INDEPENDENT AUDITORS' REPORT

To the Trustee and Administrator of
Sand Revolution II 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sand Revolution II 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sand Revolution II 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report.

We are required to be independent of Sand Revolution II 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sand Revolution II 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sand Revolution II 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sand Revolution II 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAND REVOLUTION II 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Sand Revolution II 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Adoption Agreement (the Plan Documents) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on March 15, 2021, covering substantially all eligible employees of Sand Revolution II, LLC (the Plan Sponsor or Company) who have completed 2 months of service, as defined by the Plan Documents. Ineligible employees include non-resident aliens, leased employees, and union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 and amended (ERISA).

The Trustee of the Plan is responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

On July 1, 2023, the Plan's assets were transferred to a Pooled Employer Plan sponsored by Alerus Financial Corporation (Alerus). Vesting of Company contributions was amended with the transfer to Alerus to provide for Company matching contributions to fully vest to participants after 3 years of service. Effective January 1, 2024, the Plan Documents were amended to provide for Safe Harbor matching contributions of up to 4% of an eligible employee's compensation. Effective February 1, 2024, the Plan Documents were amended to exclude fringe benefits from compensation as defined in the Plan Documents. Effective May 20, 2024, the Plan Documents were amended to allow for hardship distributions and participant loans.

Contributions

The Plan is funded through pre-tax and Roth employee elective contributions. A participant may elect to contribute up to 100% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC). Participants who have attained the age of fifty before the end the plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Company may make discretionary matching and profit-sharing contributions which will be allocated to eligible participants in accordance with the Plan Documents. During the year ended December 31, 2021, the Company did not make any contributions.

Participant Accounts

Participant accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company contributions, and allocation of investment earnings and losses. Participant accounts may also be debited for certain loan and withdrawal fees, as well as charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their employee pre-tax and Roth accounts, rollover account and any earnings thereon. A participant is fully vested upon completion of 3 years of service, each year representing 1,000 hours of service or 10 hours per day for employees for whom hours are not tracked. Participants become fully vested upon reaching normal retirement age, death, or disability.

Payment of Benefits

Upon normal retirement age, death, or disability, a participant's benefits are payable in a lump-sum equal to 100% of the participant's vested account balance. Account balances of $1,000 or less at the time of distributions will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan Documents.

Forfeited Accounts

Forfeitures are used to pay Plan expenses, allocated to participant accounts or to reduce employer contributions. During the year ended December 31, 2021, there were no forfeitures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recent Accounting Pronouncements

During the year ended December 31, 2021, and through October 25, 2024, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Plan management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent events

Subsequent events were evaluated through October 25, 2024, which is the date the financial statements were issued.

3. SUMMARY OF INFORMATION CERTIFIED AND PROVIDED BY TRUSTEE

The following is a summary of the Plan's asset information as of the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by, or derived from information provided by, Matrix Trust Company (the Trustee or Matrix) and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to the assets as presented in the table below at December 31, 2021:

	2021
Investments at fair value:	
Mutual funds	$ 23,015

Matrix also certified to the completeness and accuracy of $654 of net appreciation in fair value of investments related to the aforementioned Plan assets for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 — Valuations based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 — Valuations based on quoted prices in markets that are not active, or financial instruments for which all significant inputs are observable; either directly or indirectly; and

Level 3 — Valuations based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable; thus, reflecting assumptions about the market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021.

> *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to their fair value measurement.

	Assets at Fair Value
Mutual funds (Level 1)	$ 23,015
Investments at fair value	$ 23,015

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employers, and certain others. As such, transactions conducted with the custodian, recordkeeper, financial advisor, third-party administrator, auditor, and the employer qualify as party-in-interest transactions.

During the year ended December 31, 2021, the Plan paid $267 to Spectrum Employee Benefits, the Plan's third-party administrator, for services provided to the Plan. The Plan Sponsor pays directly other fees related to the operation of the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, if applicable.

7. TAX STATUS

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan With CODA. The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believed that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. DELINQUENT PARTICPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable following the date in which amounts are withheld from wages. During 2021, the Plan Sponsor failed to remit to the Plan's custodian certain employee contributions totaling $20,010 within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions.

10. ERISA FIDELITY BOND COVERAGE

During the year ended December 31, 2021, the Plan did not comply with ERISA fidelity bonding requirements. On July 1, 2024, in connection with the transfer the Plan's assets to Alerus, the Plan obtained coverage under the umbrella coverage provided by Alerus.
