Independent Auditors' Report

To the Plan Participants and Plan Administrator
of the University of the Pacific Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the University of the Pacific Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year ended December 31, 2023, respectively, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the University of the Pacific Defined Contribution Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by qualified institutions. Their report dated October 2, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to

assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements of ERISA Section 103(a)(3)(C).

UNIVERSITY OF THE PACIFIC
Defined Contribution Plan
Notes to Financial Statements
December 31, 2023 and 2022

(1) Description of Plan

The following description of the University of the Pacific Defined Contribution Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan’s provisions.

(a) General

The Board of Regents of the University of the Pacific (the “Sponsor”) established the University of the Pacific Defined Contribution Plan as of September 1, 1974 covering employees of the Sponsor. The Plan is a 403(b) tax deferred plan. The Sponsor is responsible for the administration of the Plan. All investments are participant-directed. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits under the Plan are provided through group retirement annuities primarily from Teachers Insurance and Annuity Association (“TIAA”) and unit-annuities or variable annuities from College Retirement Equities Fund (“CREF”), TIAA’s companion organization (collectively “TIAA and CREF”), and Empower Annuity Insurance Company of America (“Empower”) (formerly Great-West Life and Annuity Insurance Company “Great-West”). The terms of the annuities are an integral part of the terms of the Plan and are contained in certificates held by each participating employee. The Plan also offers various investment options such as mutual funds. As of January 1, 2009, TIAA and CREF is the only annuity provider authorized to receive contributions under the Plan.

The Plan has two components, the Group Retirement Annuity (“GRA”) and the Group Supplemental Retirement Annuity (“GSRA”). Once eligible, participants are required to participate in the GRA as a condition of employment. Eligible participants may elect to participate in the GSRA at any time upon hire.

(b) Eligibility

Under the GRA, all employees of the Sponsor who are at least 21 years of age are required to participate in the Plan on the first day of the following month as a condition of employment.

Each employee of the University who is not otherwise excluded from participation in the Plan is eligible to participate in the GSRA. The Plan excludes the following:

- (a) Students within the meaning of Section 3121(b)(10) of the Code, including employees classified as students, graduate assistants, and head residents in the payroll system of the Institution, and
- (b) Non-resident aliens with no United States source income.

(c) Vesting

Participants are 100% vested in all contributions made to the Plan, plus actual earnings thereon.

UNIVERSITY OF THE PACIFIC

Notes to Financial Statements
December 31, 2023 and 2022

(d) Participant Contributions

Eligible employees of the GRA contribute 5% of their eligible compensation. Eligible employees of the GSRA may also elect to contribute a portion of their eligible compensation.

Employee contributions are subject to certain IRC limitations.

(e) Employer Contributions

Contributions are made to the GRA on behalf of eligible employees. The Sponsor contribution is 10% of eligible compensation, subject to certain IRC limitations.

(f) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contributions, and Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Plan Assets Pledged as Collateral

Participants are permitted to obtain loans directly from TIAA. Adequate security is required and a portion of the participant's account serves as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity Account. In general, the amount of the loan may not exceed the lesser of \$50,000 reduced by the highest outstanding loan balance in a participant's vested account during the prior 12-month period. The minimum loan amount is \$1,000. The loans bear a rate of interest as determined in the controlling contract and may be fixed or variable. The amount of Plan assets held as collateral for loans issued and outstanding to participants by TIAA was immaterial to the Plan's financial statements at December 31, 2023 and 2022, respectively.

(h) Participants' Investment Options

Participants may allocate both the Sponsor and participant contributions to the funding vehicle(s) and investments they select in any whole-number percentages that equal 100 percent. The funding vehicles include fixed annuities, variable annuities and mutual funds. Participants may change their allocation of future contributions to the funding vehicle(s) at any time.

(i) Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) annuity options, (b) fixed period option, or (c) a lump-sum distribution from the GRA account. Plan provisions do not allow the distribution of a participant's benefit without the written consent of the participant. Participants older than 70 ½ and employed with the Sponsor are able to defer benefit payments until they cease employment. As of December 31, 2023 and 2022, benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid totaled \$16,696 and \$0, respectively.

UNIVERSITY OF THE PACIFIC
Defined Contribution Plan
Notes to Financial Statements
December 31, 2023 and 2022

(j) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans must be repaid over five years unless the loan is qualified as a home loan to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

(k) Forfeitures

The Plan has no forfeitures as all accounts are 100% vested at all times.

(l) Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Plan Sponsor has the right to discontinue contributions at any time.

(m) Administrative and Investment Management Expenses

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Plan's administrative expenses are primarily paid by the Plan Sponsor as specified in the Plan Document. Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

UNIVERSITY OF THE PACIFIC
Defined Contribution Plan
Notes to Financial Statements
December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the period.

(d) Payment of Benefits

Benefit payments are recorded when paid.

(e) Risks and Uncertainties

The Plan utilizes various investment instruments, including investment contracts. Investments, in general, are exposed to various risks, such as interest rate, liquidity, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

(f) Subsequent Events

Plan management has reviewed all events occurring from December 31, 2023 through October 15, 2024, the date the Plan's financial statements were available to be issued.

(3) Certified Investments and Notes Receivable from Participants

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, including certification from TIAA and CREF on behalf of TIAA, FSB, and Empower (the trustees of the Plan).

(4) Fully Benefit-Responsive Traditional Investment Contracts

The Plan entered into a fully benefit-responsive investment contract with TIAA, which is an individual deferred annuity contracts with guaranteed fixed accounts. The TIAA Traditional Annuity is a fixed annuity contract that is fully and unconditionally guaranteed by Teachers Insurance and Annuity Association of America (TIAA), a New York domiciled non-profit legal reserve life insurance company. Participants who had balances in the Supplemental Retirement Annuity (SRA) contract prior to the limitation to invest in just the GSRA, may continue to make contributions to this contract. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. When the accumulation in the TIAA Traditional Annuity is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The Plan also entered into fully benefit-responsive contracts with Empower (formerly Great-West), which are also individual deferred annuity contracts with guaranteed fixed accounts. The guaranteed fixed

accounts are fully and unconditionally guaranteed by Empower (formerly Great-West), a Colorado domiciled retirement plan recordkeeping financial holding company. During the accumulation phase, the guaranteed fixed accounts provide a guarantee of principal and a guaranteed fixed interest rate that resets each quarter. When the accumulation in the guaranteed fixed accounts is converted to an annuity based on the life expectancy, the present value of the stream of payments is equal to the accumulation.

Contributions to TIAA Traditional Annuity contracts are held in TIAA's general account. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of their GSRA or GRA portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to the time the Participant elects to receive benefit payments or the death of the Participant, whichever occurs first, TIAA and CREF and Empower (formerly Great-West) guarantees that it will credit interest at an effective annual rate not less than 3%, and the potential for additional interest if declared by TIAA or Empower (formerly Great-West). The interest rates credited to guaranteed fixed accounts are reset each quarter.

Certain events limit the ability of the plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

(5) Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair value of investments.

Mutual funds and TIAA CREF accounts – The fair values of mutual funds' investments are determined by obtaining quoted prices on nationally recognized securities exchanges. TIAA College Retirement Equities Fund (CREF) is registered with the SEC under the Investment Company Act of 1940 as an open-end management investment company. The CREF accounts fund variable-annuity contracts issued by CREF. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources. (Level 1 inputs)

Variable and fixed annuities (Empower) – The fair values of variable and fixed annuities are calculated and reported daily by the annuity provider (Level 2 inputs). For fixed annuities, all inputs are generally considered observable through the review of existing contracts and readily available financial information on the web sites of issuing financial institutions. For variable annuities, the initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation.

Traditional Guaranteed Investment Contracts (not fully benefit-responsive) – The Plan holds traditional guaranteed investment contracts that are not fully benefit-responsive due to certain liquidity restriction provisions of the contracts and, accordingly, are measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contract is estimated by the insurance company that has issued the contract to the Plan, by discounting the projected cash flows using risk-adjusted market discount rates which correlate closely with TIAA Traditional Annuity's historical interest crediting rates. (Level 3 inputs). The plan administrator reviews and evaluates the methodology and assumptions used by the contract issuer, including consideration of economic conditions and discussions with the issuer regarding the applicability of the specific level 3 measurement inputs to the Plan's investment contract, and review of current rating agency reports for the issuer.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1).

(6) Federal Income Tax Status

The Plan is intended to be a plan that qualifies under Code section 403(b). The employer believes this Plan to be in compliance with all applicable sections of the Code. However, this Plan has not been submitted to the Internal Revenue Service for approval and there is no assurance that the intended tax benefits under this Plan will be available. Neither the employer, nor any providers, nor the administrator, nor its designated representative makes any commitment or guarantee that any particular Federal or State tax treatment will apply to, or be available to, any participant. Each participant, by accepting a benefit under this Plan, agrees to be liable for any taxes, tax penalties and interest that may be imposed by the Internal Revenue Service, or any other governmental agency, with respect to these benefits.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

(7) Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are variable and fixed

annuities and mutual funds issued by TIAA and CREF and Empower. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each contract. Notes receivable from participants also reflect party-in-interest transactions.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 811,652,600	716,598,440
