Matters to be Communicated to Those Charged with Governance

Generally accepted auditing standards (GAAS) require the auditor to ensure that those charged with governance receive information regarding the results of the audit that may assist those charged with governance in overseeing management's financial reporting and disclosure process. Below we summarize these required communications.

The Auditor's Responsibility Under Generally Accepted Auditing Standards

We were engaged to conduct an audit of the financial statements as of and for the year ended December 31, 2023 for Tigerpoly Manufacturing Inc. Associates Retirement. The financial statements are the responsibility of management. Our audit was designed in accordance with GAAS, which provides for reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. We have the responsibility to opine on whether the financial statements are fairly stated in accordance with accounting principles generally accepted in the United States of America.

As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information.

As part of our audit, we obtained a sufficient understanding of the internal controls to plan our audit, to determine the nature, timing and extent of testing performed and not to provide assurance on internal controls.

We have issued our Independent Auditor's Report reflecting an unmodified opinion in accordance with ERISA Section 103(a)(3)(C) for the year ended December 31, 2023.

Management's cooperation was excellent. We received full access to all information that we requested while performing our audit, and we acknowledge the full cooperation extended to us by all levels of Company personnel throughout the course of our work.

Matters to be Communicated to Those Charged with Governance (continued)

Significant Accounting Policies

The significant accounting policies used by the Tigerpoly Manufacturing Inc. Associates Retirement and are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. The accounting policies used are appropriate and are in compliance with generally accepted accounting principles.

Management Judgments and Accounting Estimates

The preparation of financial statements requires the use of accounting estimates. Certain estimates are particularly sensitive due to their significance to the statements and the possibility that future events may differ significantly from management's expectations. The accounting estimates made by management for the preparation of the financial statements for the year ended December 31, 2023, were determined to be appropriate under generally accepted accounting principles. The following are the identifiable estimates in the financial statements:

1. Fair value of investments.

Management did not make any significant changes to the processes or significant assumptions used to develop the significant accounting estimates in 2023.

Significant Unusual Transactions

There were no significant unusual transactions identified during the 2023 audit.

Financial Statement Disclosures

The overall goal of the disclosures in the financial statements is to provide relevant information to the reader in as neutral, concise, consistent and clear a manner as possible while also complying with the disclosure requirements of generally accepted accounting principles. In addition, the disclosures made also require judgment due to the potential sensitive nature of certain items. The disclosures made in the financial statements for the year ended December 31, 2023, were determined to be appropriate and in compliance with generally accepted accounting principles.

Unrecorded Audit Differences

There were no unrecorded audit differences noted during the December 31, 2023 audit.

Audit Adjustments

There were no audit differences noted during the December 31, 2023 audit.

Significant Changes to Planned Audit Strategy or Significant Risks Initially Identified

There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Planning Communications.

Matters to be Communicated to Those Charged with Governance (continued)

Significant Difficulties Encountered in Performing the Audit

We encountered no major difficulties in working with any company personnel while performing and completing our audit. Further, we encountered no difficulties of any other nature in completing our audit.

Disagreements with Management

We had no disagreements with management.

Representations the Auditor is Requesting from Management

See the attached copy of the management representation letter.

Significant Findings and Issues Involving Related Parties

We have evaluated whether the identified related party relationships and transactions have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation.

Consultation with Other Accountants

We are not aware of management consulting with other independent accountants. Nor are we aware of opinions obtained by management from other independent public accountants on the application of generally accepted accounting principles.

Difficult or Contentious Matters

There were no difficult or contentious matters that we consulted with others outside the engagement team that we reasonably determined to be relevant to those charged with governance regarding their oversight of the financial reporting process.

Information from those Charged with Governance

There were no matters noted relevant to the audit, including, but not limited to: violations or possible violations of laws or regulations; risk of material misstatements, including fraud risks; or tips or complaints regarding the Plan's financial reporting that we were made aware of as a result of our inquiry of those charged with governance.

Nature and Extent of Specialized Skills or Knowledge Relating to Significant Risks

There were no specialized skills or knowledge needed, outside of the core engagement team, to perform the planned audit procedures or evaluate audit results related to significant risks.

Other Matters

There are no other matters that we consider significant to the oversight of the Plan's financial reporting process that have not been previously communicated.

Matters to be Communicated to Those Charged with Governance (continued)

Independence

Our engagement letter to you dated July 29, 2024, describes our responsibilities in accordance with professional standards and certain regulatory authorities with regard to independence and the performance of our services. This letter also stipulates the responsibilities of the Plan with respect to independence as agreed to by the Plan. Please refer to that letter for further information.

Reportable Findings and Internal Control Over Financial Reporting

We are required to communicate, in writing and in a timely manner, to those charged with governance all reportable findings and all material weaknesses and significant deficiencies that have been identified in the Plan's internal control over financial reporting. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

Category	Definition
Reportable Finding	Matters that are one or more of the following: a. An identified instance of noncompliance or suspected noncompliance with laws or regulations, b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process, c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.
Deficiency in Internal Control	A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
Significant Deficiency	A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

A reportable finding may also be considered a deficiency in internal control, a significant deficiency or a material weakness.

We considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

Significant Issues Discussed with Management

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

Control Deficiencies

Untimely Processing of Participant Changes

Observation: During our testing of participants, we noted participants' elected changes were taking multiple payroll cycles before becoming effective. The Department of Labor (DOL) and the Internal Revenue Service emphasize that employers must make changes as soon as 'administratively feasible'. DOL interpreted guidance indicated this is meant to be within a few business days, but no later than the next payroll cycle.

Management's Response: Subsequent to year end and prior to the audit, Plan Sponsor has changed 3rd party payroll providers to ensure more timely processing of requests and communication. As such, Plan management believes this deficiency has been fully remediated.

Future Reporting Considerations

SECURE Act 2.0 Information (SAS 114 Audit Results – New Pronouncement)

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. The most significant changes impacting existing plan provisions included updates to required minimum distributions (RMDs) and hardship distribution rules, expanded eligibility of part-time employees, modifications to catch-up contribution rules and options for the plan sponsor to make matching contributions to an employee's retirement account based on employee's student loan payment. SECURE Act 2.0 amendments must be adopted by December 31, 2025, for calendar year plans. The Plan Sponsor should work with their service provider to ensure the plan document is updated in accordance with the provisions of SECURE Act 2.0. If you have any questions or need further assistance with this, please contact a member of your audit service team.

This communication is intended solely for the information and use of those charged with governance and, if appropriate, management, and is not intended to be and should not be used by anyone other than these specified parties.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of Tigerpoly Manufacturing, Inc. Associates Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We elected to have the audit of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors. We confirm, to the best of our knowledge and belief, as of October 16, 2024, the following representations made to you during your audits:

- We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:
 - Management,
 - Employees who have significant roles in internal control, or
 - Others where the fraud could have a material effect on the financial statements.
- We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
- We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.
- We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.
- The Plan has satisfactory title to all owned assets, which are recorded at fair value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.
- We have no—
 - Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
 - Intentions to terminate the Plan.
- Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
- The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

- The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as follows:
 - Shares of mutual funds are valued at the quoted net asset value of shares held by the Plan at year-end
 - The common/collective trust fund is valued at the contract value as a considered fully benefit-responsive instrument. The contract value is the amount payable on demand at the reporting date.
- We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement (link) . In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- All required amendments to and filings of Plan documents with the appropriate agencies have been made.
- The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
- The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
- The Plan has complied with the fidelity bonding requirements of ERISA.
- We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

- In regard to the financial statement preparation services performed by you, we have:
 - Assumed all management responsibilities.
 - Designated Reina Mito, who has suitable skill, knowledge, and experience to oversee the services.
 - Evaluated the adequacy and results of the services performed.
 - Accepted responsibility for the results of the services.
 - Ensured that the data and records are complete and we have sufficient information to oversee the services.

ERISA Required Supplemental Schedule

- We believe the form and content of the supplemental schedule is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tigerpoly Manufacturing, Inc. Associates' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIGERPOLY MANUFACTURING, INC. ASSOCIATES' RETIREMENT PLAN

Notes to Financial Statements
December 31, 2023 and 2022

Plan Description

The following description of the Tigerpoly Manufacturing, Inc. (the Company) Associates' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are age 18 or older and have 90 days of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants can contribute up to 75% of pretax annual compensation as defined in the plan agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Employees who become eligible to participate in the Plan will be enrolled in the Plan automatically with a contribution of 2% of compensation which increases by 1% per year up to 4%, unless the eligible participant elects otherwise.

The Company has a discretionary match based on the plan provisions. The Company has elected to match 50% of the amount contributed by each participant up to 2% of the participant's eligible compensation for 2023 and 2022. Contributions are subject to certain annual limitations under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prime rate plus 1% as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may receive a lump-sum amount greater than \$1,000 or substantially equal installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59½ while still employed with the Company. The Plan provisions allow for hardship distributions.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. The Plan used \$95,892 and \$78,369 of forfeitures to reduce employer contributions during 2023 and 2022, respectively. Forfeitures available at December 31, 2022 was \$84,419. There were no unapplied forfeitures available at December 31, 2023.

Plan Description (continued)

Administrative Expenses

The Company pays administrative expenses and investment costs of the Plan and fees for the Plan's trustee, the Plan's auditors, legal counsel, consultants and other specialists at its discretion. Should the Company elect not to pay such expenses, the Plan Administrators' will pay these expenses from the Plan assets.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

As described in authoritative guidance, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's interest in registered investment companies is stated at fair value except for the stable value fund which is reported at contract value, based on quoted market prices as of the last business day of the year. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Purchases and sales of securities are reflected on a trade date basis.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or (depreciation) in the value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan or Plan Sponsor as provided in the Plan document.

Investment Contracts

The T. Rowe Price Stable Fund ("TRPSVF") is a common collective trust fund administered by PNC Bank, and fully benefit responsive. TRPSVF is stated at contract value as reported to the Plan by the (Trustee).

The repayment of principal and interest credited to the participants in the Plan is a final obligation of PNC Bank. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, TRPSVF will no longer be considered fully benefit-responsive. The occurrence of an event that limits the Plan's ability to transact at contract value with the participants is not probable.

Interest rates are reset quarterly. As TRPSVF has no stated maturity, the contract value is the amount payable on demand at the reporting date. In TRPSVF, all deposits are credited with the same interest rate. The average interest rate in 2023 and 2022 was 2.44% and 1.70%, respectively.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Newport Trust Company and Ascensus Trust Company, the Plan's trustee.

	2023	2022
Mutual funds	\$ 9,061,051	\$ 7,049,634
Common collective trust	1,382,351	1,997,581
Notes receivable from participants	344,641	245,267
Cash and cash equivalent	114	-
Total	\$ 10,788,157	\$ 9,292,482

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2023	2022
Net appreciation (depreciation) in fair value of investments	\$ 1,118,447	\$ (1,736,725)
Interest and dividends	218,007	270,681

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

*Common
Collective
Trust:*

Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

*Cash and cash
equivalent:*

Cost approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TIGERPOLY MANUFACTURING, INC. ASSOCIATES' RETIREMENT PLAN

Notes to Financial Statements December 31, 2023 and 2022

Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,061,051	\$ -	\$ -	\$ 9,061,051
Cash and cash equivalent	114	-	-	114
Investments measured at net asset value*	-	-	-	1,382,351
Total assets at fair value	\$ -	\$ -	\$ -	\$ 10,443,516

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,049,634	\$ -	\$ -	\$ 7,049,634
Investments measured at net asset value*	-	-	-	1,997,581
Total assets at fair value	\$ 7,049,634	\$ -	\$ -	\$ 9,047,215

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Transfer of Assets

Effective June 26, 2023, the Plan switched service provider from Newport Trust Company to Ascensus Trust Company. No significant Plan provisions were changed with the switch in providers. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee.

TIGERPOLY MANUFACTURING, INC. ASSOCIATES' RETIREMENT PLAN

Notes to Financial Statements December 31, 2023 and 2022

Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The opinion stated that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor believes that the Plan is currently designated and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Reconciliation to Schedule H of Form 5500

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500 for the year ending December 31, 2022:

Net decrease in net assets per financial statements	\$ (1,657,056)
Plus prior year contributions receivable	46,343
Less prior year accruals	(14,072)
Net change in net assets per Form 5500	<u>\$ (1,624,785)</u>

Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan expenses paid were \$59,803 and \$69,319 during 2023 and 2022, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)
