INDEPENDENT AUDITORS' REPORT

To the Participants, Retirement Income Plan Committee and Audit Committee of the Board of Directors
Grange Holdings, Inc. Retirement Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Grange Holdings, Inc. Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Grange Holdings, Inc. Retirement Income Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – Correction of Error

The Plan's previously issued financial statements have been restated for a correction of an error as noted in Note 10. Our opinion has not been modified with respect to the matter emphasized.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of these financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Holdings, Inc. Retirement Income Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grange Holdings, Inc. Retirement Income Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Holdings, Inc. Retirement Income Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of March 31, 2023 and the supplemental schedule of reportable transactions (modified cash basis) for the year ended March 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used to determine the PBGC FTAP and the PBGC 4010 FS.

Annual rates of increase

■ Compensation: 3.75% for participants of the legacy Retirement Income Plan.

For participants of the legacy Integrity Pension Plan, the preceding year's salary is increased using the S-5 Table from The Actuary's Pension Handbook, increased by 1.50% at each age. This table provides a rate of increase that declines as participants age.

Age	Increase
25	5.68%
40	4.22%
55	3.38%

■ Future Social Security wage bases For purposes of determining target normal cost and the additional funding target for maximum deductible contribution purposes, the national average wage index is assumed to increase by 3.50% per annum.

■ Statutory limits on compensation Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC Section 415. Plan compensation is limited to the maximum presently allowed under IRC Section 401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.

Plan-related expenses \$0; the plan sponsor pays administrative expenses directly.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality

■ **Healthy** For PPA purposes, the prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code based on separate annuitant and non-annuitant tables based on RP-2014 "Employees" and "Healthy Annuitants" tables, without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection using scale MP-2020.

See "Form of Payment" for a description of the mortality table used for determining lump sum payments.

■ **Disabled** For PPA purposes, the same assumption as healthy mortality.

Termination For participants of the legacy Retirement Income Plan, rates vary by service. Representative termination rates not due to disability, retirement or mortality.

	Males	Females
30	0.48	0.80
40	1.17	2.11
50	3.58	5.33
55	7.22	9.52
60	12.56	11.59

For participants of the Integrity Pension Plan, the plan does not offer a subsidized disability benefit.

Retirement

The weighted average retirement age is 64.

For participants of the legacy Retirement Income Plan, the rates at which participants retire by age are shown below.

Percentage retiring during the year

Benefit commencement date:

- Preretirement death benefit The later of the death of the active participant or the date the participant would have attained age 55
- Deferred vested benefit Age 65
- Disability benefit Upon disablement for participants of the legacy Retirement Income Plan only
- Retirement benefit Upon termination of employment

Form of payment

60% of participants reaching retirement are assumed to elect a lump sum payment with the assumed interest rate in effect at distribution equal to 3.75% (ASC 960) or valuation rate (funding target and target normal cost) and the "applicable mortality" under IRC Section 417(e)(3). All remaining participants are assumed to elect the normal form.

Lump sums were valued using the substitution of annuity form under Proposed IRC §1.430(d)-1(f)(4) without application of generational mortality and without recognition of the phase-in of IRC §417(e)(3) assumptions.

Percent married

For participants of the legacy Retirement Income Plan, 85% of males; 50% of females are assumed to be married. For participants of the legacy Integrity Pension Plan, 75% of males and females are assumed to be married. Used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement.

Spouse age

Wife three years younger than husband.

Covered pay

Assumed plan compensation for the year beginning on the valuation date was determined as current annual rate of pay.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year (April 1).
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 5.00% (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued based on discussions with Grange Insurance Companies regarding the likelihood that these benefits will be paid. WTW has reviewed the plan provisions with Grange Insurance Companies and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

The plan sponsor furnished participant data and claims data as of April 1, 2022. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Interest rate	Assumptions used for funding purposes are as prescribed by IRC §430(h). We believe this does not significantly conflict with what would be reasonable.
Lump sum conversion rate	As required by IRC §430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate. We believe this does not significantly conflict with what would be reasonable.
Rates of increase in compensation and CPI	Assumed increases were chosen by the plan sponsor and, as required by IRC §430(h) they represent an estimate of future experience. We believe this does not significantly conflict with what would be reasonable.
Assumed return for asset smoothing	The assumed return of 5.00% used for asset smoothing is the expected return on assets assumption chosen by Grange with the help of their investment advisers for the 2021 fiscal year under U.S. GAAP. Although determining the expected rate of return on plan assets was not within the scope of our work, it is Grange's best estimate and we determined that it does not significantly conflict with what would be reasonable based on their asset allocation. This rate is not limited by the prior year third segment rate of 5.71% We believe this does not significantly conflict with what would be reasonable.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h). We believe this does not significantly conflict with what would be reasonable.
Termination	Assumed termination rates differ by service because of observed differences in termination rates by service. We believe this does not significantly conflict with what would be reasonable.
Disability	Assumed disability rates differ by age and gender because of observed differences in disability rates by age and gender. We believe this does not significantly conflict with what would be reasonable.
Retirement	Assumed retirement rates differ by age because of observed differences in retirement rates by age. We believe this does not significantly conflict with what would be reasonable.

Prescribed Methods

Funding methods	The methods used for funding purposes as described in herein, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

INDEPENDENT AUDITORS' REPORT

To the Participants, Retirement Income Plan Committee and Audit Committee of the Board of Directors
Grange Holdings, Inc. Retirement Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Grange Holdings, Inc. Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Grange Holdings, Inc. Retirement Income Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – Correction of Error

The Plan's previously issued financial statements have been restated for a correction of an error as noted in Note 10. Our opinion has not been modified with respect to the matter emphasized.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of these financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Holdings, Inc. Retirement Income Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grange Holdings, Inc. Retirement Income Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Holdings, Inc. Retirement Income Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of March 31, 2023 and the supplemental schedule of reportable transactions (modified cash basis) for the year ended March 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

Note 1. Description of the Plan

The following description of the Grange Holdings, Inc. Retirement Income Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined benefit plan and covers substantially all employees of Grange Insurance Company (the Company) that were hired on or before December 31, 2006. Employees hired on or before December 31, 2006 became participants in the Plan on April 1 or October 1 after reaching the age of 21 and completion of one year of credited service. Employees of the Company hired on or after January 1, 2007 are not eligible to participate in the Plan. The Plan also covers substantially all employees of Integrity Insurance Company (IIC), the Company's affiliate, that were hired on or before June 30, 2008 as a result of the merger with the Integrity Pension Plan effective March 31, 2019; effective January 1, 2022 IIC employees were permanently transferred to the Company and thereafter are employees of the Company. Following the merger, the plan sponsorship moved from the Company to Grange Holdings, Inc. (GHI). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).
- B. Benefits - Under the terms of the Plan, participants are eligible to receive normal retirement benefits upon reaching age 65 and completing 5 years of credited service. A participant may elect an early retirement date at a reduced benefit upon reaching age 55 and completing 5 years of credited service. The normal form of benefits is a life annuity for single participants and a 50% joint and survivor annuity for married participants. Optional forms of benefit payments are available at the election of the participant. Under the provisions of the Plan, benefits are determined by applying factors specified in the Plan to a participant's defined average monthly compensation. The terms of the amended and restated Plan provide that participants who were covered under a prior Plan shall receive a benefit at least equal to that determined under the former agreement. A participant is vested in the Plan after completion of 5 years of credited service. If a vested participant in the Plan dies, a death benefit equal to the value of the participant's accumulated pension benefit is paid to the participant's beneficiary. The method of distribution of the death benefit varies in accordance with Plan specifications.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Presentation - The accompanying financial statements have been prepared on a modified cash basis of accounting and present the net assets available for benefits and the changes in net assets available for benefits. These practices differ from U.S. generally accepted accounting principles as additions to net assets are recognized when received rather than when earned and benefits are recognized when the related check is cashed by the participant. Administrative expenses are recognized when paid and transfers are recognized on the effective date of the transfer.
- B. Use of Estimates - In preparing the financial statements on a modified cash basis of accounting, the plan administrator is required to make certain estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition - Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, addresses issues relating to the definition of fair value, the methods used to measure fair value and expanded disclosures about fair value measurements. The definition of fair value in FASB ASC 820 focuses on the price that would be received to sell an asset or paid to transfer a liability, not the price that would be paid to acquire an asset or received to assume a liability. The methods used to measure fair value should be based on the assumptions that market participants would use in pricing an asset or a liability. Fair value disclosures required by FASB ASC 820 are disclosed in Note 4. Under the terms of the trust agreement between Northern Trust Company (the Trustee) and the Plan, the Trustee holds all fund assets on behalf of the Plan, including cash. The Plan's assets are invested in registered investment companies, common stocks, collective marketable bond funds, limited partnerships, and interest-bearing cash and all are reported at fair value.

Interest and dividend income earned by the Plan's assets are recognized when credited by the Trustee. Unrealized appreciation or depreciation of investments and realized gains and losses are recognized as components of net appreciation or depreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses are determined using the specific identification method.

- C. Contributions - Contributions from GHI are recognized when received.
- D. Benefits - Benefits are recognized when the related checks are cashed by participants.
- E. Administrative Expenses - Administrative expenses are fees paid directly by the Plan for investment management. Other administrative expenses are paid by GHI and are excluded from these financial statements.

GRANGE HOLDINGS, INC. RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

Note 2. Summary of Significant Accounting Policies (Continued)

- F. Risks and Uncertainties - The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of such securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis.

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term could be material to the financial statements.

- G. Subsequent Events - The Plan was evaluated for subsequent events through October 25, 2023, which is the date financial statements were available to be issued.

Note 3. Obligation for Pension Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent that they are deemed attributable to employee service rendered to the valuation date. Contributions to the Plan are made by GHI in such amounts as have been actuarially determined to fund current costs. Funding for the Plan was calculated using the projected unit credit cost method. Minimum funding requirements as set forth in ERISA have been met.

The actuarial present value of accumulated plan benefits as of and for the plan years beginning April 1, 2022 and 2021 is determined by Willis Towers Watson and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability for payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant assumptions underlying the actuarial present value of accumulated plan benefits at April 1, 2022 and 2021 included: (a) assumed rate of return of 5.00% on plan investments in 2022 (same in 2021); (b) assumed mortality rates based upon the Pri-2012 mortality tables (employee and nondisabled annuitant) with white collar and without quartile adjustments, benefits weighted with generational scale MP-2021 projection from 2012 forward in 2022 (scale MP-2020 projection from 2012 forward in 2021); and (c) assumed retirement using stratified rates from age 55 to 70. The foregoing actuarial assumptions are based on the presumption that the Plan will continue.

If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of April 1, 2022 is as follows:

	2022
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 49,030,395
Other participants	82,672,177
	131,702,572
Nonvested benefits	1,940,341
Total actuarial present value of accumulated plan benefits	<u>\$ 133,642,913</u>

The net increase (decrease) in the actuarial present value of accumulated plan benefits for the year ended April 1, 2022 resulted from:

	2022
Actuarial present value of accumulated plan	
benefits at the beginning of the plan year	\$ 134,078,860
Increase (decrease) during the year attributed to:	
Benefits accumulated	4,373,991
Actuarial losses	1,673,946
Decrease in discount period	6,590,792
Benefits paid	(13,274,015)
Assumption changes	199,339
Net decrease	(435,947)
Actuarial present value of accumulated plan	
benefits at the end of the plan year	<u>\$ 133,642,913</u>

GRANGE HOLDINGS, INC. RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

Note 3. Obligation for Pension Benefits (Continued)

Per Note 9, an annuity transfer occurred in March 2023 and is not reflected in the present value of accumulated plan benefits as of April 1, 2022 above. The impact of this annuity transfer is to reduce the accumulated plan benefits by approximately \$35 million.

Note 4. Fair Value

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2023 or 2022.

- Registered investment companies: Valued at observable market quotations for identical assets that are priced on a daily basis.
- Common stocks: Valued at observable market quotations for identical assets and are priced on a daily basis.
- Collective marketable bond funds: Valued using the net asset value (NAV) provided by the fund trustee based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The account manager's objective for the Eaton Vance Institutional Senior Loan fund is to provide a high level of current income.
- Limited partnerships: Valued using the NAV provided by the fund trustee based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. The investment manager's objective is to provide capital appreciation while minimizing corresponding risk through direct and/or indirect investments that pursue a variety of investment strategies.
- Interest-bearing cash: Value of cash where cost approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2023 and 2022:

March 31, 2023	Total	Level 1	Level 2	Level 3
Investments, at fair value:

Fair Value (Continued)

March 31, 2022	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Registered investment companies	\$ 27,028,425	\$ 27,028,425	\$ -	\$ -
Common stocks	14,697,088	14,697,088	-	-

Limited partnerships	993,386	-	-	-
	<u>\$ 179,968,942</u>	<u>\$ 45,183,899</u>	<u>\$ -</u>	<u>\$ -</u>

The following tables summarize investments measured at fair value based on NAV per share as of March 31, 2023 and 2022:

March 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Collective marketable bond funds	\$ 85,588,650	n/a	See (a)	See (a)
Limited partnerships	45,271	n/a	See (b)	See (b)
March 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Collective marketable bond funds	\$ 133,791,657	n/a	See (a)	See (a)
Limited partnerships	993,386	n/a	See (b)	See (b)

- (a) *Collective marketable bond funds.* The per unit NAV of the funds is determined each business day. Redemption of fund units may be made on such days, based upon the closing market value on the valuation date of the investments bought or sold and the NAV per unit of each fund.
- (b) *Limited partnerships.* The limited partnerships include standard and committed shares. Standard shares may be redeemed up to 50% as of the end of any fiscal quarter with at least 95 days written notice to the fund of the limited partnership or may be redeemed in excess of 50% with at least 370 days written notice. Committed shares may be redeemed on the third anniversary of the end of the fiscal quarter in which the purchase of the relevant shares was made, with at least 370 days written notice. On each three-year anniversary, committed shares will automatically be re-committed for an additional three-year lock-up period. In the event the fund of the limited partnership permits redemption prior to the lapse of three years, an early withdrawal fee may be assessed. As of March 31, 2023 and 2022, the committed shares represented approximately 75% of total market value.

Note 5.

Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated July 20, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

FASB ASC 740 requires plan management to evaluate tax positions taken to determine if there are any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of March 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to March 31, 2020.

Note 6.

Plan Termination

While GHI has not expressed any intent to terminate the Plan or to discontinue contributions, it has the right to take such actions, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, all participants become 100% vested in benefits earned as of the termination date.

Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan) and the level of benefits guaranteed by and the financial condition of the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets of the Plan and the PBGC guaranty, while other benefits may not be provided for at all.

GRANGE HOLDINGS, INC. RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

Note 6. Plan Termination (Continued)

If the termination is the result of the bankruptcy or near bankruptcy of GHI and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the PBGC will take over the Plan and will pay those benefits that it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued.

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of GHI and the Plan has insufficient assets, GHI will be required to pay to the Plan an amount which, together with Plan assets, will satisfy all benefits accumulated to the date of the Plan termination.

Note 7. Information Certified by Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the plan administrator has received a certification from the Trustee that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments held at year end, as shown in the Statements of Net Assets Available for Benefits – Modified Cash Basis as of March 31, 2023 and 2022.
- Investment activity, as shown in the Statements of Changes in Net Assets Available for Benefits – Modified Cash Basis for the years ended March 31, 2023 and 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Modified Cash Basis as of March 31, 2023.
- Schedule H, Line 4j – Schedule of Reportable Transactions – Modified Cash Basis for the year ended March 31, 2023.

As permitted by the election noted above, the Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 8. Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee of the Plan and, therefore, these transactions and related fees qualify as party-in-interest transactions to the Plan.

Note 9. Annuity Transfer

In March 2023, the Plan was amended to provide for the purchase of a group annuity contract with Minnesota Life Insurance Company (MLIC) that permanently transfers the obligation to pay certain pension benefits covering approximately 415 participants to MLIC for all payments due after March 31, 2023. The plan liabilities related to these participants were transferred to MLIC resulting in a payment of approximately \$34,085,000, which was funded from Plan assets and is included in benefit payments in the statements of changes in net assets available for benefits.

Note 10. Restatement

The previously issued financial statements have been restated for the correction of an error to the 2023 financial information relating to a difference in trade date and settlement date of an investment transaction in conjunction with the annuity transfer (Note 9). The correction resulted in an increase in due from broker of \$4,147,765 as of March 31, 2023 and a decrease in net depreciation in fair value of investments by \$4,147,765 for the year ended March 31, 2023.

Schedule SB, Part V Summary of Plan Provisions

Retirement Income Plan

Plan Provisions

The plan was amended to merge in Integrity Pension Plan participants effective March 31, 2019, executed on February 28, 2019.

Plan provisions may not be the same for the Accounting and Funding valuations.

Covered employees Each employee who has reached age 21 with one year of service shall become a participant on the following April 1 or October 1. Effective January 1, 2007 the Plan was closed to new participants hired on or after January 1, 2007. Employees hired before January 1, 2007 may participate upon meeting the Plan's eligibility requirements. In addition, a participant who is re-employed on or after January 1, 2007 shall not resume active participation in the Plan.

Participation date Date of becoming a covered employee.

Definitions

Vesting service One year for each 1,000-hour calendar year of employment by Grange Insurance Companies.

Pension service For a full time employee, Benefit Service is credited based on elapsed time of continuous employment to years and completed months.

For a part-time or temporary employee, one year of Benefit Service is credit for each Benefit Computation Period in which the employee completed 1,000 hours of service.

Pensionable pay Salary plus bonus up to the maximum presently allowed under IRC section 401(a)(17).

Average earnings The average of the highest 60 consecutive months of regular monthly salary during the 120 month period ending on the earlier of the participant's termination date or retirement date.

Normal retirement date (NRD) First of month coinciding with or next following the attainment of age 65 with five years of pension service.

Monthly pension benefit

The pension benefit available at normal retirement is based on the following formula:

	1.375% of final average pay plus 0.625% of final average pay over Social Security Covered Compensation	times	Benefit Service up to 20 years
plus	0.5% of final average pay plus 0.5% of final average pay over Social Security Covered Compensation	times	Benefit Service 20 to 35 years
plus	0.5% of final average pay	times	Benefit Service 35 to 40 years

The benefit produced by the above formula will be held to a minimum of the benefit accrued as of March 31, 1989 determined in accordance with the provisions of the prior plan.

The benefit for a participant who retires or terminates on or after April 1, 1994 will not be less than his accrued benefit determined as of March 31, 1994 (subject to the pre-1994 compensation limitation of \$235,840) plus accruals on or after April 1, 1994 based on compensation subject to current qualified plan limits.

Employees formerly covered under the Ohio State Grange Plan receive the greater of: (1) benefits calculated under the Grange Mutual Plan with service beginning at January 1, 1993; or (2) benefits calculated under the Grange Mutual formula using both Ohio State Grange and Grange Mutual service (with a guarantee of the accrued Ohio State Grange benefits as of December 31, 1992), less the benefits paid under the terminated Ohio State Grange Plan.

Monthly preretirement death benefit

The pre-retirement death benefit is paid to the spouse, who receives a monthly lifetime pension equal to 50% of the reduced amount the participant would have received if he had retired as of the date of his death with the 50% joint and survivor form of annuity in effect, except that if the participant dies prior to age 55, the benefit will be payable commencing on the first day of the month following the date upon which the participant would have attained age 55.

Preretirement death

The pre-retirement death benefit is paid to the spouse, who receives a monthly lifetime pension equal to 50% of the reduced amount the participant would have received if he had retired as of the date of his death with the 50% joint and survivor form of annuity in effect, except that if the participant dies prior to age 55, the benefit will be payable commencing on the first day of the month following the date upon which the participant would have attained age 55.

Other Plan Provisions

Forms of payment

The normal form is a straight-life annuity; however, a married participant will receive his benefit in the form of a 50% joint and survivor annuity (actuarially reduced from the straight-life amount) unless he elects otherwise.

In lieu of the normal form, a participant may elect to receive a reduced amount of benefit payable during the lifetime of the participant, and following his death a percentage (not to exceed 100%) will be payable to his surviving joint annuitant for life. In addition, a reduced straight life annuity with a 10 year guarantee is available.

Also, a lump sum payment option is available to a participant retiring under the normal retirement, postponed retirement, or early retirement provisions.

Actuarial equivalence

Actuarial Equivalent shall be determined using the Mortality table specified in Revenue Ruling 2001-62 and an interest rate of seven percent (7%) per annum, compounded annually. Notwithstanding the foregoing, with respect to benefits other than a lump sum value, the benefit shall not be less than the benefit determined on September 30, 2004 using the UP-1984 Mortality Table (set back three years for beneficiaries) with an interest rate of seven percent (7%) per annum, compounded annually.

With respect to the determination of a lump sum value, present value shall be determined by using the "applicable mortality table" under Code Section 417(e)(3)(B) and the "applicable interest rate" under Code Section 417(e)(3)(C) for the month of January immediately preceding the beginning of the Plan Year in which the determination date occurs. The stability period shall be the Plan Year.

**Plan participants'
contributions**

None.

**Maximum limits on benefits
and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes take effect. Increases in the dollar limits are assumed for determining pension cost but are not for determining contributions.

**1994 Voluntary Early
Retirement Program**

Employees who retired under the 1994 window program received a monthly supplement of \$400 payable until age 65 and early retirement benefits payable in full at the current age, plus a special pension service bonus.

Future Plan Changes

Integrity Pension Plan

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the December 1, 2015 plan restatement signed January 25, 2016, in addition to the plan merger on March 31, 2019.

Plan eligibility

Age	Attained age 21.
Service	One year of eligibility service.
Frozen	Participation under the plan was frozen so that no participants hired or rehired on or after June 30, 2008 shall enter or re-enter the plan.

Definitions

Average compensation	The monthly average of the participant's compensation for the 5 consecutive years of employment which gives the highest average. Effective January 1, 2015, compensation will exclude bonuses or any other type of payment under any incentive plan.
Accrued service	The full and fractional years which are credited to a participant for the purpose of determining the amount of his benefit under the plan.

SCHEDULE SB ATTACHMENTS

Optional forms of benefit payments The optional forms of benefit payments are:

- Monthly annuity payable for life, or 5, 10, 15, or 20 years certain and life.
- Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50, 66 2/3, 75, or 100.
- Single sum payment to a participant who terminated on or after July 1, 1985 and before June 1, 2015, who has not met the requirements of early or normal retirement date, and whose deferred vested benefit has a value greater than \$5,000 and less than or equal to \$10,000.
- Single sum payment, provided the participant's severance from employment occurs on or after June 1, 2015. If severance from employment occurred prior to June 1, 2015, a temporary single sum window was established, beginning on October 15, 2015 and ending November 15, 2015. The single sum shall be equal to the present value of the deferred monthly retirement benefit the participant would be entitled to on his normal retirement date and payable under the normal form.

The optional form conversion basis is 7.00% interest and the Unisex Pension 1984 Mortality Table (UP-1984 Table) with ages set back 1 ½ years for payments other than lump sums. This setback is determined by interpolating (straight line) between mortality rates with a 1 year age setback and mortality rates with a 2 year age setback. The optional form conversion basis uses the applicable interest rate and applicable mortality table as set forth in Code Section 417 for lump sum payments. The applicable interest rate uses the second calendar month preceding the first day of the stability period which is the plan year.

Normal retirement benefit

Age	Later of age 65 and 5 years of plan participation.
Form	Monthly annuity payable for life with payments guaranteed for ten years (optional forms may be selected in advance of retirement).
Amount (accrued benefit)	(a) Reduced by (b), if applicable (b) 1.25% of average compensation multiplied by accrual service (c) Monthly amount of the annuity contract purchases as of June 30, 1985.
Minimum accrued benefit	An active participant's monthly accrued benefit shall not be less than the amount of his monthly retirement benefit accrued under the plan as of the day before January 1, 2015.

Plan Name:	Grange Holdings, Inc. Retirement Income Plan

SCHEDULE SB ATTACHMENTS

Early retirement benefit

Age	Attained age 55.
Service	Completed 10 years of vesting service.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on early retirement date reduced by 5.00% for each year early retirement date precedes normal retirement date. However, if a participant attains age 62 with 10 years of vesting service, the accrued benefit is reduced by 4.00% for each year early retirement date precedes normal retirement date.

Late retirement benefit

Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	Benefit accrued to late retirement date. Participants who continue to work past normal retirement date and who work 40 or more hours per month are required to receive notification that retirement benefits are suspended. For an employee who has a severance from employment prior to his normal retirement date or who terminates after normal retirement date and elects to defer his benefit, the accrued benefit payable on his late retirement date shall be actuarially increased and shall be equal to the actuarial equivalent of the retirement benefit that would have been paid on his normal retirement date.

Termination benefit

Vesting percentage	100% after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Plan Name:	Grange Holdings, Inc. Retirement Income Plan
EIN / PN:	83-2949300 / 001
Plan Sponsor:	Grange Holdings, Inc.

SCHEDULE SB ATTACHMENTS

Death benefit

Eligibility	Qualified married participant vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	<p>If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day. If a participant dies on or after his satisfaction of normal retirement date requirements, but prior to receiving his retirement benefit, 100% would be substituted for the 50% mentioned above.</p> <p>If an unmarried participant dies after his satisfaction of normal retirement date requirements, but prior to receiving his retirement benefit, a death benefit is payable to the unmarried participant's beneficiary under the optional form of payment as elected by the participant at the date of his death and assuming that his retirement benefit has started the day before his death. If no election had been made prior to death, he shall be deemed to have elected a life annuity with a monthly pension guaranteed for a period certain of 240 months.</p>
