Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of February 1, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended February 1, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 1, 2024 and December 31, 2023, and for the period ended February 1, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 – Plan Description

The following description of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Elgin Fastener Group, LLC and affiliates (the “Company”), except non-resident aliens, union employees, and leased employees, as defined. The Plan provides for dual eligibility with respect to participant deferrals and employer matching contributions. Employees are eligible to participate and receive employer matching contributions upon completion of 3 months of service.

In September of 2023, Elgin Fastener Group, LLC was acquired by MW Industries, Inc. As a result, the plan was amended effective January 1, 2024 to freeze all future contributions. The Plan’s assets were transferred to the MW Industries, Inc. Consolidated Employer Retirement Savings Plan on February 1, 2024 as part of a Plan merger.

Contributions

Each year, participants could contribute up to 90% of their eligible compensation, subject to the maximum allowable under the *Internal Revenue Code (IRC)*. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants also contributed amounts representing distributions from other qualified defined benefit or contribution plans. Participants directed the investment of contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

The Plan included an auto-enrollment provision whereby eligible employees were automatically enrolled and deferrals of 3% of eligible compensation commenced. These automatic deferrals were set to increase by 1% each year, to a maximum of 6%. Employees were able to decline participation in the Plan.

The Company made safe-harbor matching contributions under a Qualified Automatic Contribution Arrangement (QACA) equal to 100% of the first 2% of compensation plus 50% of the next 4% of compensation, up to a maximum of 4%.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s safe-harbor matching contributions, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company’s matching and additional discretionary contribution portions of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested in Company matching and profit sharing contributions after two years of credited service.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to reduce employer contributions, restore participant accounts, or offset plan expenses. At December 31, 2023, forfeited non-vested accounts of terminated participants totaled \$1,729. During the period ended February 1, 2024, all forfeited non-vested amounts were transferred as part of the merger.

Notes from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms range from one to five years unless the note is for purchase of a primary residence, in which case the term will be 10 years. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate ranged from 4.25% to 9.50% during the period ended February 1, 2024, prior to the merger. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution, installment payments, or partial payments equal to the value of the participant's vested interest in his or her account. In-service withdrawals are available for hardships or upon a participant attaining age 59 ½, as defined by the Plan.

Administrative Costs

Plan administrative expenses may be paid by the Company or the Plan on a discretionary basis.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Notes to Financial Statements

February 1, 2024

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from Participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 17, 2024, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The Plan was invested in the Galliard Stable Value Return Fund C (formerly Wells Fargo Stable Value Fund C) as of December 31, 2023 and during the period ended February 1, 2024, prior to the merger. This investment is wholly invested in Galliard Stable Value Return Fund Core (formerly Wells Fargo Stable Return Fund G). This investment is composed primarily of investment contracts and security-backed contracts and is valued at the net asset value of units of the Galliard Stable Value Return Fund Core. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Notes to Financial Statements

February 1, 2024

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023. As a result of the merger, there were no assets held at the end of the period February 1, 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2023</u>		
Mutual funds	\$ 26,785,047	\$ 26,785,047
Investments measured at NAV ^(a)	1,332,028	-
Investments at fair value	\$ 28,117,075	\$ 26,785,047

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at December 31, 2023.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
<u>December 31, 2023</u>				
Galliard Stable Return Fund C	\$ 1,332,028	None	Daily	12 months

Note 4 – Investment Contracts

At December 31, 2023, and during the short period prior to the merger, the Plan had investments in the Galliard Stable Return Fund C (formerly Wells Fargo Stable Value Fund C), which invests wholly in the Galliard Stable Value Return Fund Core (formerly Wells Fargo Stable Return Fund G). The Galliard Stable Value Return Fund Core primarily invests in investment contracts and security-backed contracts issued by insurance companies and other financial institutions. These contracts are considered to be benefit-responsive and are required to be stated at fair value. The average yields for Galliard Stable Value Return Fund Core are as follows:

	December 31, 2023
Based on annualized earnings	<u>2.87%</u>
Based on interest rate credited to participants	2.93%

The objective of the Galliard Stable Value Return Fund C is to provide investors with a moderate level of stable income without principal volatility. However, there is no assurance that this objective will be achieved.

Note 5 – Related Party and Party-in-Interest Transactions

Officers or employees of the Company perform certain administrative functions. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

The Plan uses an investment provider, CBIZ, that is a party-in-interest. Fees paid to the investment advisor were \$7,597 for the period ended February 1, 2024.

Plan participants directed their investments in funds issued and managed by the Plan Trustee. Investments in funds issued by the Trustee are considered related party transactions. Fees paid to the Plan Trustee by the Plan for investment management and administrative services were \$16,033 for the period ended February 1, 2024.

Note 6 – Tax Status

The Plan was restated effective April 19, 2022 to a non-standardized pre-approved plan sponsored by Fidelity Management & Research Company. Fidelity Management & Research Company received a letter from the Internal Revenue Service dated June 30, 2020, stating that its non-standardized pre-approved plan is designed in accordance with applicable sections of the *IRC*. The Plan has been amended; however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 1, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
