Plan Sponsor and Administrator
Anchorage Capital Group, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the Anchorage Capital Group, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Anchorage Capital Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section:

- The amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Anchorage Capital Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Anchorage Capital Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information relating to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 6, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified by an institution that management determined meets the requirements of the ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of Anchorage Capital Group, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2003, and restated on January 1, 2016, is a defined contribution plan covering eligible employees of Anchorage Capital Group, LLC (the Company). Full-time, non-excluded employees, who have attained the age of 18 with one day of service, are eligible to participate in the Plan. Effective with the Plan restatement, union employees, and interns are excluded from participating in the Plan. An employee's entry date into the Plan is the first day the employee satisfies the eligibility requirements coinciding with or following the date of eligibility. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended.

Contributions

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount up to 90% of their annual compensation and bonus provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service (IRS) each calendar year, which is \$22,500 for the calendar year ended December 31, 2023. Employees over the age of 50 can elect to contribute an additional \$7,500 for the calendar year ended December 31, 2023. Effective January 1, 2021, the Company has amended the Plan to allow Roth elective deferrals.

Employer Discretionary Matching Contributions

Participants may be eligible to receive a discretionary matching contribution based on a discretionary percentage of a participant's elective deferrals. The matching contribution is made on an annual basis for all participants regardless of service completed during the Plan year or employment status at the end of the Plan year. During the year ended December 31, 2023, the Company did not make a matching contribution.

Employer Discretionary Profit Sharing Contributions

The Company may make discretionary profit-sharing contributions to participants. The discretionary profit-sharing contribution is made on an annual basis (as of the last day of the Plan year) for all participants who are employed at the end of the Plan year or who have completed more than 500 hours of service. There were no discretionary profit-sharing contributions for the year ended December 31, 2023.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon based on the following schedule:

<u>Years of Service</u>	<u>Vesting Requirement</u>
1 year	50%
2 years	100%

**Anchorage Capital Group, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Participant Accounts

Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled to is equal to the vested portion of the participant's account.

Forfeitures

A participant who terminates employment and is less than 100% vested, forfeits the non-vested portion of their account. Forfeitures attributable to employer matching and profit-sharing contributions are first used to pay any administrative expenses and then may be used to offset any discretionary employer contributions. There were no forfeitures for the year ended December 31, 2023. The unallocated forfeiture balance amounted to zero at both the years ended December 31, 2023 and 2022.

Investment Options

Participants may make direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment or installments over a period of not more than the participant's assumed life expectancy (or the assumed life expectancy of a beneficiary).

Notes Receivable from Participants

In general, the Plan administrator may permit participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. A participant may have only one loan outstanding at any time.

Loans are secured by the balance in the participant's account and bear interest at an interest rate determined by the Plan administrator based on the prime rate plus 1% (rates were 9.5% in 2023). Loans shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence, which then the Plan administrator will offer extended repayment options. Principal and interest are repaid through payroll deductions. At December 31, 2023 and 2022, participant loans were \$19,869 and \$36,125, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis.

**Anchorage Capital Group, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022**

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of realized gains or losses, and unrealized appreciation or depreciation on investments.

Net appreciation includes the plan's gains and losses on investments brought and sold as well as held during the year. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

All transaction fees are paid from participants' accounts. If forfeitures are available to use, administrative expenses are paid by the Plan through the forfeiture funds, otherwise they are paid by the Plan or the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments in the statement of changes in net assets available for benefits.

Note 3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements and Disclosures* (ASC 820), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds: Mutual funds are stated at fair value based on unadjusted prices in an active market for each share held by the Plan.
- Common collective trust funds: Common collective trust funds are stated at fair value which is determined by the trustee of the common collective trust based on the underlying assets, which represent net asset value (NAV) of units held by the trust. The common collective trust invests primarily in mutual funds. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption period notice.
- Stable value collective trust fund: Composed primarily of fully-benefit responsive investment contracts and is valued at the NAV units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value.
- The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Parties-in-Interest

The Company administers the Plan from its office. Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP is the administrative service provider of the Plan. Fees paid by the Plan for the administration of participant notes amounted to \$1,556 for the year ended December 31, 2023, and are included in administrative expenses on the statement of changes in net assets available for benefits.

Note 6. Tax Status

The Plan is a Non-Standardized Pre-Approved profit-sharing plan sponsored by Automatic Data Processing, Inc. (ADP). ADP has obtained an opinion letter on the Plan dated October 6, 2020, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2020.

Note 7. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

Note 9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2023 and 2022:

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

The undersigned ("We") are providing this letter in connection with Forvis Mazars' audit of the financial statements of Anchorage Capital Group, LLC 401(k) Plan (the Plan) as of and for the year ended December 31, 2023, and supplemental schedule for the year ended December 31, 2023.

Our representations are current and effective as of the date of Forvis Mazars' report: October 14, 2024.

Our engagement with Forvis Mazars is based on our contract for services dated: July 18, 2024.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule(s) in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

- f. When we receive final deliverables from you, we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

Financial Statements & Reports

27. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.

28. With regard to supplementary information:

- a. We acknowledge our responsibility for the presentation of the supplementary information, including its form and content in conformity with relevant regulatory requirements or other applicable criteria.
- b. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
- c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.

- d. The supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Transactions, Records, & Adjustments

29. All transactions have been recorded in the accounting records and are reflected in the financial statements.
30. We have everything we need to keep our books and records.
31. We are in agreement with the adjusting journal entries you have proposed, and they have been posted to the Plan's accounts
32. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.
33. We confirm that there were no non-elective contributions made by the Company for the year ended December 31, 2023.
34. There are no uncorrected misstatements or omitted disclosures.

Accounting & Disclosure

35. We are not aware of any side agreements or other arrangements (either written or oral) that are in place.
36. Except as reflected in the financial statements, there are no:
 - a. Plans or intentions that may materially affect carrying values of assets, liabilities, or net assets.
 - b. Material transactions omitted or improperly recorded in the financial records.
 - c. Material unasserted claims or assessments that are probable of assertion or other gain/loss contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.
 - d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.
 - e. Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
37. Except as disclosed in the financial statements, the Plan has:
 - a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.
 - b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

Receivables

38. Adequate allowances have been accrued for any material losses from uncollectible receivables.

Estimates

39. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

41. With respect to the fair value measurements of financial assets recognized in the financial statements or disclosed in the notes thereto:
 - a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.
 - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
 - c. The significant assumptions appropriately reflect market participant assumptions.
 - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.
 - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

42. Investments are properly measured at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Investments measured at fair value include:
 - a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.
 - b. Investment values determined using NAV as a practical expedient.

Off-Balance Sheet Risk

43. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
