INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Traffic Control Specialists 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of Traffic Control Specialists 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Traffic Control Specialists 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Traffic Control Specialists 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Traffic Control Specialists 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Traffic Control Specialists 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Traffic Control Specialists 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedules Required by ERISA

The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Traffic Control Specialists 401k Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Previously issued 2022 Financial Statements rejected by the Department of Labor

The Plan Administrator has received a letter from the Department of Labor (DOL) rejecting the previously filed 2022 Form 5500 Annual Report for the Traffic Control Specialists 401k Plan. Because of this DOL notice of rejection, the Plan Administrator engaged us to perform an ERISA Section 103(a)(3)(C) audit and report on the 2022 financial statements of Traffic Control Specialists 401k Plan.

Other Matter – Plan Termination

Effective August 15, 2023, the Company adopted the Choice Pooled Employer Plan I. Contributions to this Plan were discontinued and all of the Plan's investments and participant accounts were transferred to the newly adopted plan.

Notes to Financial Statements

1. Description of Plan

The following description of the Traffic Control Specialists 401k Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General.

The Plan was a defined contribution plan covering all eligible full-time employees; with the exclusion of non-resident aliens, leased employees, part-time employees, temporary employees, seasonal employees, and collective bargaining (union) employees except those eligible for benefits under TCS Inc., of District Council 57 Traffic Control Agreement of the Local Unions of Laborer’s International Union of North America State of Indiana District Council; of Traffic Control Specialists, Inc. (the “Company”) who had 6 months of service and were age 21 or older. Entry dates were the first day of the Plan Year quarter coinciding with or next following date requirements met. The Plan was established on January 1, 2016 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions.

Each year eligible participants could make pre-tax or Roth contributions from their eligible compensation, as defined by the Plan adoption agreement, subject to applicable limits established by law. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation upon initial eligibility and was increased each year by 1% until the deferral rate reached 10%. Auto enrolled contributions were invested in a designated fund until changed by the participant.

The Company had not elected to provide safe harbor contributions. The Company could make discretionary matching or profit-sharing contributions. During 2021 and 2022, the Company made matching contributions equal to 50 percent of the first 8 percent of base compensation that a participant contributed to the Plan.

Participant and Company contributions were invested as directed by the participant in investment options offered by the Plan.

Plan termination.

Effective August 15, 2023, the Company adopted the Choice Pooled Employer Plan I. Contributions to this Plan were discontinued and all of the Plan’s investments and participant accounts were transferred to the newly adopted plan.

1. Description of Plan (continued)

Participant accounts.

Participants directed their account balance into various investment options offered by the Plan. Participant accounts were credited with the participant's contributions and investment earnings and/or losses and charged with the participant's benefit payments and applicable transactions charges, which were considered administrative expenses. Allocations were based on participant compensation, deferrals, or the earnings and losses of the participant's account balances, as defined. Income was allocated daily based on the number of shares or units in the participant's account. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting.

Participants were immediately vested in their contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon was based on years of continuous service as follows: less than 2 years = 0%, 2 to 3 years = 20%, 3 to 4 years = 40%, 4 to 5 years = 60%, 5 to 6 years = 80%, more than 6 years = 100%. A participant was 100 percent vested after 6 years of credited service or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants.

Participants could borrow from the vested portion of their account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance. Loan terms were fixed up to five years, except in the case of a loan used to acquire a principal residence, in which case the loan term may exceed five years. The loans were secured by the vested balance in the participant's account and bore interest at a reasonable rate at the time of the loan. Principal and interest were paid ratably through payroll deductions.

Payment of benefits.

On termination of service, death, disability, or retirement, a participant, or their beneficiary, could elect to receive a lumpsum amount equal to the value of the participant's vested interest in his or her account. Participant consent was required only if the distribution was over \$5,000. In-service withdrawals could be taken after attaining age 59-1/2. Withdrawals could also be made in conjunction with IRS hardship distribution regulations.

Forfeited accounts.

Forfeited nonvested accounts could be used to reduce future employer contributions or to pay Plan administrative expenses. There were no forfeited account balances as of December 31, 2022 and 2021.

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates.

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment Benefits.

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses.

Plan expenses paid directly by the Company are excluded from these financial statements. Fees charged directly to participant accounts are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events.

Plan management has evaluated events and transactions that occurred between December 31, 2022, and October 22, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. Effective August 15, 2023, the Company adopted the Choice Pooled Employer Plan I. Contributions to this Plan were discontinued and all of the Plan's investments and participant accounts were transferred to the newly adopted plan.

Notes to Financial Statements

3. Information Certified by the Plan Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022 has been reported to the Plan and certified as complete and accurate by the Plan's custodian, American United Life Insurance Company (AUL), a OneAmerica company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TRAFFIC CONTROL SPECIALISTS 401K PLAN

Notes to Financial Statements

4. Fair Value Measurements (continued...)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

AUL Stable Value Account: a group fixed annuity, issued by American United Life Insurance Company. The Stable Value Account is provided through an AUL Group Annuity Contract and is supported by the general account of AUL. It is not a separate account, and plan participants do not own units, any portion of, or any entitlement to the AUL general account. The unit value for the Stable Value Account equals its previous daily unit value multiplied by 1 plus the daily equivalent of the guaranteed annual effective rate of interest credited on a daily basis to the Stable Value Account. A plan participant’s Stable Value Account balance equals the number of units he or she has times the current unit value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TRAFFIC CONTROL SPECIALISTS 401K PLAN

Notes to Financial Statements

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of December 31, 2022, and 2021 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	2,928,343			2,928,343
Total assets in the fair value hierarchy	2,928,343	-	-	2,928,343
Investments measured at net asset value*				1,651
Investments at fair value	2,928,343	-	-	2,929,994

<u>12/31/2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	2,861,266			2,861,266
Total assets in the fair value hierarchy	2,861,266	-	-	2,861,266
Investments measured at net asset value*				1,696
Investments at fair value	2,861,266	-	-	2,862,962

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
AUL Stable Value Account	1,651	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

TRAFFIC CONTROL SPECIALISTS 401K PLAN

Notes to Financial Statements

5. Investments Recorded at Contract Value

The Plan did not hold any investments recorded at contract value as of December 31, 2022 and 2021.

6. Rollover Contributions

The Plan accepted a rollover, provided the rollover did not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over were separately accounted for in a "Participant's Rollover Account." For purposes of this Section, the term Participant included any Eligible Employee who is not yet a Participant.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds held by American United Life Insurance Company (AUL), a OneAmerica company, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2022, fees were also paid to Brandon Anderson, K. Airey, and Jeffrey Limbaugh for their advisory and administrative services to the Plan. These fees include investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

TRAFFIC CONTROL SPECIALISTS 401K PLAN

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. The following is a reconciliation of Net Assets Available for benefits and Changes in Net Assets Available per the financial statements as of and for the years ended December 31, 2022, and 2021, to the Form 5500:

Net assets available for benefits as of December 31:	<u>2022</u>	<u>2021</u>
Net Assets available for benefits per the financial statements	\$ 2,969,283	\$ 2,928,342
Excess contributions payable	122,530	101,660
Net assets available for benefits per Form 5500	<u>\$ 3,091,813</u>	<u>\$ 3,030,002</u>
Changes in net assets available for benefits:		
Net change in net assets available for benefits per the financial statements	\$ 40,941	\$ 821,073
Difference in excess contributions payable	20,870	51,535
Net change in net assets available for benefits per Form 5500	<u>\$ 61,811</u>	<u>\$ 872,608</u>

11. Plan Termination

Effective August 15, 2023, the Company adopted the Choice Pooled Employer Plan I. Contributions to this Plan were discontinued and all of the Plan's investments and participant accounts were transferred to the newly adopted plan.

12. Nonexempt Transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the trustee as timely as the Company could have, thus constituting nonexempt transactions between the Plan and the Company in the amount of \$144,359 for the year ended December 31, 2022.
