Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of or for the period January 1, 2021 through December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Plan Administrator of **Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust**:

We were engaged to audit the accompanying statement of net assets available for benefits of **Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust** as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Description of Plan

The following description of Two Six Labs, LLC ("Two Six Labs" or the "Company") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

Two Six Labs, LLC is the Plan Sponsor and Plan Administrator. The Plan is a defined contribution, tax-deferred retirement savings plan covering eligible Two Six Labs employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Recordkeeper Change

The Plan changed recordkeepers effective January 1, 2022. See Note E for more information. Investment assets were liquidated on December 31, 2021. The proceeds are held in noninterest bearing cash as of December 31, 2021, pursuant transfer to the new trustee and recordkeeper.

Eligibility

With certain exclusions, all employees of Two Six Labs are eligible to participate on their date of hire. The Plan entry date is also the date of hire.

Contributions

Each year, participants may contribute up to 90% of eligible compensation, not to exceed the maximum salary deferral limit and other limitations established by law. Compensation is defined in the Plan documents and includes wages, tips and other compensation on Form W-2. Plan compensation, as defined, excludes fringe benefits, reimbursements, expense allowances, moving expenses, stock options, welfare benefits and certain other items.

Participants may elect deferral contributions as pre-tax 401(k) deferrals or as after-tax Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by the Internal Revenue Code (IRC). Participants also may make rollover contributions of distributions from other retirement plans and certain IRAs, subject to Plan provisions. Participant contributions are invested according to direction of the participants.

The Plan provides for employer matching contributions and discretionary employer profit sharing contributions. Two Six Labs matches 100% of employee deferral contributions up to 5% of eligible compensation. Matching true-up contributions are recalculated after the end of the year based on compensation and deferrals for the full Plan year and may result in an additional matching contribution for persons employed at the end of the year. Discretionary employer profit sharing contributions are made to participant accounts after year-end for all eligible employees with over 500 hours of service during the Plan year or who were employed with the Company at year-end. For 2021 and 2020, profit sharing contributions equal to 3% of employee annual compensation were contributed to participant accounts.

In 2022, the structure of the employer matching and employer profit sharing contributions was reconfigured. In 2022, the Company matches 100% of employee deferrals up to 4% of eligible compensation plus a 1% profit sharing contribution each pay period to eligible employees. This expands the number of employees receiving employer contributions each pay period. Also, the current post-year-end profit sharing, which is equal to 3% of eligible employee compensation, continues in 2022.

Two Six Labs, LLC 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2021 and 2020

Consolidated Appropriations Act

The Consolidated Appropriations Act of 2021 (CAA) was signed into law on December 27, 2020. The CAA extended certain relief provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act) until June 25, 2021. Plan management implemented the following provisions of the CAA that were available to tax qualified retirement plans and their participants, as applicable: (a) allowed COVID-19-related distributions of up to \$100,000 for eligible participants, (b) increased the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) permitted temporary suspension of payments on Plan loans for eligible participants. The CAA provisions expired June 25, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions. Participant contributions and employer contributions are invested according to direction of the participants. Investment earnings, losses, and changes in market value are allocated based upon the investment experience of each holding in a participant's account. Certain transactional costs and service charges, if any, are allocated to the specific accounts involved in the transaction or receiving the service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own elective deferral and rollover contributions and earnings thereon. Participants are also immediately vested in employer matching contributions and employer non-elective profit sharing contributions and earnings thereon.

Participant Loans

Participants who are active employees may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50 percent of their vested account balance, subject to certain other Plan provisions. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percent. Principal and interest are paid ratably through payroll deduction from each regular paycheck.

Payment of Benefits

Plan participants are eligible to receive benefit payments from the Plan at retirement, prior to retirement under certain circumstances, upon termination of employment with the Company, upon disability and at death. Benefit payments, limited to the value of the participant's vested interest in his or her account, may be elected as a lump-sum payment, rollover, installments over a period of time, or a partial withdrawal.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

December 31, 2021 and 2020

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loans are secured by vested participant account balances. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits payments are recorded when paid.

Expenses

Certain administrative expenses of the Plan are paid by the Company. Expenses paid by the Company are excluded from these financial statements. Per-use transaction fees are charged directly to specific participant accounts for certain services, such as processing loans, in-service withdrawals, distributions, and other transactions, and are included in administrative expenses of the Plan. In addition to per-use transaction fees, participants with account balances share in the operational expense of the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through July 26, 2022, the date the financial statements were available to be issued. See Footnote A for information about changes to the structure of the matching and profit sharing contributions, and see Footnote A and Footnote E for information about the recordkeeper change.

C. Information Prepared and Certified by the Plan Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified

as to the completeness and accuracy of reported investment and notes receivable balances and related activity in these financial statements and supplemental schedule, summarized as follows:

	<u>12/31/2021</u>	<u>12/31/2020</u>
Cash	\$ 20,408,353	\$ -
Investments	\$ -	\$ 15,124,969
Notes receivable from participants	\$ 128,230	\$ 69,359
Net appreciation in fair value of investments	\$ 1,568,578	
Dividends and interest	\$ 1,455,149	
Interest on notes receivable from participants	\$ 4,214	

D. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2021 and 2020

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	12/31/2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,124,969	\$ -	\$ -	\$ 15,124,969
Total investments at fair value	<u>\$ 15,124,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,124,969</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. Related Party and Party-In-Interest Transactions

Automatic Data Processing, Inc. (ADP) was the recordkeeper of the Plan during 2021 and received fees for recordkeeping services and per-use transactions, including loan setup, distribution and other administrative services. Reliance Trust Company was the Plan trustee during 2021 and received fees for its services. Plan assets were transferred to Transamerica Financial Life Insurance Company Inc., which will serve as the Plan recordkeeper and custodian of the Plan assets, effective January 1, 2022. A financial advisor receives fees for services rendered. Two Six Labs provides the Plan with accounting and administrative services, for which no fees are charged to the Plan. The Plan allows loans to participants. These transactions qualify as party-in-interest transactions.

F. Plan Termination

Although it has not expressed any intent to do so, Two Six Labs has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts and Two Six Labs will arrange for distributions as soon as administratively feasible.

G. Tax Status

The Internal Revenue Service has determined and reported in its opinion letter dated July 16, 2014, that the form of the adopted prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan administrator believes the Plan is currently being operated in a manner that is not reasonably expected to jeopardize the qualified tax status of the Plan and the related trust.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management believes that no uncertain tax positions have been taken or are expected to be taken that would require recognition or disclosure in the financial statements.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

As an example, global efforts to contain the spread of COVID-19, as well as other events, have significantly impacted many businesses, consumer activity and the global economy. Disruptions caused by COVID-19 and other such events may affect the values of participant's investments.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to net assets reported on Schedule H of the Form 5500 as of December 31, 2021 and 2020.
