 1.0%, and a declared interest rate that may be changed at any time, but will never be lower than the minimum guaranteed interest rate. The crediting interest rate for the investment contract as of December 31, 2022 and 2021 was 1.0%.

Note 6 – Party-in-Interest Transactions

VRIAC is the custodian and recordkeeper, Alerus is the third-party administrator, and Securities America/Modern Financial Asset Management, LLC are the investment advisors of the Plan. Administrative expenses of \$113,339 for the year ended December 31, 2022 were paid by the Plan for custodial, recordkeeping, third-party administrative, and investment management and advisory services. Additionally, indirect fees are paid to Morningstar Investment Management LLC based on investment account values. These fees range from 0.005% to 0.024% and vary based on the total assets under management. The fees increase net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Certain Plan investments are managed by VRIAC and, therefore, the investment transactions qualify as party-in-interest transactions. Some of the fees charged by the above service providers are paid by the Plan and allocated to participant accounts, while others are paid through revenue sharing and allocated to participants. These transactions are party-in-interest transactions under ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The Plan Sponsor has adopted a prototype plan provided by Alerus Financial, N.A. (Alerus). Alerus obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. The prototype plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 8 – Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following reconciles net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 22,687,476	\$18,615,216
Deemed participant notes receivable	(5,906)	-
Corrective contributions payable	<u>18,489</u>	<u>858</u>
Net assets available for benefits per Form 5500	<u>\$ 22,700,059</u>	<u>\$18,616,074</u>

The following reconciles changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Change in net assets available for benefits per the financial statements	\$ 4,072,260
Deemed distribution of participant notes receivable	(5,906)
Change in corrective contributions payable	<u>17,631</u>
Change in net assets available for benefits per Form 5500	<u>\$ 4,083,985</u>

Note 11 – Subsequent Events

Effective January 1, 2023, the Plan was amended and restated in full to amend certain plan provisions as follows: a) remove the age and service requirements from employee deferral eligibility criteria; b) remove the age requirement from employer matching and employer profit sharing contribution eligibility criteria; and c) revise plan entry dates to the first day of each month for employee elective deferrals.

Effective February 1, 2023, the Plan's name was changed to the Altor Solutions 401(k) Plan. In addition, a 3% auto enrollment provision was added to the Plan for all new employees hired on or after February 1, 2023.

Effective August 8, 2023, the classes of excluded employees was updated to exclude temporary employees with less than 1,000 hours of service.
