INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
403(b) Thrift Plan for Employees of Operation Kindness
Carrollton, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of 403(b) Thrift Plan for Employees of Operation Kindness, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 403(b) Thrift Plan for Employees of Operation Kindness' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan for Employees of Operation Kindness and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Operation Kindness' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan for Employees of Operation Kindness' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Operation Kindness' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent contribution for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 ("supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2022 Financial Statements

Plan management is responsible for the accompanying 2022 financial statement of 403(b) Thrift Plan for Employees of Operation Kindness, which comprise the statement of net assets available for benefits as of December 31, 2022, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2022 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion nor provide any form of assurance on these financial statements as of December 31, 2022.

1. DESCRIPTION OF THE PLAN

The following description of 403(b) Thrift Plan for Employees of Operation Kindness (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Operation Kindness (the "Organization", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective February 1, 2006, and restated effective January 1, 2019. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment or financial hardship. The Plan covers all eligible employees of the Organization upon employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Organization has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Organization is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Organization has delegated certain responsibilities for the operation and administration of the Plan. The Organization has contracted with Mutual of America Life Insurance Company (the "Custodian") to serve as the Plan's asset custodian. The Custodian manages the Plan's investment transactions and manages participant accounts and participant initiated transactions.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the Organization, excluding non-resident aliens and employees who are eligible to make Salary Reduction Contributions to another plan of the Employer, 403(b) plan, or a governmental eligible deferred compensation plan, are able to participate in the Plan upon hire. Eligible participants become eligible to receive Employer matching contributions after they reach the age of 21 and complete one year of service. The plan document defines one year of service as having completed at least 1,000 hours of service during a consecutive twelve month period.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan, on a pre-tax basis, up to a maximum amount allowed by the IRC. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

All newly eligible employees are automatically enrolled to defer 1% of their eligible compensation on a pre-tax basis, unless the participant makes a contrary election. The deferral percentage will automatically increase by 1% each year on the automatic enrollment commencement date until the participant is contributing 3% of their eligible compensation on a pre-tax basis.

Participants may also elect to rollover contributions from other qualified employer-sponsored retirement plans and individual retirement accounts into the Plan.

Upon meeting eligibility requirement, the Organization makes Employer matching contributions equal to 100% of the participant's salary reduction contributions, not to exceed 3% of each participant's compensation for the plan year. Employer matching contributions totaled \$84,304 for the year ended December 31, 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, rollovers, and allocations of Employer contributions, if any, and investment earnings, and charged with any withdrawals or distributions requested by the Plan participant, investment losses and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are vested immediately in their contributions, and rollovers, plus actual earnings or losses thereon. Employer matching, plus earnings thereon, vested at 100% upon the completing of 3 years of vesting service.

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and is used to reduce discretionary Employer matching to the Plan and then can be used to pay Plan administrative expenses not paid by the Organization. As of December 31, 2023 and 2022, there were non-vested amounts available for future use to reduce Employer contributions or pay Plan expenses. During 2023, \$2,528 were used to pay a plan expenses.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump sum distribution. In-service withdrawals from a participant's account are permitted to participants who are 59 ½ or older. Upon termination of employment, if a participant's account balance is equal to or less than \$1,000 and the participant does not elect a distribution, the balance may be automatically distributed in a lump-sum cash payment without the participant's consent. If the account balance is over \$1,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2023 (Audited) and December 31, 2022 (Compiled)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's net gains and losses on investments bought and sold during the year as well as held at year-end.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

The Plan document includes provisions authorizing notes receivable to active eligible participants. The minimum amount of a notes receivable shall be \$1,000. The maximum amount of a participant's notes receivable is determined by the available notes receivable balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All notes receivable are covered by demand notes and are repayable over a period not to exceed five years (except for notes receivables for the purchase of a principal residence) through payroll withholdings unless the participant is paying the notes receivable in full. Interest on the notes receivable is based on local prevailing rates as determined by the Plan Administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants (continued)

Notes receivables are available to participants through Mutual of America. Plan notes receivables are not considered Plan assets. Notes receivables are issued directly from the funds owned by Mutual of America and notes receivable proceeds are not removed from the participant's account balance. However, an amount equal to the principal balance of the notes receivable plus 20% is transferred within the participant's individual account into the Mutual of America Interest Accumulation Account and held as collateral and restricted for participant use until the notes receivable is repaid. As notes receivable payments are made by the participant to the Custodian, the amount required to be held in the Interest Accumulation Account is reduced by the principal amount paid. A corresponding adjustment to the 20% additional amount is also made upon receipt of each payment. The amount of Plan assets serving as collateral at December 31, 2023 and 2022 was \$858 and \$2,252, respectively. The note receivable outstanding as of December 31, 2023 carried an interest rate of 5.85%, with scheduled maturity in July 2024.

Contributions and contributions receivable

Participant contributions are recorded based on the date the contributions have been separated from a participant's pay, which is the pay date. Employer matching contributions are recorded in the year they are earned by participants. The Plan records receivables contribution based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions are recorded when they are received by the Custodians and allocated to participants' accounts.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses for the Plan are recorded when incurred. Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the Organization for the year ended December 31, 2023. Investment fees, which may vary according to the individual funds selected, are indirectly paid out of the assets of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 23, 2024, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical asset or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices in active markets for identical assets or liabilities;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate account - Pooled separate accounts are accumulation units valued daily to reflect the investment performance of the underlying investment and the prorated daily deduction for expense charges within a pooled separate account. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the Custodian's website. Pooled separate accounts are included in the fair value hierarchy table as level 2 investments

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled separate accounts	<u>\$ -</u>	<u>\$ 1,417,756</u>	<u>\$ -</u>	<u>\$ 1,417,756</u>

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled separate accounts	<u>\$ -</u>	<u>\$ 994,787</u>	<u>\$ -</u>	<u>\$ 994,787</u>

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Mutual of America General account (i.e. the Interest Accumulation Account) is a fully benefit-responsive investment contract. Contributions to Mutual of America under this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by Mutual of America. Mutual of America indicated that contract value approximates fair value for the investment contract at December 31, 2023 and 2022. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable at this time.

The Mutual of America contract allows for withdrawals to be made at any time, and the interest rate credited to investments in the General Account is a current rate that is not dependent upon the length of time the assets are invested with Mutual of America.

Mutual of America is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.15%. The current effective annual yield for interest credited to the interest accumulation account is 5.85%.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian, determined to be a qualified institution by the Plan administrator, having certified to the completeness and accurate of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023;
- Net appreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023 and;
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2023.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and schedule of assets (held at end of year).

6. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan as adopted the Mutual of America Life Insurance Company's Prototype Non-standardization 403(b) Plan document that has received an opinion letter dated March 31, 2017, that indicated the Plan is designed in accordance with the applicable sections of the IRC, and is available for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue all contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate, participants would become fully vested in their accounts.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Organization pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the Organization on its behalf. The Plan has included in its investment fund options certain funds managed by the Custodian or one of its affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

The Custodian retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain fund-level fees incurred by the funds in which the Plan invests for such services as record-keeping are paid through fund-level revenue-sharing agreements. These fees reduce the fund earnings, thereby impacting the investment return applied to participant's accounts.
