To the Plan Administrator and Participants
CCFHS 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CCFHS 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CCFHS 401(k) Retirement Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CCFHS 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CCFHS 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CCFHS 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CCFHS 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the CCFHS 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a "safe harbor" 401(k) plan, is a defined contribution plan adopted on April 1, 2004 and most recently restated effective April 12, 2021 that covers all eligible employees of Coos County Family Health Services, Inc. (the Organization) who are 18 years old or older and have completed three consecutive months of service. Employees enter the Plan on the first day of the month after the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute either in a whole percentage or a specified dollar amount of pretax annual compensation as defined in the Plan document and limited by the Internal Revenue Code's (Code) annual calendar limit for deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for the participants.

The Plan includes an automatic enrollment and automatic deferral increase feature. Individuals hired by the Organization after July 1, 2019, and those current employees who have not made an affirmative election to participate or not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in the applicable target date investment. In addition, these employees will have their deferrals increased by 1% per year, not to exceed 6% (10% effective July 1, 2024) of their compensation, unless the employee affirmatively elects not to increase their contributions.

In addition, the Plan includes Roth elective deferrals as a Plan feature. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Code.

1. Description of Plan (continued)

Contributions (continued)

The Organization makes a safe harbor matching contribution equal to 100% of the participant's salary deferrals up to 3% of compensation plus 50% of the salary deferrals from 4% to 5% of compensation.

In addition to the participant's salary deferrals and safe harbor contributions, the Organization may contribute to the Plan discretionary matching contributions and discretionary profit-sharing amounts at the option of the Board of Directors. These discretionary matching and profit-sharing contributions are subject to certain limitations. No discretionary contributions were made in 2023 or 2022.

Participants Accounts

Individual accounts are maintained for each plan participant to reflect the participant's contributions and related safe harbor matching contributions. Each participant's account is credited with the participant's contribution and allocations of the Organization's safe harbor contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the employer's safe harbor contributions plus actual earnings thereon.

Vesting in the Organization's discretionary matching and profit-sharing contributions, if any, are subject to a six-year vesting schedule.

Forfeitures

At June 30, 2023 and 2022, forfeited non-vested employer contributions totaled \$11,762 and \$839, respectively. These amounts are used to reduce future employer contributions. Forfeitures used to reduce employer contributions during the years ended June 30, 2023 and 2022 amounted to \$-0- and \$-0-, respectively.

Hardship Distribution

Participants may request, if they meet certain conditions, a hardship distribution. The minimum amount that can be requested is \$1,000, withdrawn only from their fund accounts not to exceed the amount of the hardship.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability or retirement, or for any other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum amount or in installments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of (i) 50% of a participant's vested account balance as of the date the loan is made or (ii) \$50,000 reduced by the highest outstanding loan balance, if any, from the Plan during the one-year period ending immediately before the date of the new loan. Loans are secured by the participant's account and bear interest at the prime rate plus 1% determined at the first of each month in which the loan is made. Loan terms range from one to five years. Loans are to be repaid through salary reductions consistent with the payroll practices of the Organization.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount and other options as defined in the Plan. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age.

2. Summary of Accounting Policies (continued)

Revenue Credit/Administrative Expenses

In February 2018, the Plan changed the process for collecting revenue share income (12b1 fees) from the various mutual funds and paying the plan investment advisor and recordkeeping expenses. In addition, the various American Fund investments changed share class from R3 to R6 which also reduced investment fees charged by the various mutual funds. The amount available in the expense budget account at June 30, 2023 and 2022 was \$102 and \$98, respectively.

Investment advisor fees paid for the years ended June 30, 2023 and 2022 was \$20,240 and \$23,840, respectively.

Recordkeeping fees paid for the years ended June 30, 2023 and 2022 was \$16,777 and \$12,607, respectively.

Certain other participant specific expenses such as loan processing fees and other fees are deducted directly from participant accounts. These expenses amounted to \$3,640 and \$3,055, respectively, for the years ended June 30, 2023 and 2022.

3. Investments

All investment information and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 30, 2023 and 2022, and net appreciation (depreciation) in fair value of mutual funds, interest and dividend income and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

CCFHS 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at June 30, 2023.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CCFHS 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Common collective fund, through 2022, includes the MetLife Reliance GAC Series Fund (MetLife Fund). The net asset value is based on the fair value of the underlying investments held by the MetLife Fund less its liabilities. The investment provides for a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of the separate accounts, and other factors.

Participant transactions (purchases and sales) may occur daily. In addition, as provided for in the declaration of trust, in certain circumstances, MetLife may make payments, as market value adjusted payments. The average yield was .89% and 2.27% for the years ended June 30, 2023 and 2022, respectively. There are no unfunded commitments.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at June 30, 2023 are Level 1 within the fair value hierarchy.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets as of June 30, 2022.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,879,388			\$ 9,879,388
Total assets in the fair value hierarchy	\$ 9,879,388			9,879,388
Common collective trust fund*				15,572
Total investments at fair value				\$ 9,894,960

CCFHS 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has adopted the volume submitter profit sharing plan of Capital Group Retirement Plan Services. The volume submitter profit sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CCFHS 401(k) Retirement Plan

Notes to Financial Statements (continued)

7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Plan investments are shares of mutual funds managed by the American Funds. Capital Bank and Trust Company, a related entity of the American Funds, is the plan trustee. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to net assets available for benefits per the financial statements at June 30, 2023 and 2022. The difference relates to accrued contributions.

	2023	2022
Net assets available for benefits, per Form 5500	\$ 11,209,964	\$ 9,975,065
Participant contributions receivable	–	19,140
Employer contributions receivable	–	11,424
Net assets available for benefits, per financial statements	<u>\$ 11,209,964</u>	<u>\$ 10,005,629</u>

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended June 30, 2023:

Net increase per the Form 5500	\$ 1,234,899
Participants' contributions receivable at June 30, 2022	(19,140)
Employer contributions receivable at June 30, 2022	(11,424)
Net increase per the financial statements	<u>\$ 1,204,335</u>

9. Subsequent Events

The Organization has evaluated all subsequent events through September 18, 2024, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
