Independent Auditor's Report

To the Administrative Committee of
the **AMRYT Pharmaceuticals, Inc. 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the accompanying financial statements of AMRYT Pharmaceuticals, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of January 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the one-month period ended January 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AMRYT Pharmaceuticals, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 31, 2024 and December 31, 2023, and for the one-month period ended January 31, 2024, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AMRYT Pharmaceuticals, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report--Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AMRYT Pharmaceuticals, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMRYT Pharmaceuticals, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AMRYT Pharmaceuticals, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

AMRYT Pharmaceuticals, Inc. 401(k) Plan

One-Month Period Ended January 31, 2024

NOTE A -- DESCRIPTION OF PLAN

The following brief description of the AMRYT Pharmaceuticals, Inc. 401(k) Plan (“the Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (“the Code”) established to provide retirement benefits for all employees of AMRYT Pharmaceuticals, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was frozen prior to the merger into the Chiesi USA, Inc. 401(k) Retirement Plan.

Merger: Effective April 2023, the Company was acquired by Chiesi Farmaceutici S.p.A. (“Chiesi”). Chiesi’s management approved the Plan to be merged with the Chiesi USA, Inc. 401(k) Retirement Plan (“Retirement Plan”). The assets of the Plan (\$17,120,496) including notes receivable from participants (\$59,578), and a true-up contribution receivable (\$80,353) were transferred into the Retirement Plan on January 31, 2024.

Eligibility: Employees are eligible to participate in the Plan upon their date of hire.

Contributions: Participants may contribute between 1% and 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. No participant contributions were made to the Plan during the one-month period ended January 31, 2024. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant.

The Company may make a discretionary matching contribution. The Company did not make any discretionary matching contributions to the Plan for the one-month period ended January 31, 2024. The Company made a \$80,353 true-up contribution to the Retirement Plan on behalf of the Plan participants in June 2024 for the year ended December 31, 2023. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (IRC).

Participant Accounts: Each participant's account is credited with the participant's contributions, Company contributions and allocations of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Directed Investment Accounts: Participants may direct their contributions into any of the funds offered by the Plan, which are held at Fidelity Management Trust Company (Fidelity). These funds include a variety of investment options with various objectives and degrees of financial risks.

Vesting: Participants are immediately vested in their deferral and rollover contributions and the Company's contributions, including the earnings on those amounts.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to 10 years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. At January 31, 2024, there were no notes receivable from participants. At December 31, 2023, the notes bear interest at rates ranging from 4.25% to 9.50% and are due at various dates through January 2028. Participants may only have two loans outstanding at any given time. Generally, principal, and interest are paid ratably through payroll deductions.

NOTE A -- DESCRIPTION OF PLAN--Continued

Payment of Benefits: Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the IRC. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59 1/2. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Revenue Sharing: The Plan holds assets in a plan expense account which receives deposits as a result of a revenue sharing arrangement with Fidelity. During 2024, deposits to the account totaled \$0. Funds in the account are used to pay qualified Plan expenses or reallocated back to Plan participants. The revenue sharing account totaled \$0 as of January 31, 2024 and \$8,593 as of December 31, 2023.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefit payments are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Date of Management's Review of Subsequent Events: The Plan has evaluated subsequent events through November 5, 2024, the date which the financial statements were available to be issued.

NOTE C -- FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2024 and December 31, 2023.

Money Market and Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: The common and collective trusts are composed primarily of fully benefit-responsive investment contracts and are valued at the net asset value (NAV) of the units held of the collective trust. The NAV is used as a practical expedient to estimate fair value. Investments in common and collective trusts provide for daily liquidity and have no redemption features or other restrictions.

NOTE C -- FAIR VALUE MEASUREMENTS--Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2024 and December 31, 2023:

<u>Assets at Fair Value as of January 31, 2024</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market and mutual funds	\$ 0	\$ 0	\$ 0	\$ 0
Total assets in fair value hierarchy	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	
Investments measured at NAV practical expedient				<u>0</u>
Total				<u>\$ 0</u>

<u>Assets at Fair Value as of December 31, 2023</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market and mutual funds	\$ 19,293,378	\$ 0	\$ 0	\$ 19,293,378
Total assets in fair value hierarchy	<u>\$ 19,293,378</u>	<u>\$ 0</u>	<u>\$ 0</u>	
Investments measured at NAV practical expedient				<u>62,103</u>
Total				<u>\$ 19,355,481</u>

Transfers Between Levels: The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the one-month period ended January 31, 2024, there were no transfers in or out of levels 1, 2, or 3.

NOTE D -- RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of Fidelity. Fidelity is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment and administrative expenses paid by the Plan to Fidelity or its affiliates totaled \$15,338 for the one-month period ended January 31, 2024. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE E -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

The Company merged the Plan with the Chiesi USA, Inc. 401(k) Retirement Plan effective January 31, 2024.

NOTE F -- TAX STATUS

The Plan has adopted a nonstandardized prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE G -- RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market risks and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

NOTE H -- INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has elected that information certified by the trustee has not been subjected to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements. Accordingly, the trustee has certified that the following data included in the accompanying financial statements is complete and accurate at January 31 and December 31:

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 0	\$ 19,355,481
Notes receivable from participants	0	59,578
Investment income	61,461	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.
