Trustees and Plan Management
CNBSTL and UBU 401(k) Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CNBSTL and UBU 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CNBSTL and UBU 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following description of the CNBSTL and UBU 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan sponsored by CNB St. Louis Bank (formerly Citizens National Bank of Greater St. Louis) (the “Employer”) for the benefit of its employees who are age 21 or older. The United Bank of Union, an employer with common ownership, also participates in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”). Charles Schwab Trust Bank serves as Plan custodian (the “Custodian”).

Contributions

The Plan permits eligible employees through a salary deferral election to have the Employer make annual contributions of up to 75% of eligible compensation. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer provides a 9% match for any participant deferring 3% or more who have at least one year of service. Additional discretionary amounts are contributed based on the return on equity performance of the Employer. There were no discretionary contributions for the years ended December 31, 2022 and 2021, respectively. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various mutual and common collective trust funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Employer’s contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

CNBSTL and UBU 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Employer's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The non-vested balance is forfeited upon termination of service. Forfeitures are used to reduce administrative expenses and Employer contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to maintain their funds with the Plan if they are above the federal stated distribution limit, to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or to receive a direct rollover to a specified account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

An in-service distribution may be made to a participant who has not separated from service and attained the age of 65, if their account is fully vested.

At December 31, 2022 and 2021, there were \$60 and \$0 assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loan is based on local prevailing rates at loan inception as determined by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

CNBSTL and UBU 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan holds interests in common collective trust funds, which invest in investments that pursue multiple strategies to exceed the performance of certain industrial averages. The funds may invest in securities or a combination of other collective funds. The net values of the funds are determined daily utilizing the values of the underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as declared by each fund. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Employer or the Plan, at the Employer's discretion.

Note 3: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021.

		Fair Value Measurements Using

	\$ 17,251,618			

(A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended 2022 and 2021. In addition, the Plan had no assets measured at fair value on a nonrecurring basis.

CNBSTL and UBU 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted market prices of investments with similar characteristics or independent pricing services and pricing models, the inputs of which are market-based or independently sourced marketed parameters, including but not limited to yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no Level 3 investments held by the Plan.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments Using NAV per share as of December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Galliard Stable Return Fund	\$ 1,280,518	n/a	Daily	None
Investments Using NAV per share as of December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund	\$ 1,033,768	n/a	Daily	None

Note 4: Certification of Plan Custodian

The Employer has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021

CNBSTL and UBU 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

- Investment income (loss) and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants information included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or relatives of such persons.

The Plan incurs expenses related to general administration and record keeping. The Plan paid \$65,785 and \$69,795 of record keeping and advisory fees during 2022 and 2021, respectively. Certain accounting and auditing fees relating to the Plan are paid by the Employer. Additionally, the Employer provides certain administrative services at no cost to the Plan.

Note 6: Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust/custodial document sponsored by Retirement Plan Services, L.L.C. This prototype Plan Document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service on March 31, 2008, stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt as of the financial statement date. The Plan has been amended since the prototype received the determination letter. However, the Plan Administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.
