DOWNEY & COMPANY, LLP

CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditor's Report

To the Trustees and Participants of
Pandrol USA LP 401(k) Savings Plan
Memphis, TN 38116

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pandrol USA LP 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pandrol USA LP 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pandrol USA LP 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pandrol USA LP 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Pandrol USA LP 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

Pandrol USA L.P. (the “Company”) established a 401(k) plan effective April 1, 1989, known as the Pandrol USA L.P. 401(k) Savings Plan (the “Plan”) for the exclusive benefit of its eligible employees. The Plan was restated effective January 1, 2022.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained the age of eighteen. There is no service requirement. As of January 1, 2020, eligible employees are automatically enrolled in the plan on the first enrollment date following his or her employment commencement date. Enrollment dates are the first day of the month following the eligible employee’s election. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan an amount equal to a stated dollar value or percentage of their annual gross compensation, up to the maximum amount allowed by the IRS, including catch-up contributions for participants aged 50 or older, as defined in the Plan. Participants may also make discretionary after-tax contributions and contribute amounts representing distributions from other qualified plans, subject to the rules of the Plan.

The Plan is designed as a safe-harbor plan under Code Section 401(K). The Company makes contributions to the plan accounts of eligible participants in a designated percentage or dollar amount. If participants contribute between 1%-3% of eligible compensation, then the Company’s safe harbor matching contribution will be 100% of their contribution. If participants contribute 4% or more of compensation, the Company’s safe harbor contribution will match 100% of the first 3% of compensation and 50% of the next 2% of compensation with a maximum of a 4% match. Safe harbor contributions are made on elective deferrals each pay period.

The Plan also has a Company contribution known as “Target Contributions”. Participants are eligible to receive this contribution if they were an active participant in the Pension Plan of Pandrol USA L.P. (the “Pension Plan”) as of December 31, 2010 (the Pension Plan was frozen March 31, 2011) and were employed by the Company on December 1, 2011. This group of eligible participants must also work over 1,000 hours during the year. Participants are not required to make elective contributions in order to receive the Target Contribution. The Target Contribution is calculated by adding 2% of average compensation times the first 15 years of projected years of service, plus .8% of average compensation times the next 15 years of projected years of service (up to 42%), plus .3% of average compensation in excess of covered compensation times projected years of service (to a max of 30 years), and subtracting their accrued benefit earned under the Pension Plan. Participants’ projected years of service is based on working until normal retirement age which is 65. Projected average compensation before age 61 assumes compensation in the prior year will be the same in future years. For participants over 61, projected average compensation is based on both past and current compensation. Target Contributions are limited to a maximum of 15% of an eligible participant’s compensation as defined by the Plan. The calculation for the Target Contribution is done by an actuary using a present value factor and IRS mortality tables. There is no set due date on which the contribution must be made. The Plan recorded target contribution receivables (included in employer contributions receivable) of \$13,186 and \$12,154 as of December 31, 2023 and 2022, respectively, which were paid to the Plan in the subsequent year respectively.

Participants' Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution(s) and, (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their pre-tax, Roth and rollover contributions, Employer Non-Matching Contributions (“Target Contributions”), and Company safe-harbor contributions, and actual earnings thereon. Vesting in the Company’s discretionary contributions (excluding safe-harbor and target contributions) of their accounts plus actual earnings thereon is

Pandrol USA LP 401(k) Savings Plan**Notes to Financial Statements****December 31, 2023 and 2022**

based on years of continuous service. A participant becomes 20% vested after two years of credited service and an additional vesting of 20% each year thereafter until after six years, whereupon the employee is 100% vested.

Forfeited Accounts

Forfeitures only apply to the Company's discretionary contributions to the Plan (excluding safe-harbor and target contributions). The total balance of all forfeitures of non-vested accounts at December 31, 2023 and 2022, was \$510 and \$461, respectively. Forfeitures may be used to reduce Company contributions. For the years ended December 31, 2023 and 2022, no forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty (50) percent of their vested interest. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range to a maximum of five (5) years (the term may be extended for acquisition of a principal residence); however, the term of any loan may not extend beyond the participant's normal retirement date, as defined in the Plan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with regional bank notes for similar loans. Principal and interest are paid ratably through weekly payroll deductions. Interest rates range from 4.25% to 9.50%.

Payment of Benefits

After participants reach age 59-1/2, they may withdraw all or a portion of their vested account balance at any time and for any reason. Prior to age 59-1/2, in-service withdrawals from the Plan are not allowed, except for financial hardships. On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Note 2 - Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net gain (loss) on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common/Collective Trusts

The Plan has an investment, the T. Rowe Price Stable Value Fund, in a common/collective trust. Common collective trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Pandrol USA LP 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Note 3 - Funding Policy

Participating employees may make elective contributions to the Plan, pursuant to Internal Revenue Code Section 401(k). The Company makes matching and non-matching contributions to the plan accounts of eligible participants in a designated percentage or dollar amount. The Plan is designed as a safe-harbor plan under Code Section 401(K). For the years ended December 31, 2023 and 2022, the matching contributions paid by the employer were \$312,248 and \$307,173, respectively, and Company non-matching contributions were \$13,186 and \$12,154, respectively.

Note 4 - Information Certified by Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by Newport Trust Company as complete and accurate and was not subjected to any auditing procedures performed by the independent public accountants:

	12/31/23 (Unaudited)	12/31/22 (Unaudited)
Investments, At Fair Value:		
Common Collective Trusts	\$ 1,496,998	\$ 2,310,800
Registered Investment Companies	7,117,593	6,468,648
Receivables:		
Participant Notes Receivable	138,282	113,533
Investment Income:		
Net Investment Income (Loss)	1,018,149	
Dividends and Interest	258,310	
Other Additions:		
Interest on Participant Notes Receivable	5,181	

Note 5 - Investments

The Plan's investments are administered by the Newport Group and held in a trust fund by Newport Trust Company.

During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,018,149 .

Note 6 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

Pandrol USA LP 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under US GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlations or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common Collective Trust: Reported at fair value using the net value ("NAV") of shares held by the Plan at year end and not classified in the fair value hierarchy in accordance with ASC subtopic 820-10. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level I of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Common Collective Trusts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Payment Period
Common Collective Trusts	\$ 1,496,998	n/a	Daily	Up to 12 months

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Payment Period
Common Collective Trusts	\$ 2,310,800	n/a	Daily	Up to 12 months

The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions.

Note 7 – Party-in-Interest and Related Party Transactions

Certain Plan investments are in common/collective trusts, registered investment companies, and mutual funds managed by Newport Trust Company. Newport Trust Company is the Plan Trustee and, therefore, these transactions qualify as party in interest transactions as identified on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company also pays for certain recordkeeping fees for the Plan.

Pandrol USA LP 401(k) Savings Plan
Notes to Financial Statements

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 9 - Tax Status

The Company adopted a Prototype Standardized Profit Sharing 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on September 5, 2014. The favorable opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Note 11 - Subsequent Events

The Plan evaluated subsequent events through the date of the Auditor's Report, which is the date the financial statements were issued.
