INDEPENDENT AUDITORS' REPORT

O'Rielly Motor Company & Affiliates Employee Investment/Savings Plan
Board of Trustees
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of O'Rielly Motor Company Employee Investment/Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of O'Rielly Motor Company Employee Investment/Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in the *Unaudited Information Certified by the Trustee* note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of O'Rielly Motor Company Employee Investment/Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial

statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2021 and schedule of delinquent participant contributions are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**NOTE A. DESCRIPTION OF THE PLAN**

The following description of the O'Rielly Motor Company Employee Investment/Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan which was formed on January 1, 1984, and amended and restated effective January 1, 2015, to encourage and assist employees of O'Rielly Motor Company and its affiliates (collectively the "Company") in regularly saving for their retirement through payroll reductions and matching contributions made by the Company.

ELIGIBILITY

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code (the "Code" or "IRC"). Employees of the Company who have at least one year of service may participate in the Plan and become a member as of the first day of the following quarter upon completion of the eligibility requirements.

CONTRIBUTIONS

Participants may contribute to the Plan through payroll deductions of their annual wages (including bonuses), all of which are contributed on a pre-income tax basis subject to certain annual limitations established by the IRC. Each pay period, the Company contributes to the Plan a matching contribution equal to 40% of each employee's contribution. Employee deferral contributions greater than 5% each pay period are not matched. The Company, at its discretion, may also make profit-sharing contributions to the employee accounts. There were no profit-sharing contributions for the year ended December 31, 2021.

The Plan provides for participant-directed investment elections among different types of investment funds and participants may change their investment elections by communicating directly with the Plan's third-party administrator. Contributions determined to be excessive in accordance with the discrimination rules of the Internal Revenue Service regulations are refunded annually.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the associated matching contribution made by the Company, and an allocation of Plan earnings. Allocations are based on account balances as defined. The benefits to which an employee is entitled are the benefits that can be provided from the participant's vested account balance.

VESTING

Employees are immediately vested in their voluntary contributions plus their contributions' earnings. Vesting in the remainder of their accounts is based on years of service. An employee is vested in employer contributions at the rate of 20% after one year of service, 40% after two years, 60% after three years, 80% after four years and is fully vested after five years of service. Upon retirement, disability or death, an employee is 100% vested in his or her entire account.

PAYMENT OF BENEFITS

Upon termination of service, an employee will receive a lump-sum amount equal to the value of his or her account as soon as administratively feasible following the termination of the employee, with the exception of distributions over \$5,000, which are subject to participant consent. Benefits are distributable without penalty upon death, disability, or retirement at age 65 and are subject to certain minimum distribution rules upon reaching age 70 ½. The Plan also provides for hardship withdrawals during employment for specific significant financial needs as defined in the Plan. A hardship withdrawal must come from a participant's vested account balance and must be for an amount greater than \$500.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan is permitted to make loans to employees to satisfy certain financial needs as defined, providing the employee has at least \$1,000 in his account. Each loan may be made for at least \$500 but not to exceed the lesser of \$50,000 or 50% of the employee's vested account balance at the date the loan is granted. Loans bear interest at the rate of prime rate plus 1%. An employee cannot have more than one loan outstanding at a time and will generally repay the loan through payroll deductions. There is a loan set up fee of \$75 and an annual loan maintenance fee of \$33. A loan is considered to be in default and may be treated as a deemed distribution if amounts due remain outstanding at the end of the quarter following the quarter the amounts became due.

CHANGE IN TRUSTEE

On July 1, 2019, Wells Fargo Bank, N.A. was acquired by Delaware Charter Guarantee and Trust Company dba Principal Trust Company ("Principal"). Effective May 24, 2021, all funds held by Wells Fargo Bank, N.A. was migrated to Principal ("the Trustee").

TEMPORARY CORONAVIRUS RELIEF PROVISIONS

The Coronavirus Aid Relief, and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. Along with other significant provisions, the CARES Act includes several temporary relief provisions available to tax qualified retirement plans and their qualifying participants such as: (i) a new hardship withdrawal option; (ii) a loan payment pause option; and (iii) a waiver of required minimum distributions. Plan management has adopted these provisions into the Plan. These provisions ended on December 30, 2020.

ADMINISTRATIVE EXPENSES

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivables from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

FORFEITURES

Forfeitures are the non-vested portion of participant account balances from terminated participants. These funds, which have been retained in the Plan, are available to reduce future contributions of the Company. The balance of forfeited accounts was \$20,951 and \$20,825 as of December 31, 2021 and 2020, respectively.

NOTE B. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the O'Rielly Motor Company Employee Investment/Savings Plan in the preparation of its financial statements are as follows:

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Receivables and liabilities, other than for benefits, are accrued in accordance with the American Institute of Certified Public Accountants Audit and Accounting Guide, Audits of Employee Benefit Plans.

NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets, revenues, and expenses and disclosure of any contingent assets at the date of the financial statements. Actual results could differ from estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Investment expenses are recorded as a reduction in investment earnings.

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting principles generally accepted in the United States of America ("GAAP") establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance. Loan fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded upon the occurrence of a distributable event.

PAYMENT OF BENEFITS

Benefits are recorded when approved for distribution, which generally coincides with the time of payment.

INCOME TAX STATUS

The Plan participates in a defined contribution volume submitter plan and trust offered the Trustee, which is intended to meet the requirements of the Internal Revenue Code as a qualified volume submitter plan /Custodial Account. The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended by the Company, the Plan administrator and Company management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in these financial statements.

Accounting principles generally accepted in the United States of America clarify the accounting for uncertainty in income taxes by creating a framework to recognize, measure, present, and disclose in financial statements uncertain tax positions that have been taken or expect to be taken in a tax return. The Plan administrator and Company management believe there are no uncertain tax positions for which it is reasonably possible that reported total amounts could significantly differ from amounts that may be determined upon examination by taxing authorities. In general, the Plan's federal and state tax returns remain subject to examination by taxing authorities for three years, unless specific conditions are met, from the filing date. Accordingly, the Form 5500 for the period ending December 31, 2017, is no longer subject to examination.

NOTE C. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price, as reported by the fund, of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end, actively traded mutual funds registered with the Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and transact at that price.

Common/collective trust: Valued at the NAV, which approximates fair value of the units held by the Plan, representing a mix of all the underlying assets, as reported by the portfolio manager.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments in mutual funds are all Level 1 investments within the fair value hierarchy as of December 31, 2021 and 2020.

NOTE D. COMMON/COLLECTIVE TRUST

The Plan has participant-directed investments held in a common/collective trust (e.g., stable value fund) that contains investment contracts that carry a benefit-responsiveness feature that allows Plan participants to make exchanges or request benefit payments at contract value. A stable value fund contains a pool of fixed income securities (e.g., government securities, mortgage-backed securities, etc.). These securities are wrapped by a synthetic investment contract issued by a bank or insurance company that ensures participant-initiated withdrawals from the stable value fund will be paid at book value. Participant transactions may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There is no immediate recognition of gains and losses on the pool of securities. Instead, the gain or loss is recognized over time by adjusting the interest rate credited to the fund under the synthetic wrap. The contract's rate of return is typically reset on a quarterly basis based on the provisions of the underlying contracts.

As required by the accounting principles generally accepted in the United States of America, the statements of net assets available for benefits present the fair value of the investment contracts. The common/collective trust is reported at net asset

value as a practical expedient as the investment does not have a readily determinable fair value and the investment is in an investment company.

NOTE E. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of certain money markets and mutual funds managed by the Trustee of the Plan. Certain plan expenses are paid by the Plan sponsor. These investment and expense transactions are considered party-in-interest transactions for which statutory exemption exists.

NOTE F. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to those shown in the Form 5500 at December 31:

	2021	2020

Net assets available for benefits per the Form 5500	\$ 11,488,339	\$ 10,131,342

The following is a reconciliation of increase in net assets available for benefits per the accompanying financial statements at December 31, 2021 to that shown in the Form 5500:

	2021
Total increase in net assets available for benefits per the accompanying financial statements	\$ 1,326,388
Add current year excess contributions refundable to participants	48,163
Add prior year employee contributions receivable paid in current year	2,692
Add prior year employer contributions receivable paid in current year	439
Less prior year excess contributions refunded to participants	(16,237)
Change in defaulted loans reported as deemed distributions	(4,448)
Increase in net assets available for benefits per the Form 5500	\$ 1,356,997

NOTE G. UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

The following unaudited information in the Plan's financial statements and supplemental schedule of assets held at end of year was certified to be complete and accurate by the Trustee, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as described below:

- All amounts reported as mutual funds, common collective trusts, and notes receivable in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- All amounts reported as net appreciation (depreciation) in fair value of investments and interest and dividends in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- All amounts reported in the supplemental schedule of assets held at end of year.

NOTE H. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, employees become 100% vested in their accounts.

NOTE I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Financial instruments that potentially subject the Plan to concentrations of credit risk consist primarily of the common/collective trust. The total loss that could occur if the account becomes uncollectible is the stated fair value of the financial instruments reported in the accompanying statements of net assets available for benefits.

NOTE J. SUBSEQUENT EVENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to disclose the date through which subsequent events (i.e., an event or transaction that occurs after the balance sheet date but before the financial statements are issued) were evaluated when determining whether adjustment or disclosure in the financial statements is required. The Company evaluated subsequent events through August 12, 2022 which represents the date the accompanying financial statements were available to be issued.
