The Corporation is party to an affiliation agreement as a component unit with Westchester County Health Care Corporation (“WCHCC”), d/b/a Westchester Medical Center Health Network (“WMC”). WCHCC is the sole corporate member of the Corporation and as a result, the Corporation is considered a blended component unit of WCHCC.

The Plan is a defined contribution plan covering all of the employees of HealthAlliance Hospital - Mary’s Avenue Campus and Margaretville Hospital and its affiliate Margaretville Nursing Home, Inc. d/b/a Mountainside Residential Care Center (collectively the “Hospital”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan on the date their employment begins with the Hospital. Employees are also eligible for the employer match contributions and the employer non-elective contributions once they have met the one year service requirement as defined in the plan document.

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (the “Code”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective February 15, 2023, the Plan was amended to make additional catch-up contributions eligible for participants who attained age 50 by December 31.

For Mary’s Avenue Campus employees, the Hospital makes a matching contribution of 100% of the participant’s deferral contribution up to a maximum of 2% of their eligible compensation on a bi-weekly basis. All other participants will receive a matching contribution equal to 50% of the participant’s deferral contribution up to a maximum of 5% of their eligible compensation.

1. Description of Plan *(continued)*

Contributions (continued)

The Hospital's non-elective contribution is based on two allocation groups. Group A: participants classified by the Employer as NYSNA represented registered nurse and Group B: all other participants. The formula used during the 2023 Plan year was 2% of eligible compensation and was only made for Group A participants.

Effective February 15, 2023, the Plan was amended to include an automatic enrollment feature whereby employees whose employment commenced on or after April 1, 2022 would be automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 5% of their eligible compensation. The amount will be deducted on a pre-tax basis.

Vesting

A participant is 100% vested in their contributions and the Hospital matching contributions including allocated earnings thereon at all times. Participants vest in the Hospital non-discretionary contributions based on the following table:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
1	0%
2	25%
3	60%
4	80%
5	100%

Forfeitures

At December 31, 2023 and 2022, forfeited account balances were \$31,669 and \$40,570. These accounts may be used to reduce future Employer contributions or Plan expenses. During 2023, no forfeitures were used to reduce Employer contributions and \$24,693 of forfeitures were used to reduce Plan expenses.

Plan Expense Account

The Plan and Empower Retirement Services entered into a service-based pricing arrangement whereby a portion of the revenue earned by certain Plan investments is passed through to the Plan for payment of permitted Plan expenses. The Plan Expense Account is a nonparticipant directed account within the Plan. At December 31, 2023 and 2022 the Plan Expense Account balance was \$23,299 and \$13,329. During 2023, \$55,993 from the Plan Expense Account was used to reduce Plan expenses.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Hospital's contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability and hardship.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at 1% over the prime rate and are secured by the participant's account. Principal and interest are repaid through payroll deductions in equal payments over the term of the loan (up to five years). The Plan permits longer repayment terms for loans made for the purchase of a principal residence. A participant may have no more than two outstanding loans from the Plan at any time.

Expenses

Certain expenses related to maintaining the Plan are paid by the Hospital and are excluded from these financial statements. Any expenses not paid by the Hospital are paid by the Plan. Investment related expenses are included in net appreciation in value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2023 and 2022, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the insurance company general accounts, which is stated at contract value since they are fully benefit-responsive. The mutual funds are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These funds are deemed to be actively traded. The insurance company general accounts are valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as a deemed distribution.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 6, 2024.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2023 and 2022, and the net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company, Transamerica Financial Life Insurance Company, Lincoln Life and Annuity Company of New York, Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, qualified institutions.

4. Insurance Company General Accounts

TFLIC Insurance Company/General Account

The TFLIC Insurance Company/General Account (the “Account”) consists of two fully benefit-responsive contracts with Transamerica, which are the Fixed Fund and the Stable Fund.

The TFLIC Fixed Fund (“Fixed Fund”) provides participants with book value distributions at retirement and other events as described in the group annuity contract. Both principal and interest are guaranteed by TFLIC. The Fixed Fund is supported by TFLIC's general account. The general account of TFLIC invests in investment grade fixed income securities, including U.S. Government, Agency, and corporate issues; as well as individually underwritten mortgage loans, and private placements. Interest is declared quarterly for new deposits received during that quarter and are guaranteed for the balance of that calendar year. Renewal rates are declared annually on a calendar year basis for existing assets. No monies may be transferred by participants to fixed income funds (competing funds). Funds transferred to non-fixed income funds may not be transferred to fixed income funds or back to the Fixed Fund for 90 days. Monies transferred back to the Fixed Fund or withdrawn within the 90 day period are subject to a 5% charge. Monies withdrawn or transferred by the Employer and monies withdrawn by participants not due to benefit withdrawals, hardships and loans may be subject to a withdrawal charge.

The TFLIC Stable Fund (“Stable Fund”) is provided under a group annuity contract issued by TFLIC. The Stable Fund seeks to provide maximum yield consistent with a guarantee of principal. The Stable Fund provides participants with book value distributions at retirement and other events as described in the group annuity contract. Both principal and interest are guaranteed by TFLIC. The Stable Fund is supported by TFLIC's general account. The general account of TFLIC invests in investment grade fixed income securities, including US Government, Agency, and corporate issues; as well as individually underwritten mortgage loans, and private placements. No monies may be transferred by participants to fixed income funds (competing funds) except at a segment maturity date. Monies transferred to non-fixed income funds may not be transferred to fixed income funds or back to the Stable Fund for three months. Monies withdrawn or transferred from the Stable Fund by the Employer at any time and/or by participants during the 6-month period preceding contract suspension may be subject to restriction and/or adjustment in accordance with contract provisions.

4. Insurance Company General Accounts (*continued*)

TFLIC Insurance Company/General Account (continued)

The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A as of December 2023), Moody's (A1 as of August 2023), and S&P Global (A+ as of May 2024).

New York Life Guaranteed Interest Account

The New York Life Guaranteed Interest Account ("GIA") is a fully benefit-responsive general account group annuity contract that guarantees principal and accumulated interest. Guarantees are provided to participating retirement plans through a group annuity contract issued by New York Life Insurance Company ("New York Life"). Contributions are invested in a fixed income portfolio within New York Life's general account. The GIA crediting rate is subject to change every six months following the first contract year.

The GIA group annuity contract provides that, subject to certain restrictions, withdrawals for benefit payments be made at contract value for events such as death, retirement, disability and termination of employment in the normal course of business. In-service withdrawals permitted by the Plan, such as loans, hardship and other eligible in-service withdrawals will also be paid at contract value. Payment for transfers to other non-competing investment options in the Plan's investment lineup will also be made at contract value, subject to certain restrictions for competing investment options.

The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A++ as of February 2024), Moody's (Aaa as of November 2023), Standard and Poor's (AA+ as of August 2023), and Fitch (AAA as of October 2023).

Lincoln Fixed Account

The Lincoln Fixed Account provides a guarantee of principal and interest. Assets in the Fixed Account are part of the general assets of the issuing company and are subject to the claims paying ability of that company.

Contributions allocated to the Lincoln Fixed Account are guaranteed to be credited with a minimum interest rate, as specified in the contract. Lincoln has an internal committee that reviews and sets interest rates quarterly based on a variety of proprietary factors. Lincoln's standard crediting methodology is to apply a portfolio interest rate to the Lincoln Fixed Account. That is, a single interest rate applies to the entire balance of the participant's Lincoln Fixed Account. The declared portfolio interest rate is published quarterly in advance of the quarter for which the rate will be effective. The rate of interest actually credited to the Fixed Account will be the greater of the declared rate of interest or the guaranteed minimum interest rate specified in the contract. The standard guaranteed minimum interest rate is 3.00%. A participant may transfer or withdraw all or a portion of his or her Fixed Account balance without limitation.

Lincoln Fixed Account (continued)

The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A as of December 2023), Moody's (A2 as of October 2023), S&P (A+ as of July 2024), and Fitch (A+ as of July 2024).

5. Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Plan Records Management

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

7. Tax Status

The Plan was formed using a prototype plan which the Internal Revenue Service ("IRS") has determined and informed the applicant by letter dated March 31, 2017 that the prototype plan and related trust are designed in accordance with applicable sections of the Code. Plan management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Notes to Financial Statements

8. Party-in-Interest Transactions

Certain Plan investments are managed by custodians of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

10. Financial Position of Plan Sponsor

The Plan administrator has informed us that the Hospital has concluded that as of December 31, 2023 and for the year then ended, as a result of financial condition, there is substantial doubt about the Hospital's ability to continue as a going concern.
