Independent Auditors' Report

To the Trustees and Participants of
Timberline Manufacturing Co. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Timberline Manufacturing Co. 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Timberline Manufacturing Co. 401k Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Retirement for the period of May 27, 2021 to December 31, 2021, and Transamerica Insurance Company for the period from January 1, 2021 to May 26, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Timberline Manufacturing Co. 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Timberline Manufacturing Co. 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Timberline Manufacturing Co. 401k Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Timberline Manufacturing Co. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Other Matter – Auditor’s Report on the December 31, 2020 Financial Statements

The 2020 financial statements of Timberline Manufacturing Co. 401k Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Transamerica Life Insurance Company, the trustee of the Plan. Their report dated October 11, 2021 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

TIMBERLINE MANUFACTURING, CO. 401(K) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of Timberline Manufacturing Co. 401k Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General – The Plan is a defined contribution plan available to eligible employees of Timberline Manufacturing Co. 401k Plan, (the Plan Sponsor). Participation in the Plan is automatic and employees are enrolled with a 2% withholding rate on the first day of the month after attaining age 21 and completing three months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is responsible for the administration of the Plan and entrusted the maintenance of records and the day administration to TAG Resources, LLC (TAG) who processed transactions through Transamerica Life Insurance Company (Transamerica), the custodian, until May 26, 2021. On May 27, 2021, the plan changed custodians to Empower Investment Company. Empower maintained the same recording keeping and daily administration responsibilities.

The Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law in March 2020. The Plan implemented certain provisions of the CARES Act which allow certain eligible participants impacted by COVID-19 (Qualified Individuals) to obtain in-service distributions; suspend required minimum distributions and delay the commencement date for required minimum distributions.

Contributions – Participating employees may defer 401(k) contributions up to 90% of their pre-tax and after-tax annual compensation, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the Schedule of Assets (Held at End of Year). Participants can change the investment options previously elected at any time. Participant contributions have not always been remitted to the Plan in a timely manner; these contributions totaled \$73,416 in 2021. The Plan Sponsor makes a contribution for the lost earnings to the Plan, if required.

The Plan Sponsor makes safe-harbor matching contributions equal to 100% of the participant's contributions up to 3% of the participants compensation plus 50% of the participant's contributions in excess of 3% up to 5% of the participant's compensations. The Plan Sponsor may also make discretionary profit sharing or qualified nonelective contributions; for 2021, the Plan Sponsor did not make any such contributions.

Contributions are subject to Internal Revenue Service (IRS) limitations. Receivables from the Plan Sponsor for contributions are unsecured.

TIMBERLINE MANUFACTURING, CO. 401(K) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan (Continued)

Participant Accounts – Each participant’s account is credited with the participant’s contributions, the Plan Sponsor’s safe-harbor matching, discretionary profit sharing and qualified nonelective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions. Plan Sponsor safe harbor matching contributions and discretionary qualified nonelective contributions, plus actual earnings on these contributions. Vesting in the Plan Sponsor’s discretionary profit sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of services, as follows:

Years of Service	Percent Vested
Less than 3	0%
3 or more	100%

Payment of Benefits – If the participant’s vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, the participant’s benefit may be distributed in a single lump-sum payment as soon as administratively feasible. If the participant’s vested benefit in the Plan exceeds \$1,000 but is less than \$5,000, the participant’s benefit must be distributed in a single lump sum payment or rolled over into another individual retirement account. If the participant’s vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after age 59 ½, or upon retirement, death or disability.

Qualified individuals were eligible for a CARES Act distribution in 2020 up to a maximum amount of \$100,000, with no limit on the number of distributions. CARES Act distributions may be recontributed, in part or in full, to the Plan as rollover contributions within three years of the distribution. The recontribution may occur in multiple transactions within three-year period. CARES Act distributions were only available for Qualified Individuals by request in 2020, but the Plan will continue to accept recontributions for the three year period after the distributions, which will be no later than December 31, 2023.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may first be used to pay administrative expenses and then to reduce future Plan Sponsor contributions. At year end December 31, 2021 and 2020, forfeitures generated totaled \$747 and \$900 respectively. Forfeitures used to pay administrative expenses totaled \$3,350 and \$7 for 2021 and 2020. As of December 31, 2021 and 2020, forfeited non-vested accounts total \$747 and \$3,342, respectively.

Note 2 – Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Note 2 – Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are reported at fair value for its benefit-responsive investment contract, which is valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor’s management determines the Plan’s valuation policies utilizing information provided by Transamerica and Empower. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – Certain expenses of maintain the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Date of Management Review – Management has evaluated subsequent events through October 14, 2022, the date that the financial statements were available to be issued.

Note 3 – Certified Information (Unaudited)

Empower holds Plan’s investment assets and executes transactions therein. Transamerica previously help forementioned responsibilities. Financial information relating to those investments is included in the accompanying financial statements based on information supplied to the plan administrator and certified as complete and accurate by Transamerica and Empower. That information, which has not been audited by independent auditors, is summarized below:

Note 4 – Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan can access.
- Level 2 Inputs to the methodology
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the net asset value (NAV) which equals the number of shares of the respective underlying fund, multiplied by the closing NAV per share quoted by that fund. The NAV is used as a practical expedient to estimate fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Income: Fixed income is a general account product offered through a group annuity contract, participant principal and interest are backed by the entire general account assets. Transfers may be restricted in event of excessive trading. Interest is credited daily, with rates subject to change each quarter. Price is determined by the book/adjusted carrying value and estimated at fair value of bonds and similar held assets.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan’s investments as of December 31:

Description	December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts*	\$ 3,109,291	3,109,291	-	-
Total investments at fair value	3,109,291	3,109,291	-	-
Guaranteed Investment Contract	41,782			
Total	\$ 3,151,073			

*In accordance with Subtopic 820-10, the Plan's interest in the pooled separate accounts is measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Transamerica and is based on the fair value of the underlying assets held by the funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 – Stable Value Advantage Option

The Plan invested in fully benefit-responsive traditional investment contract held in the Transamerica Stable Value Advantage Option (Stable Value Advantage Option). The contributions were maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The effective rate of interest was established every January 1 and July 1 and was based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There was no stated minimum or maximum interest rate. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5 – Stable Value Advantage Option (Continued)

The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The plan administrator does not believe any events are probably of occurring that might limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation of a material amendment to the agreement without consent of the issuer.

Note 6 – Related Party Transaction and Party in Interest Transactions

Plan investments are in accounts of Transamerica and Empower and therefore, these transactions qualify as party-in-interest transactions. In addition, contributions from participants are considered to be party-in-interest transactions. Plan Sponsor contributions are considered to be both party-in-interest and related party transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan Sponsor contributions.

Note 8 – Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated March 31, 2014, from the IRS which stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

As a result of the Coronavirus (COVID-19) pandemic, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of the uncertainties and the ultimate financial effects of the Plan's investments cannot be reasonably estimated as of the date of these financial statements.
